Had There Been No Roosevelt.

The Elephants and Big Boy.

War Might Teach Us.

By ARTHUR BRISBANE

WASHINGTON reports that the President will ask Congress for an emergency appropriation of eleven hundred and sixty-six million dollars to carry the Civil Works Administration, Civilian Conservation Corps and direct federal relief. He hopes "to taper off the Civil Works Program and wind it up in May."

Every Keeley cure and sanitarium for drug addiction will tell you that "tapering off" is difficult, uncertain work, but if, as announced, the President is "determined to keep the amount within the limits announced in his message to Congress," he will do it.

His hope is that in a short time four million men now on the government payroll will find "normal, outdoor work."

YOU MAY sympathize with President Roosevelt for one reason. He will never be able to learn on this earth, although the Judgment Day may reveal it to him, just how much he has done for the United States.

He can never tell what would have happened if he had NOT appeared upon the scene, *taking action immediately*, scattering jobs and money, setting precedent aside, ignoring highly organized finance that in all sincerity thinks itself the only divinely chosen trustee and manager of the United States government.

He found twelve million men idle, and many of them in ugly mood. What would have happened if he had not poured out billions of dollars, creating millions of jobs, and taken from the highways an army of wandering young men and boys that might easily have formed dangerous marauding bandit gangs?

YOU NEVER can tell how human beings will respond under given circumstances. Ferrero, in his thick volume on Caesar, tells of a great new "circus," for gladiator and wild beast fights, opened in Rome.

Unhappy elephants, hunted to their death, horribly wounded, uttered such piteous cries that the crowd of then degenerate Romans, deeply touched, would have stopped the brutality could it have done so.

Ferrero remarks that the same crowd drew exquisite delight from the dying agonies of a human gladiator. The sight and sound of huge elephants, trumpeting, whimpering in their agony, were new, and the brutal crowd almost shed tears.

BOB BRADY, nicknamed "Big Boy," desperado, and frequent jail breaker, escaped for the last time with three fellow-convicts. Cornered by the Sheriff, with a posse of National Guardsmen, and others heavily armed, "Big Boy" shouted:

"Come on, boys, let's fight!"

He drew a sawed-off shotgun from under his coat, and went at the forty men while his three friends threw up their hands. "Big Boy" is dead, full of bullets. The public is glad, and that ends him.

If, in "No Man's Land," "Big Boy," with only three comrades, had dashed at forty well-armed Germans, crying: "Let's fight!" he would be one of a million minor heroes. It all depends on the motive.

RUSSIA AND Japan still talk war, Russia loudly, Japan quietly. The Japanese Emperor, which means his military advisers, alone can declare war. Nobody speaks for the Emperor until the time has come to act.

This country hopes for no war, but if war should come, the United States might learn valuable lessons about future wars. We should see in that war tens of thousands gassed, cities destroyed from the clouds, inhabitants sent rushing into the country to escape gas in the streets, as once, in wartime, country inhabitants rushed to cities for protection. Russian fire bombs would destroy tens of thousands of the highly inflammable Japanese dwellings.

Many disagreeable things would be learned in such a war.

THIS COLUMN said, more than twenty years ago, and has often said since, that around-the-world transportation in the future will operate as follows:

Gigantic airships, sailing at least six miles above the earth, where there are no clouds or wind, will sail round and round, dropping passengers at New York, Paris, Tokio, Peiping, in small swift planes, that will land them at their destination and rejoin the big ships.

Some called that fanciful "imagination."

Now the Waco Aircraft Corporation has received contracts to build two planes, to be attached to the dirigible Macon, "to permit landing of passengers while the dirigible is in the air," instead of bringing the huge airship down to land groups of passengers.

O'MALLEY AIDE HELD IN NUMBER POOL

'Auto Tag Girl,' Bride for Day, Given Divorce

JOSEPHINE B. WAXMAN

TELLS OF QUICK DESERTION

Josephine Bennett, the "traffic-tag girl," who was a bride for a day, was free today—free from the bonds of matrimony.

Josephine was granted a divorce from Malcolm H. Waxman, merchant, whom she married May 9, 1930, at Hollidays Cove, W. Va.

Josephine testified she was deserted on the very day of her wedding. Her husband, she complained, told her to go home with the assurance he'd telephone her the next day.

But it seems he didn't. And Josephine said when she called his home in Bartlett street, Squirrel Hill, his mother said her son had been transferred to Chicago.

Josephine has been in the papers several times for neglecting tags which traffic police bestowed upon her.

Noted Scientist Ill, Tut 'Curse' Linked

BOSTON, Jan. 24.—(INS.)—The legendary "curse" of the Egyptian Pharoah Tut Ankh-Amen was recalled today with the revelation Albert M. Lythgoe, noted Egyptologist who was among those present when the sarcophogus of the ancient king was broken open in 1924, is seriously ill at the Massachusetts General Hosptial.

Twenty persons concerned directly or otherwise with the excavations have died since the tomb was first found in 1923 by Lord Carnarvon, who died from an insect bite.

NET SPREAD FOR BANKER KIDNAPERS

Sankey and Alcorn Hunted; $200,000 Ransom Unpaid

CHICAGO, Jan. 24.—(AP.)—The search for the kidnapers of Edward G. Bremer, wealthy St. Paul banker, was believed to have been taken up in Chicago today when a number of detective bureau squads were ordered to assist Federal Secret Service agents in guarding railroad stations.

They were on watch for two widely known kidnapers, supposedly on their way here from St. Paul.

The men sought were reported to be Verne Sankey, 42, and Gordon Alcorn. They were indicted by a federal grand jury at Denver, March 29, 1933, for the kidnaping of Charles Boetcher II, wealthy Denver resident, but never were apprehended.

Although police refused to discuss the case, it was learned that squads under the command of Chief of Detectives William Schoemaker were detailed to the La Salle street, Union, Northwestern and Schiller Park railroad stations, with instructions to assist federal agents whom they would meet there.

$200,000 Still Unpaid, Family Friend Says

ST. PAUL, Jan. 24.—(AP.)—The $200,000 ransom demanded by kidnapers for the release of Edward G. Bremer, wealthy St. Paul banker, had not been paid up to 3 a. m. today, well authenticated sources close to the family said.

State highway patrolmen said this bore out their investigation of the story told by Harry Bachman, St. Paul salesman, who yesterday advanced the theory he might have stumbled across the kidnapers as they drove along a highway north of here to keep the purported pre-arranged meeting.

Bachman related how he was bottled up between two automobiles north of Hinckley, Minn., and was prevented from forging ahead by the jockeying of the two cars. After several miles, when he finally succeeded in drawing up alongside of the leading car, he was told to "beat it" and he speeded away.

Investigators pointed out this occurred at about 2:15 p. m., while the ransom money was known to have been keptt in St. Laul up to 12:30 p. m. today. The scene of Bachman's experience is in the vicinity where the $100,000 ransom was paid last June for release eof William Hamm, Jr., millionaire brewer held prisoner almost four days.

LaGuardia Suffers Attack of Grip

NEW YORK, Jan. 24.—(AP.)—A chance visit by a physician nipped what might have been a serious illness for Mayor F. H. LaGuardia.

Dr. S. S. Goldwater, commissioner of hospitals, visiting the Mayor yesterday, noticed he looked ill, and found he had a slight fever. The Mayor left City Hall shortly afterward and spent the rest of the day in bed with a mild case of grip.

Nazis Try Priests For Atrocity Tales

MUNICH, Jan. 24.—(AP.)—Guarded by heavy detachments of police, three Catholic priests went on trial today charged with spreading atrocity stories concerning conditions in Germany.

The defendants, Fathers Emil Muhler, Oscar Thaler and Hans Sollacher were brought from a concentration camp where they have been held for several months.

Lupe and Johnny Separate to End Marital Battle

LUPE VELEZ

FILM STAR PAIR 'K. O.'S' CUPID

International News Service.

HOLLYWOOD, Jan. 24.—Lupe Velez, fiery little Mexican film actress, and her husband, Johnny Weissmuller, actor-swimmer, have separated, Miss Velez announced today.

Little Lupe declared:

"I guess it's Hollywood. It's no use. We fight. We fight. We fight.

"It's nfty-fifty. I don't put the blame on him. I don't put the blame on myself. We just can't get along together."

They were married secretly at Las Vegas, Nev., last October 8.

The couple drove from Hollywood to Las Vegas and obtained a marriage license. Returning to Hollywood, they denied a ceremony had been performed. However, a month later Lupe admitted the marriage and said:

"I love him, my Johnny, very, very much."

But today she said:

"Johnny goes away from our house today. I don't think Lupe take him back."

Weissmuller, when questioned about his wife's announcement, remained silent.

Friends of the pair were somewhat puzzled by the appearance of Lupe and her Johnny together last night as usual at the Olympic Auditorium fights. However, Miss Velez insisted they were going through with the separation.

Winter's Worst Fog Blankets London

LONDON, Jan. 24.—(AP.)—Nearly 7,000 square miles of London and surrounding territory were blotted out today in the worst fog of this foggy January and the most demoralizing fog of the winter.

Tens of thousands of commuters were delayed as trains, buses and trams were compelled to move slowly. More than a score of persons were injured in collisions.

Woodin, Improving, Allowed to Sit Up

TUCSON, Ariz., Jan. 24.—(INS.)—In Arizona to recover from a throat ailment, William Woodin, formeraly Secretary of the Treasury, is showing steady improvement, according to an announcement today of physicians, who said that Woodin now is allowed to sit up two hours daily.

CAFE GIRL, MINISTER ELOPE

Ex-New Kensington Pastor Wed to Hostess

A New Kensington minister, who is also an instructor at Duquesne University, eloped to Wellsburgh, W. Va., today and was married to the hostess of a downtown restaurant.

Percy K. Jones, minister, instructor and also a lawyer, marched up a figurative aisle with attractive Sarah (Sally) Campbell, hostess in the Pittsburgher and Union Grills.

Immediately after the ceremony they hurried back to Pittsburgh, registered at the William Penn Hotel. This afternoon Jones had to desert his bride for a few hours to appear in Common Pleas Court for a law client.

Until recently Jones was the pastor of St. Andrew's Church in New Kenesington. At Duquesne University he is an instructor in political science.

In obtaining their marriage license Jones said he had been born in England.

Miss Campbell has been living with her family at 1425 Forsythe street, North Side.

Jones excited the admiration of one and all in Wellsburg by distributing $10 bills to the marriage license clerk and to the cab driver who piloted the newlyweds.

The bridegroom is in his thirties, the bride a few years younger.

Jones came into prominence in September, 1932, when, after as a lawyer, he had helped to convict one Tony Alosio of murder in Greensburg, he turned around and tried to gain freedom for the defendant because of last-minute surprises in the testimony his own witnesses gave.

Harris Dinner Here May Boom Phillips

HARRISBURG, Jan. 24.—(INS.)—Thomas W. Phillips, Jr., of Butler, will announce his candidacy for the Republican nomination for Governor within the next week, according to reports here. Phillips recently declined an appointment to a place on the State Liquor Control Board.

Phillips' announcement was expected before Tuesday evening when a dinner is to be held in Pittsburgh in honor of State Senator Frank Harris. The dinner is expected to develop into a gubernatorial boom.

Papal Representative Slain By Bandits

LONDON, Jan. 24.—(INS.)—Mnsgr. Imhof, apostolic prefect of Tsitsihar, today was reported to have been murdered by train bandits in the Far East.

According to a Central News dispatch from Rome, Osservatore Romano, official organ of the Vatican, said Mnsgr. Imhof was slain with numerous other passengers as brigands held up the Trans-Siberian Express.

Kidnaper Identified By Son of Factor

CHICAGO, Jan. 24.—(AP.)—Jerome Factor, 20-year-old son of John Factor, former barber and speculator, who gained a stay from extradition to England on a $7,000,000 swindle charge to testify in his kidnap trial, today identified a picture of the late Willie Sharkey, Touhy gangster, as one of the men who kidnaped the elder Factor, July 1.

3 Hunters Break Through Ice, Perish

JACKSON, Mich., Jan. 24.—(AP.)—Missing since they started on a hunting trip, bodies of three men were found yesterday in Portage Lake. Apparently they had broken through the ice, weakened by warm weather.

The men were Herman Tisch, 30; Raymond Hoffman, 30, and his brother, Verne, 24.

Southern Cross Arrives in Brazil

NATAL, Brazil, Jan. 24.—(AP.)—The French seaplane Southern Cross arrived today after a 575-mile flight from Bahia.

Token Payments by Europe Part of Scheme to Sell Debt Reduction Idea to U. S. People

This is the third of five articles by William Hillman, London representative and chief of staff of the European correspondents of the Hearst papers.

Mr. Hillman's articles, obtained from state documents or authoritative statements of foreign government officials, probably will give America a clearer insight into the attitude and objectives of the Washington administration than can be obtained from news sources here at home.

By WILLIAM HILLMAN

AGENTS OF THE administration at Washington have categorically informed European debtor nations that American public opinion must be PREPARED by gradual stages TO ACCEPT THE IDEA OF WAR DEBT REVISION.

The token payments by Great Britain and Italy are considered essential STAGES in this preparation.

Agents and spokesmen of the administration outlined a scheme for reducing war debts by five billion dollars in a way that would make the plan appear ESPECIALLY ADVANTAGEOUS to the United States.

This scheme, proposed by members of the American Treasury Department and discussed with European representatives both by American Treasury and State Department officials last spring, called for revision of war debts in the following way:

The final sum to be paid by each individual European debtor nation would be fixed, reducing the figures of the previous funded debt agreements by about fifty per cent.

PAYMENT OF the new sum agreed upon would be made:

First—Partly in gold and silver to be paid directly into the United States Treasury. This would represent a small percentage of the total payment.

Second—Notes for the remainder would be issued by European governments and deposited with the Bank of International Settlements at Basle. These notes would be secured by individual European debtor nations.

On the basis of the gold and silver paid by the debtors, the United States Treasury would issue noninterest bearing treasury bills. These bills would be taken up by the Federal Reserve Banks which would use them as a basis of an issue of currency notes.

The notes deposited by the European debtors with the Bank of International Settlements would be used for loan issue which the United States Treasury by a complicated and intricate banking arrangement could also use for the issuance of American treasury bills. And these bills would be converted by Federal Reserve Banks into further issues of currency notes.

This plan it was thought could be represented as ad-

N. Y. POLICE RAID CITY PRISON

International News Service.

NEW YORK, Jan. 24.—Commissioner of Correction McCormick and a detail of police today raided Welfare Island Penitentiary, relieved Warden Joseph A. McCann of his duties and placed his deputy, Daniel Feehan, under military arrest.

The Commissioner confined all prisoners to their cells and made a complete search of the penitentiary after charging that the place was ruled by a conclave of prisoners who presumably were able to override all authority.

McCormick said a search of the west wing disclosed a valise of contraband, which included drugs and hypodermics, knives, razor blades and special foods.

Greta Garbo Makes New Mystery Trip

HOLLYWOOD, Jan. 24.—(AP.)—Greta Garbo has made another quiet departure from her home here. The Swedish actress was said last night to be at Yosemite National Park, planning to stay there a week or two.

It was only last week that the actress and Rouben Mamoulian, who directed her in her last motion picture, made an automobile tour through Arizona, registering where they stopped under other names, which revived rumors they were to be married.

Louella Parsons Hurt in Accident

HOLLYWOOD, Jan. 24.—(Universal.)—Louella O. Parsons, noted motion picture editor of Universal Service, was injured late yesterday when her car was struck from the rear by another.

Miss Parsons, who is in private life the wife of Dr. Harry Martin, was treated at a hospital for severe sprains and removed to her home in Beverly Hills.

Bullet in Brain Kills Boy After 41 Days

MARTINSBURG, W. Va., Jan. 24.—The bullet that 14-year-old Luther Lamb carried in his brain for 41 days killed him today. State police were given the bullet as a clue in their search for the person who shot the boy on his way home from school December 14.

QUIZ MAY CALL R. K. MELLON

WASHINGTON, Jan. 24.—Richard K. Mellon, of Pittsburgh, may be called before the Senate committee investigating airmail contracts.

Senator Black, chairman of the committee, said today:

"There is some possibility that he and other Pittsburghers will be subpenaed, but nothing definite has been determined."

Theodore Taney, former head of Pittsburgh Airways, has told the committee the Mellon interests "dominated" a company awarded air mail contracts and his company was forced into bankruptcy after vain efforts to compete with a parallel line.

Young Mellon, son of the late R. B. Mellon, said that the Mellon aviation holdings amount only to a 5 per cent interest in the Pittsburgh Aviation Industries Corporation.

Reed Defends Filibuster, Sought to Aid Phila.

PHILADELPHIA, Jan. 24.—(AP.)—Senator David A. Reed said here that his action in the Senate in connection with the

(Continued on Page Three, Col. Four.)

Lindbergh Visits With Morgenthau

WASHINGTON, Jan. 24.—(AP.)—Charles A. Lindbergh was a visitor today at the office of Secretary of the Treasury Morgenthau. Officials said the two had a brief social chat.

SURRENDERS AFTER RAID IN STRIP

15 Escape Police Net; DeBasi, Three Others Under Bond

Carl DeBasi, follower of P. J. (Pat) O'Malley, Republican chairman of the Second Ward, surrendered to police today when he learned he was being sought as one of the alleged operators of a big time numbers headquarters raided yesterday in the Strip.

Magistrate Howard B. McNutt, in Morals court, had ordered DeBasi's arrest.

Detectives who broke into a numbers writing place on the second floor of 1231 Penn avenue, testified they had found letters and stationery bearing DeBasi's name. He was released in $2,500 bail for a hearing tomorrow, on a charge of operating a lottery.

THREE PRISONERS HELD

Three men arrested in the raid were held for court on charges of operating a lottery. They denied knowing who the owners were. They gave their names as Walter Dimireck, 154 Mulberry way; Louis Burckin, 4034 Windsor street, and Stanley Dzmidowick, 907 Herron avenue.

Detectives testified they were delayed in entering by a chain and that 15 men escaped before reinforcements arrived. They said they believed the place was run by "McCool, Schwartz and DeBasi."

DeBasi, detectives say, is the younger of three "Kelly" brothers, long henchmen of O'Malley.

BIG PROFITS INDICATED

Attorney Edward G. Coll, at the hearing, demanded of Inspector of Detectives Frank R. Boyd if he had any evidence that "Pat O'Malley was implicated in this pool."

Boyd replied:

"I have not. I said yesterday I didn't care whether the operator was O'Malley, Casey or who it was, I would go after him."

Five adding machines and paraphernalia were seized, detectives said. Records showed that on January 22, $2,550 was received and $631 paid on "hits" and that the receipts averaged between $2,000 and $3,000 a day, detectives told the magistrate.

The same place was raided June 1, the day former Mayor John S. Herron ordered a clean-up, according to Inspector Boyd.

(Picture on Page 3)

'Numbers' Suspect Freed, Jurors Fined

PHILADELPHIA, Jan. 24.—(INS.)—Because they acquitted Thomas Cammarote on charges of running a numbers racket, the jurors in the case today were deprived of pay for their services.

The jury fees for the 10 men and two women, amounting to $21 each, were levied as fines by Municipal Judge John E. Walsh, who said:

"This is a miscarriage of justice and a disgrace. Because of your outrageous verdict I am going to discharge you and fine you your whole pay."

Traylor, After Rest, 'Somewhat Improved'

CHICAGO, Jan. 24.—(AP.)—Melvin A. Traylor, president of the First National Bank, was still in an alarming condition today after he awoke from a sleep that had given his physicians hope that he would recover from pneumonia. The patient, however, was "somewhat improved," the doctors said.

Boy, 7, Flees Hospital To Save His Tonsils

Seven-year-old Edward Thiry, of 5114 Blair street, has definite ideas—and definite ways of expressing them, evidently.

At any rate, Edward, scheduled to undergo operation for removal of tonsils at South Side Hospital today, expressed himself very definitely when he left his bed, donned his street clothing and walked out with the scheduled operation scarcely an hour away.

An hour later the boy arrived at home, a two-mile walk.

Asked how he found his way, he said:

"Oh, I just followed the street cars."

His parents were undecided whether they would take him back to the hospital.

Exams for Postmaster Open, But Job's Gone

If you're interested in being postmaster of Pittsburgh, at a salary of $8,000, Uncle Sam invites you to apply for the job.

But don't spend too much time trying, for Pittsburgh already has a postmaster, William M. Turner, and there is a sneaking suspicion that he will win the examination contest for the job.

Nevertheless the United States Civil Service Commission today sent out announcements that applications to take the examinations should be sent to the Commission in Washington.

Mr. Turner, who has been postmaster for six months, himself will take the examination. He estimated 1,000 other optimists, also will.

The examinations are no more than a formality. And Postmaster Turner has a hunch he will retain his job, the Commission being allowed an amount of latitude in selecting the winner.

ROOSEVELT AGREES TO TIME LIMIT ON MONETARY BILL

SENATE OPENS DEBATE ON MEASURE

Borah Doubts Plan Will Swell Funds In Circulation

WASHINGTON, Jan. 24.—(AP.)—President Roosevelt sent word to Congressional leaders today that he was willing to accept a time limitation on his monetary legislation, but urged rejection of the proposal to have a board administer the huge stabilization fund.

The Chief Executive's decision was passed along to his lieutenants on Capitol Hill as the Senate began consideration of the money bill.

One of the chief objections raised against the monetary bill was that it was permanent, rather than temporary legislation, and should therefore receive more thorough consideration.

Republicans, together with some Democrats, were determined, however, to continue their battle for management of the $2,000,000,000 stabilization fund by a board of five rather than the Secretary of the Treasury alone.

AMENDMENTS EXPLAINED

Chairman Fletcher explained the committee amendments to the Senate.

Most of the senators were in their seats and the galleries were comfortably filled. Notably missing was Senator Thomas, (Dem.) of Oklahoma, long an advocate of dollar devaluation and seizure of federal reserve gold. He was ill at home.

Senator Barkley, (Dem.), of Kentucky, said the time was rapidly approaching when the United States ought to possess title to all gold ultimately used as a basis for currency; and the time was near, if not already at hand, when "all gold in the world is insufficient as a base for currency.

Senator Borah, (Rep.), of Idaho, asked:

"If the gold is insufficient, what difference does it make if the United States government or the reserve banks have it?"

Barkley answered:

"It would be more difficult to hoard it."

MORE MONEY IN BANKS

Borah said he could understand how the bill would put more money in the banks, but could not see how it would put more money in circulation outside these institutions.

Asked by the Idahoan if the bill would raise commodity prices, Senator Glass (Dem.), of Virginia, said it might temporarily, but eventually they would drop, and meanwhile only speculators would benefit.

Borah said he was "entirely sympathetic to the bill if devaluation would increase the volume of the circulating medium and increase prices."

Borah added:

"If it doesn't do that, I want to know what it is all about."

Glass replied:

"Most of the witnesses said it wouldn't."

Members of the committee replied some of the witnesses had predicted an increase in prices.

Glass asserted that inflation in other countries had brought "a destitution that is almost undescribable among the middle classes, wage earners, and salaried people."

PRICE INCREASE

Senator Wheeler (Dem.), of Montana, advocate of free coinage of silver, asserted devaluation would not increase prices unless additional currency were issued.

Senator Connally (Dem.), of Texas, said there was nothing in the bill to preventt he issuance of additional gold certificates.

Glass retorted:

"Yes, but if anybody is caught with them they can be put in jail."

Turning to another point, Glass said one of the witnesses had warned that the stabilization fund would lead to "friction and retaliation" by other nations.

Barkley challenged the Virginian's quotation, saying the witness had predicted those results only "if we did what England is doing."

Roosevelt Promises Stock Regulation

WASHINGTON, Jan. 24.—(INS.)—President Roosevelt expects the present session of Congress to enact legislation providing greater regulation of the stock exchanges and putting a curb on radical speculative swings in the market, he said today at his weekly press conference.

He now is studying a report submitted by the Roper committee and will soon transmit it to congressional committees for action.

NRA TO SPEED COMPLAINTS

WASHINGTON, Jan. 24.—(AP.)—New rules to expedite the handling of complaints under NRA and to try to assure a square deal for consumers and small business units were promulgated today by the Recovery Administration.

The question of protecting the consuming public from excessive price increases was discussed by President Roosevelt yesterday with his recovery council.

A manual for adjustment of complaints was issued by NRA for the guidance of the newly appointed state directors and for the more than 200 code authorities ruling industries. At the same time plans were under way for a merger of the two government consumer units, the one attached to the NRA with that of the Farm Administration, for the purpose of setting up consumer councils throughout the country.

The separate handling of labor complaints through regional and national labor boards will continue unchanged.

Strict instructions were issued to all compliance officers that the names of complainants must be treated as confidential to protect both parties involved.

WALDORF HELP QUITS FOR CHEF

NEW YORK, Jan. 24.—(AP.)—M. Andre Fourngout, a chef, cooked up quite a stew for the Waldorf-Astoria Hotel last night.

The union to which M. Fourngout belongs, the Amalgamated Food Workers' Union—took exception to the hotel's action in discharging Fourngout, and called a strike. The time chosen for the walkout of 600 waiters, bus boys, cooks and helpers was particularly ill-timed from the hotel's standpoint, being the dinner hour.

Several hundred hungry persons were in the hotel's several dining rooms at the moment the workers went out. After patiently waiting quite a while, they made discreet inquiries and learned that Andre didn't work there any more.

The management by this time had led with two aces—Lucien Boomer, the manager, and Oscar, the maitre—without getting very far, and finally advised the customers to seek their evening's victuals elsewhere.

Pittsburgh Sun-Telegraph.
Volume XIII—No. 173.
Wednesday, January 24, 1934.
Published evening and Sunday at the office of the Pittsburgh Sun-Telegraph, Telegraph Square, Pittsburgh, Pa. Price: Daily, 3 cents; Sunday, 10 cents.
Entered as second-class matter at the postoffice at Pittsburgh, Pa., under the Act of March 3, 1879.

TREASURY SEES BETTER TIMES

WASHINGTON, Jan. 24.—(AP.)—Secretary Morgenthau has informed the House Appropriations Committee his department was "counting on better times."

Appearing to testify on the Treasury-Postoffice supply bill he disclosed among other pertinent facts:

Revenue for the current fiscal year should total $3,248,000,000, including 403 million dollars in processing taxes.

Revenue for the fiscal year 1935 should total $3,974,000,000, including 548 million dollars in processing taxes.

That President Roosevelt has transferred to the State Department the job of collecting the foreign debt payments.

That the Treasury thus far has had no difficulty in refinancing obligations.

That former Secretary Woodin believed in the Treasury carrying a large balance "to meet any possible extraordinary emergency expenditures that might have to be made."

REED SEES BILL HURT BUSINESS

International News Service.

PHILADELPHIA, Jan. 24.—President Roosevelt's monetary bill will be passed by Congress, but it will have an ill-effect on business, in the opinion of Senator David A. Reed, of Pennsylvania.

Senator Reed told an audience of railroad and other utility executives last night:

"This legislation is going to affect your business and your future more than any other single enactment since the declaration of war against Germany.

"It will do no good to discuss the morality of the proposal or the justice of it. We must assume that it will pass, that it is going to become a law of the United States."

In concluding his address, Senator Reed declared:

"It will take at least a decade for the nation to readjust itself to the consequences of devaluation of the dollar."

DePriest's Protest On Race Ban Halted

WASHINGTON, Jan. 24.—(AP.)—The threat of Representative DePriest (Rep.), of Illinois, only Negro in Congress, to force a vote on whether Negroes can eat with the whites in the House restaurant was blocked today, temporarily at least, by Speaker Rainey. The Speaker called DePriest to his office for a conference later in the day. Rainey told him:

"Don't you do anything about that matter until I see you."

FRANCE SENDS GOLD AS TEST

NEW YORK, Jan. 24.—(AP.)—Three kegs of bullion gold, said by steamship officials to have been sent by French bankers to test the price attitude of the United States towards foreign gold, arrived on the Mauretania today.

An officer of the ship said the metal was valued at $150,000, but declined to name the consignee.

The United States has been paying more for gold newly mined in America than any price available in Europe.

In financial circles it was believed the gold was destined for the New York Federal Reserve Bank, but officials of that institution declined to comment and referred inquiries to the Treasury in Washington.

Pending word from the Treasury it was generally supposed in Wall Street that the only price obtainable in this country for the gold is $20.67 an ounce, the old gold parity figure. The United States is paying $34.45 an ounce, however, for gold newly-mined in domestic mines.

TREASURY, P. O. BUDGET CUT IN HOUSE

403 Million Dollars Pared From Present Allotment

WASHINGTON, Jan. 24.—(AP.)—The House Appropriations Committee today recommended $820,693,270 for operating the Treasury and Postoffice departments during the next fiscal year, representing a $403,623,327 decrease from the current allotment and a $6,683,830 cut in the budget estimates.

The report, submitted to the House, also showed an increase in annual public debt service requirements of $185,429,629 in view of the increase of the public debt to $23,534,000,000 as of November 30, 1933.

QUIZ BARS INCREASE

This brought the total annual debt service requirements to $1,350,087,850, including $525,738,850 for the sinking fund and $824,349,000 for interest.

The Treasury was allotted $149,842,330 for the fiscal year beginning July 1 and the Post Office Department $670,850,940.

In reporting the bill, Chairman Arnold (Dem.), Illinois, of the sub-committee in charge, said the group was "not inclined to make any increase in the present rate of expenditure until all investigations and studies of air mail contracts and practices have been completed."

MILLIONS FOR AIR MAIL

The post office, as well as a Senate committee, he said, is inquiring into the air and ocean mail subsidy contracts. However, the report said:

"Air mail service should be provided where it is justified, the contractors should be fairly compensated and the interests of the government should be amply protected.

"The committee has no means of knowing what the right sum to appropriate may be and until the results of these studies and investigations lead to a sound conclusion the position of standing on the present rate of expenditure is adopted even though it may be arbitrary in character."

The committee allotted 14 million dollars for domestic air mail, one million less than for this year; $37,500,000 for foreign air and ocean mail, or $800,000 less than for the current period. Of the latter, 7 million dollars is for foreign air mail.

U. S. Opens Markets To Russian Goods

WASHINGTON, Jan. 24.—(INS.)—American markets were thrown open to Russian gold and other Soviet products today when Secretary of the Treasury Morgenthau announced revocation of several orders which hitherto had barred American importation of these products.

In addition to gold, Russia will now gain entry for pulpwood, lumber and safety matches.

Mrs. Pinchot Picketing

MRS. GIFFORD PINCHOT (RIGHT) PICKETING IN BROOKLYN

Mrs. Pinchot, Pennsylvania's "First Lady," carrying her activities into another state, helping striking laundry workers to picket in Brooklyn. The strike's moot points: wages, hours, union recognition. This is an International News Photograph Service picture.

Stand by the Constitution, Or Fight It Openly, Declares Richard Washburn Child

By RICHARD WASHBURN CHILD

WE MUST either stand by the constitution or scuttle it.

To fail to do one or the other is merely to play a game of national hypocrisy while those who want revolution nibble at the constitution and treat our whole system of government and of national organization as if it were something to be wheedled away from the American people.

We do not want the constitution wheedled away.

Those who want to scrap it should say so. Those who want to bury it should stick their knife into its chest and not sneak up behind it.

Senator Carter Glass, seasoned, peppery veteran of intellect and of American public service, swings the question before our eyes.

Attorney General Cummings had said that commandeering of the gold supply was "constitutional."

Carter Glass called our attention to the fact that under constitutional law the government can commandeer through legislation but compensation must not be legislated but must be set by our courts.

FROM SOME quarters his challenge based on sound law was met by sneers.

There was the old blackjack phrase—"We must stand by our President." There were remarks about "Tories" and the "old-fashioned rugged individualism," under which America has grown to its present greatness, decreed to be a thing of the musty past.

There were breaths about the impossibility of the "return to the status quoante."

One would think to hear all this about an old and sound democratic stand that the whole country, led by a coterie of brain monopolists, had agreed that the constitution was only just an obstacle left in the way of progress.

When the Supreme Court in the Minnesota moratorium case upheld the statute for purposes of emergency the same crowd of "get-out-of-our-way-liberals" tried to throw roses on Justice Hughes' head exactly as if he had by his deciding weight—as he had not—thrown the constitution out the window onto the garbage pile.

IS THE purpose of the constitution chiselers to do without a constitution?

Is their purpose to ask the democratic tradition to dictate a new one to the stenographer?

Is the idea to use this emergency, to make the American people forget that our governmental system as a system has stood up for more years and harbored more of the oppressed and brought more prosperity to the multitude and more peace to mankind's day than any other system in the world?

The attempts to rush on in an emergency to commitments for permanent ham-stringing of the American constitution added to the supine and doubtless unconstitutional gagging of the legislative function of our government will not help the President much in the end.

On a referendum the American people might command:

"Preserve the written constitution; the alternative is babblers' chaos."

New voyages, even the Congress today may agree, do not require that the compass, log line and charts should be thrown into the raging sea.

PINCHOT GETS LETTER BACK

WASHINGTON, Jan. 24.—(AP.)—That much-discussed letter which Gov. Pinchot, of Pennsylvania, sent to the United States Senate may never become public.

The Governor dispatched it last year with the election certificate of Senator James J. Davis, and now the Senate has ordered it returned without opening it.

Davis was under indictment in connection with an alleged lottery of the Loyal Order of Moose at the time of his election, and the Governor asked that the secret letter be left unopened until after the Senator's trial in New York.

Davis was acquitted, and the letter remained in a safe in the office of Edwin A. Halsey, secretary of the Senate.

Senator Joseph T. Robinson, Democratic leader, moved yesterday that the Senate return the communication. He said Pinchot could decide for himself whether to repeat the contents of the letter in "an open communication" or to make its significance public.

Robinson obtained unanimous consent. It was understood he opposes the acceptance of secret communications by the Senate.

NEW YORK, Jan. 24.—(AP.)—Gifford Pinchot declined today to comment on the Senate's return to him of the secret communication he appended to Senator James J. Davis' credentials.

PINCHOT URGED FOR SENATE

PHILADELPHIA, Jan. 24.—(AP.)—State Senator Samuel W. Salus today had suggested that a Republican primary ticket headed by Gov. Pinchot for United States Senator and Lieut. Gov. Edward C. Shannon for Governor "would be a winning combination." The Philadelphia leader said:

"I am for candidates who will restore harmony in the party."

Salus made his suggestion after Gen. Edward Martin, chairman of the Republican State Committee, predicted Senator David A. Reed would be renominated and re-elected.

Questioned about his reported desire to run for Governor, the state chairman replied:

"It is too early to seriously consider the candidacy of any one."

Fed Only on Rice Three Chinese Die

PORT ALBERNI, B. C., Jan. 24.—(AP.)—Nine Chinese employes of a shingle bolt camp at Canoe Pass, B. C., lived only on rice and salt for four weeks, evidence submitted at an inquest here into deaths of three Chinese showed yesterday.

The Chinese died from beriberi, an Oriental disease caused, physicians said, by a deficiency of vitamin B in the diet. Operators of the camp, authorities said, will be asked to explain why the Chinese were given only rice for food.

KINGFISH LOSES NEW ORLEANS

NEW ORLEANS, Jan. 24.—(AP.)—Senator Huey P. Long's political machine today had apparently met its first major defeat at the polls in six years, as unofficial and incomplete returns from yesterday's mayoralty primary continued to send the Walmsley old regular faction far out in front in a four-cornered race for City Hall control.

The Long candidate for mayor, John Klorer, was running more than 14,000 votes behind Mayor T. Semmes Walmsley on the face of returns from 240 of the city's 262 precincts, but Klorer headquarters and Senator Long continued to withhold a statement on whether the issue would be forced into a second run-off primary.

The Walmsley total in latest returns was some 9,000 votes short of a clear nominating majority over his three opponents.

INSULL APPEAL REJECTED

International News Service.

ATHENS, Jan. 24.—Ruling that the Greek government's order to deport Samuel Insull was made in the interests of friendly relations with the United States, and stating that these relations must be be maintained, the state council today upheld the government and rejected the Chicagoan's appeal.

The council's decision was announced after nearly a week's deliberation on Insull's appeal from the government's refusal to renew his residence permit beyond January 31. Unless a further brief stay is granted on grounds of ill health, the indicted former utilities magnate must leave Greece by that date.

OTHER NATIONS GRANT CUBAN RECOGNITION

Mendieta Moves to Solve Problems Of Nation

HAVANA, Jan. 24.—(AP.)—Cuba rejoined her place among the recognized governments of the world today and her new leader, President Carlos Mendieta, set out to solve her affairs at home.

Other great powers followed the United States, which granted recognition to Mendieta yesterday, in extending their recognition immediately.

Those which granted recognition were Mexico, Colombia, Uruguay, Chile, the Dominican Republic, the United States, China, Italy, Bolivia, Costa Rica, Peru, Great Britain, France and Spain.

Grant Wilson, the British minister to Cuba, conveyed recognition to the Cuban government on behalf of the United Kingdom, Canada, Australia, New Zealand and South Africa.

U. S. MAY YIELD RIGHTS

WASHINGTON, Jan. 24.—This government is prepared to open discussions with the new Cuban regime for abrogation of the so-called Platt amendment, under which the United States has the right to intervene in Cuba.

This was learned in official circles today following the granting of quick American recognition to the new government of President Carlos Mendieta.

Secretary of State Hull intends to discuss the situation relating to the Platt amendment with President Roosevelt within the next few days.

MINERS TO WAR ON RIVAL UNIONS

INDIANAPOLIS, Jan. 24.—(AP.)—Lee Hall, international executive board member from West Virginia, today assured delegates to the thirty-third constitutional convention of the United Mine Workers that before final adjournment there will be a full discussion of all dual union movements.

The assurance was given after Leo Sitko, delegate from Locust Gap, Pa., referred to the United Anthracite Miners of Pennsylvania. He urged that the convention take action against rival unions which he declared menace the existence of the United Mine Workers.

C. A. Sydenstryker, a preacher-miner delegate from Kingston, W. Va., replied to criticism which he said had been directed at the union's officials for alleged extravagances. The union membership, he said, should want its officials to live under dignified conditions. The officers, he said, should "live in good hotels and ride in fine motor cars, because they're worth it."

MINERS STRIKE IN COKE REGION

UNIONTOWN, Pa., Jan. 24.—Seven hundred miners walked out on strike today at the Isabella mine of the Weirton Coal Company near Brownsville. The company is a subsidiary of the Weirton Steel Company.

The strike was caused by the promotion of John Maraney, a pumper, to be assistant foreman.

Twice Dan Sabula, United Mine Workers leader, led a committee to ask Supt. D. A. Boyer to demote Maraney, who is not a member of their union.

Refused, the men walked off the job cheering and vowed they'd stay out until Maraney was demoted.

Fliers' Union Head Ordered Reinstated

WASHINGTON, Jan. 24.—(INS.)—The National Labor Board ruled today that David L. Behncke, president of the Airline Pilots' Association, who was discharged December 26 by the United Airlines, must be reinstated and paid for the time he lost.

The cases of two other of the line's pilots, Oscar R. Haueter and Nicholas A. Laurenzana, were referred to the Chicago and Cleveland regional boards for further investigation. The pilots' union complained the trio had been discharged because of union activities.

Brisbane Money View Quoted in House

Staff Correspondent.

WASHINGTON, Jan. 24.—Arthur Brisbane, noted journalist, was quoted on the floor of the House yesterday in support of a demand that the government issue currency rather than bonds to pay its debts.

Representative Patman (Dem.), of Texas, denouncing a policy of bonded indebtedness on which bankers collect more interest than principal, read from Brisbane's column, "Today," as follows:

"The government, instead of insisting on bond issues and gigantic interest payments, could and should issue its own currency and pay bills with that.

"The government's promise to pay, on green paper bearing no interest, would be exactly as good as its promise to pay—plus interest—on yellow paper.

"And issuing currency, instead of a crippling bond issue, would help government credit. A government, free of a four or five hundred million dollar interest load, would have better credit than with that annual interest burden added to its other obligations."

Patman said Thomas A. Edison, the inventor, once enunciated this same principle.

Representative O'Connor (Dem.), of New York, expressed his agreement with Brisbane's views.

'Jiggs' Creator, at 50, Feels 30; Bans Worry

Universal Service.

BEVERLY HILLS, Cal., Jan. 24.—Looking both ways from 50—for he reached the half century mark yesterday — George McManus, noted cartoonist and creator of "Jiggs and Maggie," feels like he did at 30 and he isn't worrying about the future. Telling how to be happy at 50, he said:

"Don't worry. I can't even remember the things I used to worry about, so they couldn't have been very important.

"If you want to laugh and be happy and gay, have young people about you. You get old with old people. In fact, you get to be like the people you surround yourself with.

"I don't feel a bit older than I did at 30, because, perhaps, I travel a lot; try to keep interested in diversified things.

"When I was younger I thought men 50 years old were about through. Maybe they were then, for they usually seemed to be all crippled up and decrepit. Our manner of living seems to have changed all that."

McManus has few health rules. He smokes between 30 and 40 cigars a day. He even smokes in his tub.

And he drinks lots of beer. He says:

"Why not? I came from St. Louis."

McManus joined the Hearst organization in 1912.

Mrs. McManus was the model for Mrs. Newlywed and the daughter in Jiggs and Maggie.

AUTO BUYING RUSH ASSURES BEST YEAR SINCE 1929

GAIN IN ORDERS TAXES PLANTS IN DETROIT

Half-Billion Dollar Business Seen in First Quarter

DETROIT, Jan. 24.—(AP.)—Last, lingering doubts that the automobile industry is in for the best business since 1929, at least for the first half of the year, have been removed by a veritable flood of orders at the Detroit automobile show, which are piling on top of an earlier deluge of business from the New York show.

Best guesses of important figures in the industry are that in excess of a half billion dollars worth of new cars will be produced and sold in the first three months of this year.

That compares with total production of 790 million dollars in 1932, and 970 million dollars in 1933.

OUTPUT BEHIND

It has been no secret that the industry has found itself unable to swing into full production rapidly enough to keep abreast of the volume of orders. The estimated production for January is 135,000 units. It would have to be twice that, according to best estimates available, to take care of orders now in hand.

Most plants will not swing into high gear until mid-February. Much of this delay is traceable to a tool and die makers strike last fall. At a time when tools and dies should have been in the making, hundreds of skilled workmen were out on strike. Some companies finally placed their orders with jobbing plants outside the state, but many valuable weeks were lost.

W. S. Knudsen, of General Motors, has predicted at least a big four months business. Chevrolet, largest producing unit of General Motors, has reported 85,000 orders on hand. Full production probably will not be reached until next month.

FORD SPEEDS UP

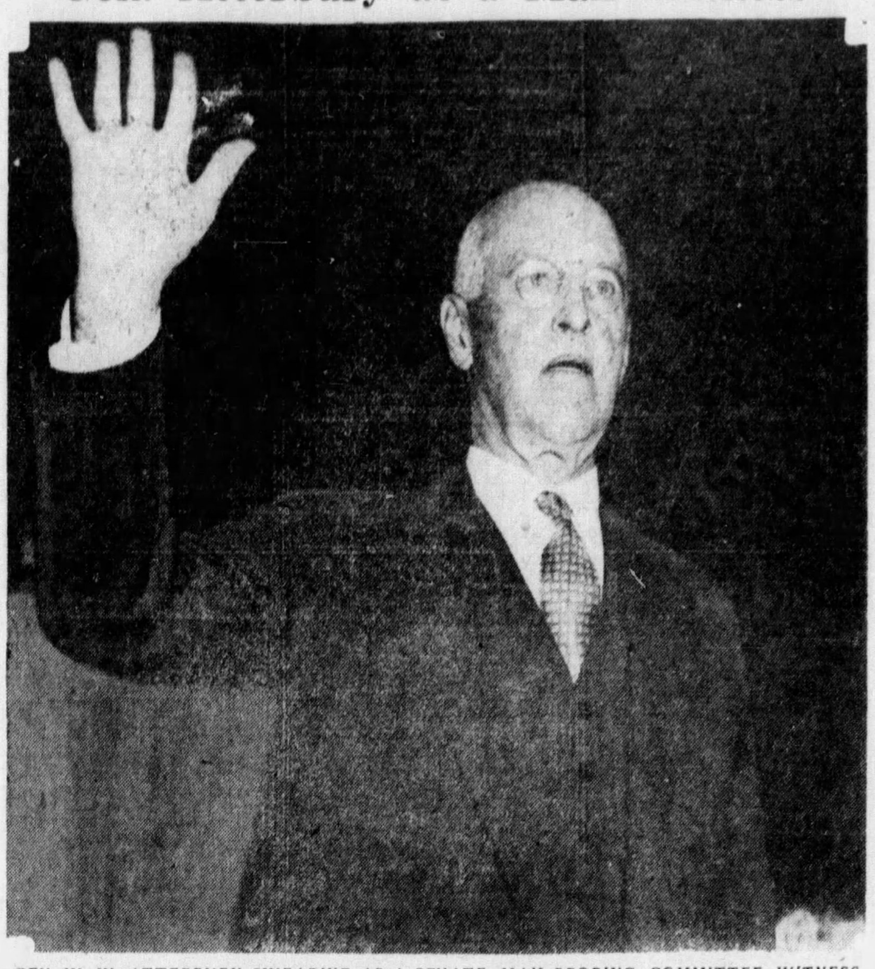
The Plymouth Company, largest producing unit of the Chrysler Corporation, has reported 21 million dollars worth of new business. Full production is being approached rapidly in its plant.

The Ford Motor Company, least affected by the tool and die makers strike, got away to a flying start. It has stepped up its production program several times this month, with the latest estimate for January in excess of 54,000 units.

K. T. Keller, general manager of Chrysler Motors, has predicted a "good long run" for the industry. He said he had "no quarrel with people who say the industry will make three million cars this year." The Chrysler plants, he said, have 43,000 men on payrolls, compared with 22,000 a year ago.

In the higher priced field, J. C. Chick, general sales manager of the Cadillac Motor Car Company, has asserted that "prospects this year outnumber those of last year by more than 10 to one."

Gen. Atterbury as a Mail Witness



GEN. W. W. ATTERBURY SWEARING AS A SENATE MAIL-PROBING COMMITTEE WITNESS

GEN. ATTERBURY TESTIFYING BEFORE THE COMMITTEE

WIFE ADMITS 'PEEPING' AT LOVE TRYSTS

Tells of Seeing Mate With Myrtle; Bar Policeman's Story

CHICAGO, Jan. 24.—(AP.)—Norman E. Nottingham, patrol wagon driver whose love Mrs. Myrtle Tanner Blacklidge, former internal revenue collector, is alleged to have purloined, was barred from the stand as a defense witness today.

He was expected to testify that Mrs. Blyacklidge had not deprived Mrs. Nottingham of his affections, because Mrs. Nottingham had not possessed them for some time prior to his meeting Mrs. Blacklidge.

DOUBTS COMPETENCY

He was barred because Judge Irving Weaver believed "there is too much doubt as to this man's competency."

In her testimony yesterday Mrs. Blacklidge admitted having written endearing letters to the policeman, but as for love, she said the notes were a "lot of mush that means nothing when it gets cold."

Previously Mrs. Nottingham described from the stand sleuthing expeditions in which she said she once saw Norman in pajamas and Mrs. Blacklidge in "something light, it was pink," in living rooms at the rear of Mrs. Blacklidge's dress shop.

'PEEPED' INTO ROOM

On another occasion, the wife testified, she peeped into Mrs. Blacklidge's apartment and saw the lights go out in all the rooms. Her husband, she said, and the defendant were only partly clad.

Mrs. Blacklidge said the transom through which Mrs. Nottingham allegedly peeked was 18 feet from the floor and she asserted Mrs. Nottingham could not have seen if all the lights in the apartment were extinguished.

MR. AND MRS. JACK KRUPNICK.....HAPPY NEWLYWEDS

STORY OF SON, 7, HOLDS MOTHER IN SLAYING

Tells of Love Quarrel Preceding Killing Of Patrolman

International News Service.

NEW YORK, Jan. 24.—Blithe recital of domestic difficulties by her 7-year-old son, Charles, today brought the arrest of pretty blonde Mrs. Helen Cuevas as a material witness in connection with the slaying of Patrolman Joseph Misischia, shot to death at a busy street intersection in Queens.

Police, meanwhile, sought Ignatio Cuevas, Cuban husband of Mrs. Cuevas, as the slayer and were grilling Orestes (Cowboy) Cavalieri, a friend of Cuevas, who is believed to have inspired the slaying by writing Cuevas accusing his wife of indiscretions with the policeman.

While half a dozen detectives listened, Charles sat in a police station and related details of a quarrel that preceded the shooting of Misischia as he drove home.

'TERRIBLE FIGHT'

Unaware his mother was being held, or that his father was being hunted, Charles told police:

"Papa got a note the other night from Cowboy. It said the policeman was making love to Mamma.

"There was a terrible fight. Papa hit Mamma in the eye and blackened it. He went out and got a long sword and said he was going to hunt the policeman all night and kill him, but he couldn't find him.

"Mama didn't like the policeman. She didn't like Cowboy either. When we moved last time we tried to keep our new place a secret but he found out and came there."

DENIES 'ANY WRONG'

Mrs. Cuevas denied there "was anything wrong" between her and Misischia and said her husband had become enraged when he learned the policeman was teaching her to drive an automobile.

Cavalieri, police said, was formerly a lodger at the Cuevas home. Police declined to make public his statements concerning his part in the case but indicated they were following the theory he was a rejected suitor of Mrs. Cuevas who had written the note mentioned by Charles in a spirit of revenge.

QUIZ MAY CALL R. K. MELLON

(Continued From Page One.)

Philadelphia Mail Steamship Company contract last March was motivated by a desire to advance the interests of the Port of Philadelphia.

The Senator, here for a speech last night, said he had no recollection of hearing of the matter until after the bids were in and after the decision had been made by the Postoffice Department to give a contract to the Philadelphia concern. He said:

"When the contract was about to be signed, some southern interests which had been unsuccessful bidders tried to break up the arrangement by means of a senatorial resolution demanding the postponement of the award.

"Naturally I wanted to see a new line of steamships operating out of Philadelphia and it seemed only honest to give the award to the Philadelphia concern which was the low bidder.

"I tried without success to stop the passage of Senator Black's resolution. Finally the resolution was passed and Philadelphia lost the business."

ASTOR LUNCHES WITH DONNA

International News Service.

NEW YORK, Jan. 24.—Discussion of the canceled marriage plans of John Jacob Astor III and Eileen Gillespie was renewed in society circles today when word went out that young Astor had been seen lunching with Donna Christiana Torlonia, daughter of a noble Roman family the day after the engagement was broken.

Astor was reported engaged to Donna Christiana when both were in their teens. A tall, very light blonde, she is the daughter of Prince Torlonia, head of a house prominent in the Eternal City back to the days of Caesars, and the former Mrs. Elsie Moore, of New York.

She and Astor were together a great deal during his long stay in Italy, where he was educated.

Donna Christiana's mother, the Princess, makes her home both in Park avenue, New York, and in her palace in Rome.

Whether her childhood romance with the scion of one of New York City's first families will be renewed has captured the interest of the city.

Mother Dies on Way To Visit Daughter

En route to the home of her daughter in an automobile driven by her son-in-law today, Mrs. Mary Fitzsimmons, of 1828 Duffield street, Morningside, collapsed and was pronounced dead a short time later at Allegheny General Hospital, according to a report to the morgue. She planned to visit the son-in-law and daughter, Mr. and Mrs. J. R. Stettler, at their home in Glenshaw.

ELOPERS MARRY AT CAFE FETE

At 1:30 a. m. today, in the William Penn Hotel's Chatterbox, an attractive young brunet smiled at the cheering hundreds and murmured:

"I do."

Then the wealthy young restaurant executive standing alongside her said as much.

And an airplane elopement from Cleveland was climaxed into marriage as a surprising finale to the dinner of the Western Pennsylvania Restaurant Association.

The bridegroom was Jack Krupnick, the bride Helen Eder, both of Cleveland. Young Krupnick is an executive of the Albert Pick Company, of Chicago, which sells restaurant fixtures.

The pair dropped in by the air from Cleveland and calmly announced they were going to be united.

They were disappointed to hear that licenses were difficult to obtain around midnight.

But Register of Wills Joseph N. Mackrell was routed from slumber and issued the necessary paper.

Alderman P. F. Riley was located on the South Side and hurried over to marry the couple.

So they were married and the convention delegates helped them celebrate.

MISSES DEATH IN CREEK

After receiving treatment at a hospital for shock following a 25-foot plunge down an abutment into Willis Creek, in Cumberland, Md., Clinton O. Ervin, of Hazel drive, Mt. Lebanon, owner of the Ervin Machinery Company, Market street, was resting in his hotel today, according to an Associated Press dispatch.

After he had clung to a rope for a half hour, firemen succeeded in dragging him from the water.

Ervin was in Cumberland to purchase the equipment of the Western Maryland Lumber Company, and it was following a dinner after the deal had been closed that Ervin plunged into the creek, the report said.

Ervin became separated from his companion, Albert B. Divvins, secretary of the firm, according to the report.

Cries for help attracted several persons to the abutment, from which a rope was tossed to Ervin.

WYNEKOOP BAIL BATTLE NEAR

CHICAGO, Jan. 24.—(AP.)—The defense for Dr. Alice Lindsay Wynekoop in her fight against the charge that she murdered her daughter-in-law, Rheta, will begin next week a determined battle for her release on bail, Attorney Milton Smith said he wanted the physician to go to a hospital for care.

Dr. Wynekoop's case was called a mistrial by Judge Joseph David after physicians had reported to him on her series of collapses, in and out of the courtroom.

Prosecutor Charles S. Dougherty will fight the move for bail. He said:

"All Dr. Wynekoop needs is a rest, and she'll get plenty of that in the jail. She is suffering principally from a bad attack of 'state's case'."

HONOR SLAYER CLAIMS PERMIT

NEW YORK, Jan. 24.—(AP.)—Mrs. Millie Prince, on trial for murder, avers that in killing Charles J. Wolfert she had the special permission of Wolfert himself. She testified at her trial yesterday:

"He took a card from his pocket and asked me how to spell 'deserve.' I told him. Then he wrote on the card and handed it to me. He had written:

"Millie Prince, you can kill me. I deserve it."

He was dead a few minutes later. In his body were 19 stab wounds from a knife Mrs. Prince carried in her handbag and which her husband had bought for her as a souvenir of their trip to to Miami.

Mrs. Prince, 31 years old and mother of a 10-year-old boy, testified her 56-year-old admirer had "pursued" her for five years with avowals of love.

On September 6 last, she said, he confronted her on the street and compelled her to go to a wooded place not far away. She obeyed his command in the belief that his concealed right hand gripped a pistol.

ROGERS SHAKEN IN POLO SPILL

SANTA BARBARA, Cal., Jan. 24.—(AP.)—Will Rogers, the comedian, who also plays polo, was shaken up yesterday and another player hurt, in a spill during the game between the Santa Barbara Reds and the Riviera Blues.

It was the second elimination contest of the Pacific coast circuit 12-goal tournament.

Gerald Dempsey, of the Santa Barbara quartet, figured in the spill with Rogers, playing with Riviera. Rogers was only shaken up, but Dempsey's mount fell on him and stretched him out on the turf for several minutes.

The Blues won, 6-5.

RECORD CROWD AT AUTO SHOW

The largest crowds in the history of Pittsburgh's annual automobile show are attending this years' display in Motor Square Garden, according to W. N. Owings, manager. He said:

"People this year are not only admiring but are buying. Dealers say they are getting more prospects and actual orders than at any time within recent years."

Chief attractions are the 23 makes of automobiles, featuring many innovations in motor and body design.

Admission price for this year's show is substantially lower than last year, accounting for part of the increased attendance, Owings said.

Automobile show attendance and sales have been regarded as a barometer of the public's buying power. The attendance at the opening day this year was 55 per cent greater than the opening day at the last show held at Motor Square Garden in 1932.

The first three days of this year's display showed an average increase in attendance of approximately 27 per cent over 1932, according to Owings.

Unusual interest in the exhibition was attributed in part to innovations introduced in the new models. Another musical attraction has been added to the program with introduction of a male quartet.

Scarlet Fever Cases May Close Schools

GREENSBURG, Pa., Jan. 24.—(INS.)—Suspension of school classes was being considered by health authorities here as officials viewed a spread of scarlet fever with alarm. More than 40 cases have been reported, 10 of them in the last week.

ALEXIS IN TOKIO WAITS BARBARA

International News Service.

TOKIO, Jan. 24.—After successfully hurding another barrier to his "world honeymoon" with the former Barbara Hutton, Woolworth heiress, Prince Alexis Mdivani arrived in Tokio in jovial spirits and immediately installed himself in an elaborate suite at the Imperial Hotel.

The prince spent most of yesterday aboard the liner Hikada Maru at Yokohama, where he was denied permission to enter Japan until 6 o'clock last night while immigration authorities investigated his "Georgian passport," the like of which they never had seen before.

Mdivani was evidently downhearted for many hours while French consulate officials rushed about to convince the Japanese immigration authorities that the Prince's passport, issued by the now non-existant Georgian legation in Paris, was in effect a French passport.

Barbara was not there to share his disappointment with him, being at sea aboard the S. S. Tatsuta Maru, due here Friday. The honeymooning couple sailed on different ships because the Prince wanted to avoid a subpena in California, where he was wanted to appear in court as a witness in connection with a lawsuit involving his two brothers, Princes Serge and David.

Finds Father's Body Hanging in Cellar

The body of Edward Schwartz, 49, of 6 Kennedy avenue, McKees Rocks, was found hanging from a rafter in the cellar of his home by his son, Charles, 18, last night, according to the Coroner's report. Schwartz was said to have suffered a nervous breakdown last October.

Weather Conditions.

The high that was centered over the Mississippi Valley yesterday morning is now centered over the Carolinas and Virginia, and extends northward over Western Pennsylvania to Eastern Ontario, while the low that appeared in the far Northwest advanced to the Mississippi Valley and central plains and high pressure developed over the far Northwest. This change in pressure caused a drop in temperature over the eastern states, a rise over the central valleys and a decided drop to below zero over the far Northwest. Precipitation for the last 24 hours was light except in some of the Rocky Mountain states, where there was a heavy snowfall. Moderate temperatures will prevail over this section tonight, but the temperature will be falling Thursday, and cold weather may be expected Thursday night.

River Conditions.

Slight rises occurred at most of the gauging points. Stage at Franklin is 3.1 feet; Lock No. 7 (Mon.), 12.4; Pittsburgh, 11.8; Dam No. 4, 9.9; No. 6, 8.5; No. 10, 9.3, and No. 12, 9.3. The dams are up. The rivers will change but little.

Urges State to Buy Erie Poorhouse

ERIE, Pa., Jan. 24.—(INS.)—Mrs. Helen Schularff, commissioner, today announced that Mrs. Alice Liveright, State Welfare Department head, says she will recommend that the state purchase the Erie County Poorhouse.

'RIALTO ANGEL' TO AID AIMEE

LOS ANGELES, Jan. 24.—(AP.)—Rheba Crawford Splivalo, the former "Angel of Broadway," says she is concerned chiefly with her job as State Director of Social Welfare, despite reports that she is to become the evangelist of Aimee Semple McPherson's Angelus Temple and also run for Congress.

The reports began with renewal of a rumor that Mrs. Splivalo, who has preached frequently at Angelus Temple, had signed a four-year contract with the religious organization.

Mrs. McPherson, who is conducting a revival tour in Washington, said she has an agreement with Mrs. Splivalo concerning evangelical work "as soon as the state could spare her."

Home Looted During Viscount's Funeral

DONCASTER, England, Jan. 24.—(AP.)—Shortly after the body of the second Viscount Halifax, Anglican lay leader, had been removed from Ickleton Hall for his funeral yesterday, thieves broke into the mansion and stole a number of medals, Indian coins and pieces of jewelry.

Two cases of heirlooms had been taken from the dining room and broken open on the lawn. The property was acquired by the first Viscount Halifax when he was secretary of state for India.

Held for Court in Lottery Raid

STANLEY DZMIDOWICK, 22 LOUIS BURCKIN, 27 WALTER DIMIRECK, 24

The three young men today held for court in $2,500 bail each on a charge of operating a lottery. They were arrested in a detective raid, led personally by Inspector Boyd, at 1231 Penn avenue, arraigned in Morals Court. This is a Pittsburgh Sun-Telegraph picture.

Albert Horne Hunting Good Samaritan Lady

A feminine Samaritan, who does her good deeds with a chauffeur-driven limousine, is being sought by Albert A. Horne, 86-year-old assistant manager of the Joseph Horne Company.

Mr. Horne has been looking for the lady since last Monday night when she substituted for a tardy friend, and drove him from the store to a dinner at the Smithfield Street M. E. Church. Accepting her kindness without learning her name, Mr. Horne now would like to know the identity of his benefactress.

Ads in the personal columns of local papers have brought no results, and the case of the mystery woman remains unsolved. Gratitude for her kindness has made Mr. Horne eager to locate her.

She is, he said, middle-aged, a widow, and lonesome.

Doctors Delay Attempt To Cure Girl Cripple

Doctors at Homeopathic Hospital today announced a postponement of the operation that was to bring back to little Mary Ann Huston the ability to walk.

The 6-year-old granddaughter of Councilman John Huston is to return home this week to build up strength for an operation at some future date.

Mary Ann entered the hospital a week ago for tests and X-rays to determine the advisability of having a blood clot on her spine removed. The clot, unusual in its size, has destroyed her power of locomotion.

As a result of the examination doctors decided to fit the girl with a body brace and delay the operation until her condition is improved. Tests will be made and X-rays taken from time to time to note her progress.

CITY 'BIG SHOTS' AVOID PAY SLASH

Eighteen "big shots" in the city government — including Mayor McNair and nine councilmen—today were shown to be receiving full salary while City Controller James P. Kerr and several thousand minor employes continue the 83⅓ per cent pay basis established in 1933.

Dr. Kerr is the only major officeholder who continues to take the 16⅔ per cent cut, which continues indefinitely for almost every jobholder other than department heads, Council and the Mayor.

Included among those who drew full pay for the first half of January—and may for the last half—are the four Democratic councilmen and every one of McNair's directorial appointees.

The 1932 Council set up the 16 2-3 per cent cut in the 1933 budget sessions. It could not cut the pay of the Mayor while he held office, nor could they slash their own or department heads.

The final arrangement was for department heads, the late Mayor Charles H. Kline and Council voluntarily to remit 16 2-3 per cent of their salaries to the City Treasury.

DR. KERR'S STAND

At that time, Dr. Kerr insisted that his reduced pay be included in the salary ordinance set-up. Other reductions were not included in the ordinance.

Kerr's salary is set at $5,000 by statute and could not be cut by Council without legislative action.

The last Council passed the 1933 budget on to 1934, including the normal figures for the directors, Council and the Mayor.

McNair has recently said that he will not make any voluntary rebate.

SOOST MAKES OFFER

At least one councilman is opposed to taking a pay cut. Councilman William J. Soose, however, put himself on record today in favor of making a voluntary rebate equal to the minor employes' cut.

Meanwhile, McNair in his budget message to Council Monday suggested a 5 per cent cut for all employes.

If passed under present conditions, that would mean a total 21⅔ per cent slash for Dr. Kerr and the minor employes, and a 5 per cent reduction for the "big shots."

There is considerable resentment throughout the City-County Building, but no indication of how Council will act.

The solicitor, councilmen, the treasurer, health director, works and safety directors all receive $8,000.

The chief assessor is listed at $6,500, as is the supplies director. The welfare director received $5,000.

Kerr is drawing only $4,170 a year in his $5,000.

SEEK O'DONNELL IN GANG DEATH

CHICAGO, Jan. 24.—(AP.)—Police searching for the slayers of William J. "Three-Fingered Jack" White, public enemy, today ordered the arrest of William "Klondyke" O'Donnell, gang leader of suburban Cicero, and his pal, Joe Chernik.

Fear that White had "squealed" to government men was advanced as the most likely motive for the slaying of the ex-convict in his apartment at suburban Oak Park last night. At the Federal building it was reported that Oliver Kempster, a state highway patrolman assigned to the office of the Federal Bureau of Investigation, had gone to White's apartment late yesterday to seek information.

Kempster and James Hartin, another federal agent, admitted being at the apartment before the shooting. They were at first seized by police as suspects, until they established their identity.

White had been indicted with 16 others in connection with the alleged Trucking and Transport Exchange racket.

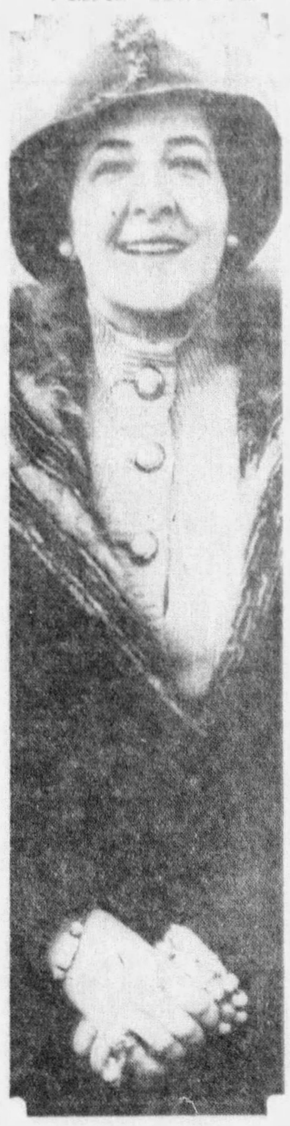
The slain racketeer was known as a bitter enemy of Roger Touhy, who, with three of his henchmen, is now on trial for the kidnaping of John Factor.

Bootblack Returns $4,000 Lost Jewelry

PHILADELPHIA, Jan. 24.—(AP.)—Pietro Pizzi, 37, a bootblack of Camden, N. J., picked up a little chamois bag last Friday and discovered later that it contained $4,000 worth of jewelry lost by Mrs. William J. Wilson, of Bryn Mawr.

Police announced that Pizzi turned the bag over to them. They said Pizzi told them he read of the loss of the jewelry in the newspapers.

Visits Harold



GANNA WALSKA

GANNA WALSKA, 'EX' TOGETHER

CHICAGO, Jan. 24.—(AP.)—Society circles were buzzing today after Harold F. McCormick had entertained his former wife, Ganna Walska, the Polish opera singer, at a luncheon for two in his Rush street stone mansion.

The meeting between the two, whose marriage ended in divorce, occurred yesterday shortly after Mme. Walska arrived in the city to fulfill a concert engagement tonight and society was wondering if a reconciliation was in the making. He has engaged a box for her concert.

Those who attended the last of the series of "opera intime" sponsored by Mrs. Howard Linn in the grand ballroom of a Loop hotel last night were disappointed when Mme. Walska failed to put in an appearance as Mrs. Linn's guest of honor.

Pleading that she never went out the night before a concert, Mme. Walska declined the invitation a few hours earlier. Mrs. Linn explained:

"Mme. Walska accepted my invitation. Then she wired—no she phoned when she arrived—that she couldn't risk her voice by coming to the party. Afterwards she did send me some sweet flowers and note declining."

Pittsburgher Sues Sexton for $2,516

BEAVER, Pa., Jan. 24.—(INS.)—A sequel to the suit of two Patterson Heights society matrons against H. Clay Sexton, of Pittsburgh, for alleged fraudulent conversion was on parade today with Arthur M. Barnes, also of Pittsburgh, seeking $2,516 for services he claims to have rendered Sexton during that three-year-old case.

The case in which Barnes claims to have served Sexton was the one brought by Mrs. Vve S. Thompson, widow of Col. Joseph H. Thompson, and Mrs. Jean P. Dawson.

McNair Now Wants Three Men for Each Job

Mayor McNair says that hereafter there will be three men for every city job. He formerly promised two jobs to every man if the single-tax theory is adopted.

Said McNair:

"I was visited yesterday by a delegation asking recognition of the Italians in patronage, by a group asking recognition of the Negro people, and by a Democratic group asking recognition of the Democrats.

"I'm going to have three men for every job and work them in shifts of one day each."

OFFICER UPHELD BY M'NAIR AT HEARING

Anyone who accuses Pittsburgh policemen with being drunk will have to back it up with plenty of evidence, Mayor McNair made plain in Mt. Washington Police Court today.

The Mayor, sitting on the bench for Magistrate Howard B. McNutt for the second day, fined Chris Staley, a truck driver of Bridgeville, $10 and costs on a disorderly conduct charge.

Staley, arrested in a traffic tieup in Crafton boulevard Monday night, testified when arraigned yesterday before the Mayor, that Patrolman Andrew Piergoski was drunk and used abusive language. His brother-in-law corroborated him.

DEFENDS OFFICER

Senior Capt. Charles Cahill testified he had never known Piergoski to take a drink. McNair continued the hearing until today to allow the officer to bring in more character witnesses.

This morning Piergoski produced eight witnesses who testified to his reputation for sobriety. The Mayor then fined Staley and said:

"That was a very serious charge to place against one of my officers. We will not tolerate drunken policemen. I was once lodged in the North Side station myself because they said I was drunk. I can't keep enough of that stuff on my stomach to get drunk."

WARNS DRUNKS

Presiding at South Side Station hearings, McNair discharged six drunks after warning one to keep away from cheap liquor and advising the others to form a temperance league. He told them:

"Every time you feel a drink coming on, call a meeting and resist it. Get others to join."

The Mayor fined George Mamula, 21, of 2716 Sarah street, $5 on a disorderly conduct charge after he refused to pay $2 damages for a broken sugar bowl and cream pitcher in Jerry Vions' restaurant, 2630 Carson street. Vions blamed Mamula and Teris Pilla, of 2809 Carey way. Pilla was dismissed.

KNIFE FOR BOY, PARENTS DEFIED

EAU CLAIRE, Wis., Jan. 24.—(AP.)—A court order will send 4-year-old Raymond Velie to the operating table today despite refusal of his parents to consent to surgery, because of their belief the child "must be healed by the power of God alone."

He is suffering from a leg infection resulting from a fall a month ago. Doctors said it would render him permanently crippled and perhaps result in death if the operation is not performed.

When the parents refused the offer of the city nurse to provide medical attention free, and declined to allow a physician to treat the boy, the case was brought into county court on charges against them of neglect.

Both the father, Lewis Velie, 36, and the mother, 25, insisted "we put our whole faith in the power of God," at the court hearing.

Checco Appointed To City Law Post

City Solicitor Cornelius D. Scully today announced the appointment of Conrad Checco as assistant city solicitor to replace William R. Randolph. Checco was active in the Democratic campaign.

Traction Board Appointment by McNair Snagged

Mayor McNair today stood firm on his short-cut appointment of W. E. Schoyer to the Traction Conference Board and rapped Councilman William A. Magee.

The Mayor said Magee is trying to block Schoyer's appointment. Speaking of Council as a whole, he said:

"They insist that I dot my I's and cross my T's, but when I sent my appointment of Schoyer to Council, my part was done. I am not going to do anything."

Magee yesterday said the Mayor could not appoint anyone to the board until he dismissed a member. McNair had planned to supplant W. Edgar Reed with Schoyer. Magee said the Mayor cannot dismiss any member of the board without a majority vote of Council. He added:

"I think the Mayor has the cart before the horse. He has made no recommendation to Council for dismissal."

Councilman Walter Demmler, chairman of the service and surveys committee, was delegated to learn from the Mayor what he wishes to do.

At the Mayor's request, a special meeting of Council will be held this afternoon at which the Mayor will ask the confirmation of J. William McGowan as police magistrate to take the place of Ralph E. Smith who was named safety director.

GUFFEY-CARR CLASH TOLD

International News Service.

HARRISBURG, Jan. 24.—State Secretary of Labor and Industry Charlotte E. Carr, back from from a trip during which she spoke before the Woman's Democratic Club in Washington, today told her side of the verbal tiff between herself and Mrs. Emma Guffey Miller, sister of Joseph Guffey, Roosevelt leader in Pennsylvania, that occurred at the meeting of clubwomen.

It all happened, Miss Carr said, after she had criticized Guffey in her speech for "political sniping" about things with which she asserted he was not familiar. She continued:

"When I sat down Mrs. Miller arose and spoke rapidly for about 10 minutes. All I could get from what she said was that the CWA in Philadelphia was controlled by Vare and that she believed the Uniontown employment office was a disgrace.

"I got up again and explained that the Philadelphia office was known as a model office for the country. I then pointed out to Mrs. Miller that before she said any more that might prove embarrassing to her she should know that the Uniontown office was one of the federal offices over which the state has no jurisdiction."

$1,867,461 Slash In Budget Advised

Council has agreed to take up the city budget tomorrow at 10 a. m. A report from Mrs. R. Templeton Smith and M. C. Conick urging total reductions in the budget of $1,867,461 was received without comment yesterday. The budget as closed by the old Council totals $21,252,000.

COUNTY SEEKS TO REGAIN GIFT BUILDINGS

The County Legal Department was at work today figuring out a way to recover 41 polling places which an Elections Department employe "gave away" four years ago.

Revelation of the handout was made yesterday by Chief Investigator Leo Riordan.

The polling places—abandoned buildings formerly used by the county—were presented in many instances to political henchmen for their support of the organization, Riordan stated.

And to cap the county's "generosity," Riordan informed the County Commissioners that, where electric lights were still in use in the buildings, the county was usually paying the bills.

The Commissioners immediately ordered a letter to the Duquesne Light Company to cancel light contracts for the structures. They further advised the legal department to see what they could do about back rent.

Listing the locations and "owners" of the polling places, Riordan's report named William F. Billinger as the polling place "Santa Claus" who made the gifts. Billinger was formerly attached to the department of buildings under the direction of Justus Schroedel and was moved to elections for the purpose of making the handouts, according to Riordan.

McNair Bans Word 'Hate' in His Presence

There are certain words and expressions which Mayor McNair forbids his associates to use in his presence, and one of them is "hate," Theodore Moritz, his secretary, told the International Club in the Downtown Y. M. C. A. last night. He explained:

"The Mayor believes strongly in human nature, and holds that since we are one great brotherhood the word 'hate' has no place in conversation. The newspapers have said a great many things about the new executive since he has been in office, and the public should not be swayed too much by what they read."

Moritz spoke in place of the Mayor, who had been asked to attend the meeting. Michael Stancati, counsel to the Italian consul in Pittsburgh, spoke briefly.

UTILITIES SET TO FIGHT TAX

The hearing on proposals to tax public utility meters and telephones has been delayed until tomorrow afternoon at the request of utility executives.

Representatives of the public service companies have been asked to produce statements of their earnings for 1933, book values of their assets and amount of equipment which would be taxable.

The taxes proposed by Councilman John J. Kane are a $5 flat tax on meters and a tax on telephones at the rate of $3 for French phones and $2 for the standard sets.

M'NAIR PRAISES CITY FINANCES

Pittsburgh is in the best financial condition of any city in the country, Mayor McNair told the East Liberty Lions Club at a luncheon meeting today in the Ritz Hotel.

Of the budget, he said:

"Mrs. Smith (budget advisor) has cut out the dead wood. The budget balances now."

The Mayor dwelt on making Pittsburgh a free port and making homes costing less than $5,000 tax-free for five years. Of the latter he said:

"New York city followed this idea when Gov. Smith was at the helm and as a result 200,000 new homes were built. Why can't we do the same here?"

A free port, he contended, would make Pittsburgh hum with industry.

George Stewart, president of the club named a committee consisting of Oscar G. Meyer, John W. Sherrer and Grant Dibert to consider the Mayor's proposals.

Estonia Becomes New Fascist State

TALLINN, Estonia, Jan. 24.—(AP.)—A new Fascist state was born at a midnight cabinet session and was hailed with a salvo of 21 guns.

In accordance with a plebiscite last October Prime Minister Constantin Paets assumed the functions of the president of the republic until he is officially elected. Under the new Estonian constitution he is empowered to issue laws by decree and veto any laws adopted by Parliament.

PAPALE SEEKING MARSHALL JOB

A desultory boom of Magistrate Charles F. Papale for the job of Police Superintendent Ben R. Marshall continued today, sponsored principally by the Italian Democratic Club.

The ball was started yesterday when club members, headed by Frank Nerone, visited Mayor McNair and Safety Director Ralph E. Smith, accompanied by Papale.

Smith suggested circulating a petition. McNair told them nothing that would commit him.

The delegation also asked that the superintendency of highways and sewers and other jobs for to Italian-Americans who supported McNair.

Papale was once linked with the Kline administration, being dropped as police magistrate for former Mayor John S. Herron. He supported McNair.

2,000 Buffaloes Slain, Needy Feast

WINNIPEG, Jan. 24.—(Universal.)—The biggest buffalo hunt in years was over today, and unemployed families in relief camps were beginning to feast on fat bison steaks and roasts.

More than 2,000 bison were slaughtered by 16 "hunters" in a roundup designed to dispose of 2,000 surplus animals in the Wainwright National Buffalo Park, provide meat for the relief camps, and supply Royal Northwest Mounted Policemen with winter coats.

Lot Owner Won't Pay Squatter's Water Bill

City Solicitor Cornelius D. Scully today had before him the problem of what the city can do for a man with a house he doesn't want, didn't buy or build, and who has been charged for water served to the house for another's use.

The man is M. E. Poland, a resident of Alabama. The lot is at 2613 Crispen street, in the Twenty-sixth Ward.

The house, according to a letter written to Council by G. W. Jones III, real estate representative for Poland, is a frame structure built on the property by one George W. Schenck.

Jones complains that Schenck squatted on the property, built the house, and, representing himself as owner of house and lot, persuaded the city to turn on the water supply.

That was all right, Jones said, until in 1932 the depression made itself felt and Schenck told the city he sold the property to Poland. Poland was billed for 1932 and 1933 water supplied the house. That was when he says he found out about the improvement of his property. Now Jones writes:

"This plot that Mr. Schenck is occupying will have too many taxes against it to ever be able to pay out, for in addition to this extra water rent, there is an additional assessment for the house that Schenck built, which must also be paid by Poland.

"So I hereby demand that the water service be discontinued."

CASE LOT ORDER ISSUED FOR RARE RUM

Customers of the state liquor stores who want rare brands of liquors must order them by case lots.

The Liquor Control Board announced the ruling last night along with assurance that it will have Scotch whisky on hand within two weeks. Scotch has been in heavy demand at the stores.

The ruling on case lot purchases of less popular brands, the board announced, is designed to prevent importers or manufacturers from using the state store system to create a market for their goods.

The announcement said:

"The items on sale in state stores are those of popular beverages which were well known before prohibition. The board has had many demands that it buy hundreds of additional items, but it has declined to do so because the brands offered are not well known."

In response to criticism of the restricted stocks of Scotch, the board explained the federal import quota has not been raised, and it has refused to do business with speculators.

Appointment of John M. Walker, of Pittsburgh, as special deputy attorney general to advise the Liquor Control Board, was announced by Attorney General William A. Schnader.

RUM IMPORTS UP 1,100 PCT.

WASHINGTON, Jan. 24.—(AP.)—Imports of liquor into the United States in December were shown by Department of Commerce figures today to have jumped 11 times over November.

The December total was $10,887,825, compared with $888,129 the previous month.

Receipts of spirits in December amounted to 1,349,622 proof gallons valued at $7,099,027, while wines totalled 990,400 gallons valued at $3,788,798.

Canada and the United Kingdom were the two largest suppliers of spirits, the former accounting for 754,384 gallons valued at $4,671,535 and the latter for 328,109 gallons valued at $1,274,078.

Rum Law Explained To Restaurant Men

The state liquor control law as it affects restaurants, was being defined before the Western Pennsylvania Restaurant Association convention today by Special Deputy Attorney General Wilhelm F. Knauer, of the Liquor Control Board.

The convention was closing its sessions at the William Penn Hotel. Interdepartment expense control under the NRA was being discussed by Russell H. Jennings, of Pittsburgh. John Abbott, editor of the Western Pennsylvania Restaurant Weekly, was to outline a plan for elimination of competition.

2 Men Hurt as Car Plunges Into Park

An automobile driven by J. J. Campbell, 65, of 1117 Macon street, plunged 35 feet into Frick Park from the end of Leclair street early today, police reported.

Campbell and W. J. Knight, 44, of 715 Loretta street, a passenger, suffered minor injuries. They were treated at Columbia Hospital. A reckless driving charge was placed against Campbell at East End Police Station.

88 Pints Untaxed Liquor Confiscated

Carmen Logidice was arrested by state revenue agents yesterday after 88 pints of unstamped liquor were found in his establishment at 6308 Station street, it was reported. He will be given a hearing before Alderman Ray E. Schneider tomorrow night.

OBITUARY

Mrs. Delia Martin.

Mrs. Delia O'Connor Martin, 86, mother of the late Judge Richard W. Martin, of the Court of Common Pleas, died yesterday at her home, 210 East End avenue.

She was born in Ireland and came to this country at the age of 13. For 73 years she has been a resident of Pittsburgh. She was a member of the Homewood Methodist Episcopal Church.

Mrs. Martin leaves a son, W. Wallace Martin, of Pittsburgh; three daughters, Mrs. R. T. Graham, of Evanston, Ill., and Margaret Ann and Nellie May Martin, both of Pittsburgh, and a brother, John J. O'Connor, of Pittsburgh.

Funeral services will be held at her home Friday at 2 p. m. Burial will be in Highwood Cemetery.

Osmond M. J. Hutchinson.

Funeral services for Osmond M. J. Hutchinson, Civil War veteran, who died Monday at his home, 2007 Baldwin avenue, McKeesport, were held this afternoon at the Hunter-Stiffler funeral home.

He leaves three daughters, Mrs. Thomas L. Kerr, Katherine and Mary Hutchinson, all of McKeesport.

Maurice J. Ryan.

Solemn requiem high mass will be said at St. Francis Xavier Catholic Church tomorrow at 9 a. m. for Maurice J. Ryan, of 3437 California avenue, North Side, who died Monday.

He leaves his wife, Mrs. Hannah Cronin Ryan; a son, Gerard W. Ryan, and a daughter, Mrs. Harvey N. Nelbling.

Herbert Daily.

Herbert Daily, 75, formerly of Brady's Bend, died last night in West Penn Hospital. He leaves a sister, Mrs. C. J. Allison, of Birmingham, Ala.

Mrs. Elizabeth Mullen.

Solemn requiem high mass will be said at Holy Cross Church Friday at 9 a. m. for Mrs. Elizabeth McArdle Mullen, who died at the home of her parents, Mr. and Mrs. Patrick McArdle, of 2308 Arlington avenue.

Mrs. Elanore B. O'Brien.

Funeral services will be held tomorrow from the Freyvogel Chapel for Mrs. Elanore B. O'Brien, widow of John J. O'Brien. She died Monday at her home, 503 North Euclid avenue.

Mrs. Gladys A. Haupt.

Funeral services for Mrs. Gladys Alberta Haupt will be held at 2 p. m. tomorrow at her home, 131 East Agnew street, Carrick. She died yesterday.

Mrs. Rebecca A. Reed.

Funeral services for Mrs. Rebecca Alford Reed, 78, who died Monday, will be held at her home, 7019 Upland street, tomorrow at 2 p. m.

David H. Shull.

Funeral services for David H. Shull, 54, who died Monday, will be held at the Fisher and Owen Funeral Home, 126 Hazelwood avenue, tonight. Burial will be at Newport, Pa., tomorrow.

Louis Zimmerman, Sr.

Funeral services for Louis Zimmerman, Sr., of 152 Dewey street, Etna, will be held at his home tomorrow at 2:30 p. m. He died Monday.

Druggists' Alcohol Sale Plan Defined

HARRISBURG, Jan. 24.—(INS.)—Alcohol sold by druggists in Pennsylvania must be sold in the original containers in which it is received from manufacturers, the Department of Revenue ruled today in announcing regulations governing its sale and distribution. The ruling explained:

"There is no provision permitting persons other than manufacturers to bottle alcohol from drums, casks or cans."

Caruso 'Carries On' After Stage Mishap

HOLLYWOOD, Jan. 24.—(INS.)—True to tradition, Enrico Caruso, Jr., son of the late great singer, "carried on" today, although injured.

Making his debut as a screen actor and singer, young Caruso sprained his ankle and tore several ligaments in a leg when he tripped over a stage cable set. Doctors placed the ankle in a cast, but he insisted on continuing his role.

RECOVER DRESS SHOP LOOT

In uptown Fifth avenue early today detectives said they discovered a third of the $15,000 worth of women's wearing apparel stolen early Sunday from the Winer Style Shop, 1342 Fifth avenue.

The detectives are holding three men in connection with the robbery. They are Ross Latona, 27, of 1106 Gibbon street; Frank Cillo, 26, of 1032 Gibbon street, and David Luterman, 26, of 36 Wellsford street.

A $1,300 mink coat, afternoon and evening dresses, ladies' suits, coats and hosiery were recovered. A truck was required to transfer all the loot which was recovered by City Detectives Dennis Dwyer and John Dean while they were investigating another case.

Estate of Vance Less Than $10,000

NEW YORK, Jan. 24.—(AP.)—Louis Joseph Vance, novelist, left less than $10,000 when he died last December 16, it was learned today when his will was filed.

Under the terms of the will drawn in 1911, his son, Wilson Beall Vance, of Vienna, Austria, gets a medal of honor and a gold watch. The rest of the estate goes to the novelist's wife, Anne Elizabeth Hodges Vance, who was named executrix with a cousin, Samuel A. Gilmore, of Uniontown, Pa.

Man Kills Wife, Five Children, Hangs Self

CHARLEROI, Belgium, Jan. 24.—(AP.)—Edmond Gray killed his entire family of a wife and five children with a hatchet and then hanged himself in nearby Berzee today. Among the children was a 7-month-old baby.

Gray, who formerly lived in Argentina, was believed to have been driven insane by business worries.

WEAVER HEADS PENNA. BAKERS

Robert E. Weaver, of Philadelphia, was elected president of the Pennsylvania Bakers' Association here today as the three-day convention of the group drew to a close. It will adjourn this evening.

Other officers elected were James R. Harris, of Johnstown, vice president, and O. E. McGregor, of Scranton, treasurer. A secretary will be chosen later by the board of directors.

Directors named for three-year terms were E. R. Braun, Jr., of Pittsburgh; Thomas Schmitt, Harrisburg, and William Haller, Altoona. D. C. Shull, of York, was elected for a two-year term, and Ralph Satzing, of Bethlehem, and Rube Levy, of Kingston, for one year.

SPEED DRIVER TO SEEK GOLD

LONDON, Jan. 24.—(AP.)—Sir Malcolm Campbell, holder of the world's automobile speed record and Sir Alan Cobham, noted British airman, will leave London shortly on aerial quest for gold in the waterless Kalahari Desert, the Daily Mail announced yesterday.

Stimulated by information from an African explorer whose name was not announced, "that there might be a gold reef somewhere in the Kalahari Desert," they planned to go after it.

They proposed to alight in the desert and use the airplane as a base from which to explore on foot with the assistance of a geologist whom they will carry along with them in the plane.

Aside from the gold hunt, Sir Malcolm will seek somewhere in Africa a suitable place for a fresh attempt on his own speed record of 272 miles an hour, made at Daytona Beach in February, 1933.

Insurance President Arrested in N. J.

HACKENSACK, N. J., Jan. 24.—(AP.)—Clarence Love, president of the Penn General Casualty Company, of Philadelphia, was placed under arrest by Prosecutor George F. Losche today and charged with conversion of $198,000 of his company's funds.

Losche said the charge grew out of an alleged illegal stock transfer in which Love was involved.

Romano Trial Set In Yorkville Killing

STEUBENVILLE, O., Jan. 24.—(AP.)—Frank Romano, 30, of Pittsburgh, will go on trial February 26 charged with the murder of former Mayor Benjamin Oliver, of Yorkville. Thomas Viola, 32, of Follansbee, W. Va., indicted recently with Romano, will follow him to trial.

FRANCE JAILS WOMAN SPY

STRASBOURG, France, Jan. 24.—(AP.)—Beautiful Fraulein Sophie Drotz, of Germany, woman spy chief, went to jail today for three years.

"La Belle Sophie," as she is known here, was given two terms; two years for espionage and one year for complicity in stealing a new model French machine gun.

Five men convicted of taking orders from Fraulein Drotz were jailed for one to five years each.

Boy, 2, Swallows Poison at Home

Two-year-old James E. Glendenning, Jr., who swallowed poison he found in the kitchen of his home, 608 North Fourth street, Apollo, yesterday, is in the Citizens' General Hospital, New Kensington, today. The child, who climbed on a kitchen cabinet and got the poison, is improving, according to hospital authorities.

Bridge Key Shop Looted by Robber

Even key shops aren't safe from robbers. Early today somebody jimmied a door of H. W. Tidwell's key shop on the north end of the Sixth Street Bridge and made away with countless keys and valuable tools, all valued at $190.

BINGO RAID CASE LINK DENIED

The German Military Association, with rooms on the second floor of 823 Federal street, today, through its secretary, Alfred Romito, denied it had any connection with a bingo game raided several days ago by police at that address.

According to Romito the game was held on the third floor. George W. Dorn, one of the men arrested, had testified in Police Court he was social secretary of the German Military Association and that the proceeds of the game were for the association. Romito said Dorn, though a member, held no office in the organization.

Uncensored PICTURES OF THE WORLD WAR

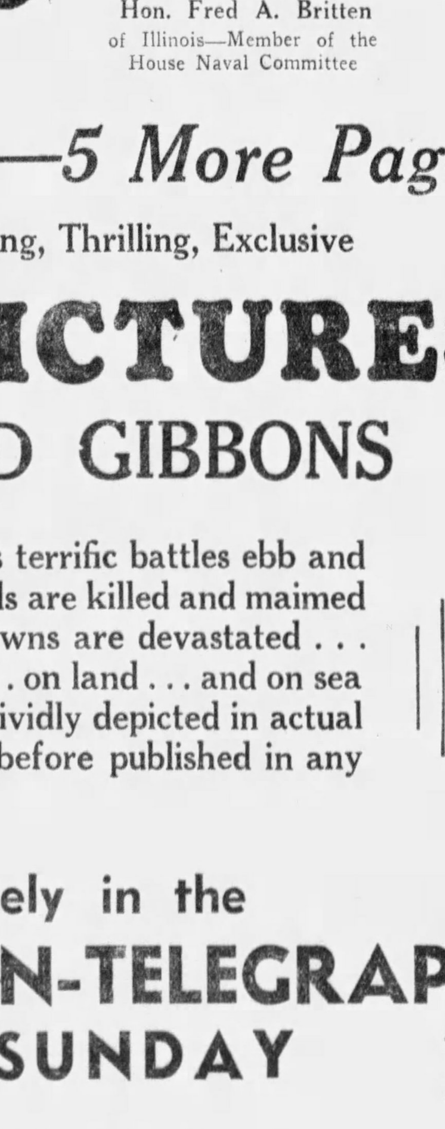
★★★★ Displayed to the House of Representatives ★★★★

at Washington by

Congressman FRED A. BRITTEN

As An Object Lesson Demanding Adequate National Defense

Read his forceful statement at a recent session of Congress



committee.
He said:
"Right here in my hand I hold some war pictures. No one can look at these pictures without cringing. They are the real uncensored pictures of actual scenes during the fighting and are appearing throughout the United States.
"We could better appropriate $1,000,000,000 overnight, if need be, for national defense rather than take one chance in a thousand of a recurrence of what happened on the other side during the World War, as these amazing photographs depict.
"One thousand million dollars would be cheap. You cannot estimate the value of a proper national defense; nobody can."

Hon. Fred A. Britten
of Illinois—Member of the House Naval Committee

January 26—Knoxville Junior High, Knoxville Presbyterian Church.

January 30—Herron Hill Junior High, Herron Hill Auditorium; Latimer Junior High, Latimer Auditorium; Liberty Junior High, Liberty Gymnasium.

January 31—Arsenal Junior High, Arsenal Auditorium; Baxter Junior High, Westinghouse Auditorium; Overbrook Junior High, Overbrook Auditorium; Prospect Junior High, South Hills Auditorium.

Make This at Home

Skilfully Designed to Slenderize the Hips

Pattern 1755

Pittsburgh Sun-Telegraph 15c Practical Pattern

It's all a matter of clever design—this problem of slenderizing the larger figure. This model, for example, will create the illusion of slenderness, because it has been designed with slim, gracious lines that flatter the figure. Note how gracefully the revers will drape over a full bust. Skirt panels seem to slenderize the hips. This frock features lovely new sleeves and a touch of contrast in the vestee. Black with white or flesh is always chic. Navy, bottle green or one of the new berry tones would also be lovely.

Pattern 1755 is available in sizes 36, 38, 40, 42, 44 and 46. Size 36 takes 3⅞ yards 39-inch fabric and ½ yard contrasting. Illustrated step-by-step sewing instructions included.

Send 15 CENTS in coins or stamps (coins preferred) for this pattern. Write plainly name, address and style number. BE SURE TO STATE SIZE.

THE NEW SPRING, 1934 EDITION OF THE PATTERN MAGAZINE IS READY! All the best Spring styles for adults and children in an interesting, helpful book. Send for your copy and be chic this spring. PRICE OF MAGAZINE 15 CENTS. MAGAZINE AND PATTERN TOGETHER, 25 CENTS.

Address orders to Pittsburgh Sun-Telegraph Pattern Department, 243 West Seventeenth street, New York City.

1.—Enclose 15 cents in coins.
2.—Write clearly NUMBERS of patterns and SIZE wanted.
3.—Write or print your NAME and ADDRESS plainly.
4.—If you want SUN-TELEGRAPH Style Book send 10c extra.
5.—Address your request to the

PITTSBURGH SUN-TELEGRAPH PATTERN DEPARTMENT,
243 West 17th St.,
New York City.

FILLING OF DAM TO TAKE YEAR

JAMESTOWN, Pa., Jan. 24.—(AP.)—With a normal rainfall it will require about a year to fill the big Pymatuning Reservoir with 64,000,000,000 gallons of water, says Charles E. Ryder, chief engineer of the State Water and Power Resources Board.

At Jamestown yesterday for ceremonies marking the closing of the gates of the mammoth dam, Ryder and Lewis M. Staley, Secretary of Forests and Waters, explained, however, that an unusually heavy rainfall would fill the reservoir in the next few months.

The $3,500,000 dam will impound a body of water with a shore line of 70 miles, forming the largest lake in the state. The reservoir will supply water for industries and homes in the Shenango and Beaver valleys and will provide flood control for the Northwestern Pennsylvania section.

ORDERS WATER CUT RESTORED

Matt Barnes, health officer of Mifflin Township, today said he had notified Harvey R. Worthington, real estate agent for Carnegie Manor, adjacent to Duquesne, to see that the water supply was turned on within three days or prosecution would follow.

Barnes investigated, he said, after residents of the community of 36 homes had sent a petition to the State Health Department at Harrisburg, demanding water. The state turned the problem over to Barnes.

The supply was shut off January 18 by the Duquesne Water Bureau for non-payment of water rent. Worthington acts as agent for the residents, according to Councilman M. H. Kowallis, chairman of the Public Health and Safety Committee of Duquesne.

VALLEE BATTLE POSTPONED

LOS ANGELES, Jan. 24.—(AP.)—Hearing on Rudy Vallee's demurrer attacking the sufficiency and jurisdiction of his wife's separate maintenance suit was continued for a week when called in Superior Court.

The continuance was ordered yesterday at request of Los Angeles lawyers for the estranged couple, who said delay was desired by New York lawyers awaiting outcome of one phase of the case there.

The lawyers said a hearing scheduled for today on Mrs. Vallee's request for $7,450 monthly temporary maintenance from the singer, also will be put off for a week.

Scottsboro Appeal Hearings Delayed

DECATUR, Ala., Jan. 24.—(Universal.)—Hearings of motions on new trials for Heywood Patterson and Clarence Norris, now under sentence of death in the Scottsboro mass attack case, were postponed at the request of the defense until February 24.

The Negroes are seeking new trials on grounds of prejudice and allegedly illegal exclusion of Negroes from the grand jury which indicted them.

Police Kept Busy Capturing Stray Raccoon

A raccoon kept North Side police on the jump last night.

Chased by boys, the animal took refuge in a sewer in the 2100 block, Spring Garden avenue. Radio Patrolmen Frank Smola and John Greeney removed the manhole cover and rescued the animal.

Taken to the North Side Police Station, the raccoon started after Sergt. Michael Dougherty. Turnkey Ernest Coberly threw an overcoat over it and placed it in a cell. Traffic Patrolman George Woods finally took the animal home as a pet.

GOODWILL ASKS OLD CLOTHING

An appeal for donations of all unwanted clothing has been made by officials of Goodwill Industries. They said numerous needy men, women and children are asking daily for all kinds of apparel. Donations should be sent to the Goodwill headquarters, Liberty avenue and Twenty-eighth street.

Turtle Creek Legion Plans Card Party

The Annual Card Party of Turtle Creek Post and Auxiliary No. 640, American Legion, will be held tomorrow evening, in Westinghouse Cafeteria, Braddock avenue.

Almost a hundred prizes will be given, and there will also be a door prize. Harris L. Taylor is chairman of the Legion committee, and Mrs. George W. Snyder of the Auxiliary.

Gone! That COLD—

When This Remedy Gets Busy!

A cold is no joke and Grove's Laxative Bromo Quinine treats it as none! It goes right to the seat of the trouble, an infection within the system. Surface remedies are largely makeshift.

Grove's Laxative Bromo Quinine is speedy and effective because it is expressly a cold remedy and because it is direct and internal—and COMPLETE! It does the four things necessary. It opens the bowels, combats the cold germs and fever in the system, relieves the headache and grippy feeling and tones and fortifies the entire system. That's the treatment a cold requires and anything less is taking chances. When you feel a cold coming on, get busy at once with Grove's Laxative Bromo Quinine. For sale by all druggists, 30c and 50c. Ask for it by the full name and resent a substitute.

Is Your Trouble This Morning due to last night's alcohol?
Like too much food, too much exercise or too much of anything, excess of alcohol sets up an acid condition that is responsible for sick headache, sour stomach and the hope that you'll die. But don't despair. Get quick relief by taking BRIOSCHI (pronounced Bree-osky).
Brioschi makes a sparkling, fizzy drink that tastes like a good old-fashioned lemon soda. And in 30 minutes all the bad effects of the alcohol are gone. Brioschi quickly neutralizes the acids you've created in your system, you feel fit as a fiddle again.
Brioschi is a great "pick-me-up". It was discovered in Italy 50 years ago. Italians drink it regularly, as we do soda water. Try Brioschi once and you'll always have it handy.

After Ten years of Progress

CHRYSLER leaps ten years ahead!

AFTER ten years of courageous pioneering, Chrysler now pioneers again . . . bringing to the world a motor car so advanced that it literally creates a new form of travel.

The new Airflow* Chrysler seems actually to ignore the road it runs on. It takes any kind of road at any rate of speed as serenely as if it were cushioned on air.

Dynamic Balance

This marvelous Floating Ride is made possible by scientific application of dynamic balance. All important weights have been redistributed.

The engine is over the front axle. The passengers are suspended at the center of balance . . . 20 inches forward of the rear axle. You'll realize what that means if you call to mind the old-fashioned beam-type scale . . . with the beam suspended exactly at the center of balance. As the beam swings, the ends move in a wide arc . . . but the center scarcely moves at all.

In the Airflow Chrysler, you ride with a minimum of motion at the center of balance . . . and in addition there are two other factors that contribute to the Floating Ride.

THE CENTER OF BALANCE MOVES LEAST

The action of the front springs is entirely independent of the rear. And the "periodicity"—or rate of movement—of the springs has been slowed down to a point that science proves to be most agreeable to human nerves.

The result is an effortless ease of motion beyond anything you have ever experienced in any kind of vehicle.

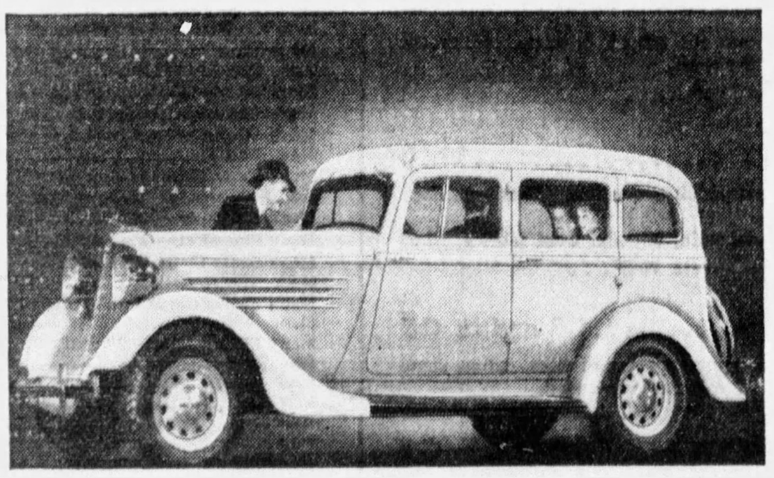
The World's Safest Car

The Airflow Chrysler is the world's first true "ride-inside" car. The all-steel body and frame are a single unit. Part of the frame is actually over your head. You ride inside a rigid bridgework of steel girders. This strong Airflow body also makes possible a car as spacious as a drawing room. Front and rear seats are like divans . . . both have plenty of room for three. And there is a big inside luggage compartment back of the rear seat.

Airflow also provides for the perfect ventilation system . . . with clear vision, maximum air control, and no wind roar.

Befitting a car so modern and advanced, the interiors are wholly new. The roof makes use of a new material . . . dustproof, washable, strikingly beautiful.

No description however can quite convey to you what the Airflow Chrysler is like . . . you must see it and ride in it . . . that alone can give you the story.



A NEW CHRYSLER SIX
with independently sprung front wheels

Companion to the new Airflow Eights is the handsome 1934 Chrysler Six . . . worthy successor to the famous Chrysler Sixes that have made every year a brilliant year in the decade of Chrysler progress. ☆ The 1934 Six is a bigger Six . . . with the flashing performance of 93 horsepower . . . with seven roomy, beautifully streamlined models on 118 and 121-inch wheelbases. ☆ It has a new, perfected ventilation system . . . with increased vision . . . and a wide range of adjustment for every passenger. ☆ It has independently sprung front wheels . . . to give a levelized, cushioned ride over any sort of road . . . safer, smoother, steadier. ☆ The surprisingly low price is a revelation in value giving.

Four Distinctive 1934 MODELS

CHRYSLER AIRFLOW EIGHT . . . 122 horsepower and 123-inch wheelbase. Six-passenger Sedan, Brougham and Town Sedan, five-passenger Coupe. All body types, $1245.

CHRYSLER AIRFLOW IMPERIAL . . . 130 horsepower . . . 128-inch wheelbase. Six-passenger Sedan and Town Sedan, five-passenger Coupe. All body types, $1495.

AIRFLOW CUSTOM IMPERIAL . . . 146-inch wheelbase . . . 150 horsepower . . . magnificently-styled, individualized body types.

1934 CHRYSLER SIX . . . With independently sprung front wheels . . . for smoother, safer riding . . . 93 horsepower, 5 body types on 118-inch wheelbase; 2 types on 121-inch wheelbase. Priced from $725 up. 4-door Sedan, $795.

All Prices F. O. B. Factory, Detroit

All 1934 Chrysler models have patented Floating Power engine mountings . . . safety all-steel bodies . . . hydraulic brakes . . . all-silent transmissions . . . alloy steel valve inserts . . . Oilite squeak-proof springs . . . free wheeling. Automatic clutch available.

WAR PICTURES HAILED AS WARNING

Universal Service.

A warning that America must be prepared!

Thus leading Americans unanimously interpreted the five pages of uncensored war pictures published in last Sunday's Hearst papers.

Army and Navy circles hailed the pictures of the horrors of the "First World War" as a great moral lesson. Rear Admiral Ernest J. King said:

"The more nearly we maintain national preparedness, the fewer occasions will arise when future pictures of that kind will be of American citizens.

"Particularly we need to maintain our Navy at full treaty strength, and that includes maintaining a treaty Navy with full aircraft complement."

'GREAT SERVICE TO U. S.'

United States Senator Royal S. Copeland said:

"It is an unfortunate thing that we so easily forget unhappy events in our lives and remember only those things which are pleasant to us.

"Because of this human failing, I think the New York American and other Hearst newspapers are rendering a great service in printing the pictorial history of the last World War and all of its horrors.

"There is, unfortunately, in this country a growing spirit of pacifism of the type that leads to abandonment of national defense and a false sense of security.

"The surest way to impress on our people the need of national defense is to remind them of what happened through lack of it 15 years ago.

"Broken bodies do not remind us of these things more impressively than do the pictures of the ghastliness and horror of that conflict which maimed and killed so much of our manhood."

'SET NATION THINKING'

Commenting upon the fact that such a grim exhibit of the ghastly phases of the conflict "had set the nation thinking," William Howard Gardiner, former president of the Navy League of the United States, said:

"These war photographs were very moving. They should turn everyone against war, but, unfortunately, some people do not realize that unpreparedness against war is an almost certain invitation to predatory powers to attack the defenseless.

"I have long insisted that in this world, as it still is, adequate armaments are necessary to secure from some of the powers the peaceful respect for American policies and interests.

"In order to avoid the incomparably greater losses and costs of war, consequent, as in 1917 and 1918, from the inadequacy of our armaments, I have consistently advocated since the Washington naval treaty of 1922 an orderly naval building program to round out the United States fleet to treaty terms and ratios—as now, at last, advocated by the leading civil authorities in Washington."

'NECESSITY FOR ARMING'

Maurice Stember, state adjutant, department of New York, American Legion:

"The publication by the New York American and other Hearst papers of the uncensored war pictures has come at just the right time to bring home to the public mind the necessity for fully arming ourselves against a repetition of such a disaster. Much of the loss of life in '17 and '18 came because the nation was caught unprepared for a conflict of that magnitude.

"Our stability most certainly depends on the strength of our forces on land, sea and in the air. It is high time that people were stirred to a realization of the horrors the A. E. F. went through, and to the further realization that such an experience is a brutally costly one, both in human life and in dollars."

Will of 13 Words Leaves $8,000 To Grandson

In a will of one sentence filed for probate today, Anton Lukjanec, of Sarah street, left an estate valued at $8,000 to a grandson, John Milins. The brief document said:

"I, Anton Lukjanec, leave my property and money to my grandson, John Milins."

Mary Nies, of Mt. Oliver, bequeathed an estate valued at $22,800 to two sons, Henry J. and William J. Nies and named them executors.

Congresswoman Praises Uncensored War Pictures

WASHINGTON, Jan. 24.—Uncensored war pictures now appearing in the Hearst newspapers are the most potent argument for adequate national defense, Representative Florence Kahn (Rep.), of California, declared yesterday in a House speech.

Praising the war pictures, Mrs. Kahn said:

"They show exactly what we were up against through lack of preparedness, and I trust that never again in the history of our nation will we be caught in such a fix.

"These pictures—photographs previously held confidential by the censors—are the most amazing portrayal of the horrors of war ever published. The papers are doing a service to their country in publishing them."

Two Held in Theft Of Furs From Store

Charged with the theft of furs valued at $1,000, Sidney Klein, 19, of 253 Atwood street, and Joseph Frank, 22, of 5530 Hays street, were held for further investigation by Magistrate Howard B. McNutt in Morals Court today. Detectives testified the furs were stolen during a period of several months from the fur store of Max Azen at Penn avenue and Ninth street.

Cruelty Charged In Divorce Suit

Marjorie Louise Ewing, 136 South Fairmont street, has filed suit for divorce against William H. Ewing, 6628 Dalzell Place.

Mrs. Ewing charges cruel and barbarous treatment and indignities. They were married January 4, 1928.

Indigestion, Sour Stomach

REGULATE your stomach and liver and build up the blood with Dr. Pierce's Golden Medical Discovery. The entire system feels the beneficial effect. Your appetite increases, you feel better than you've felt in years. Mrs. J. Shrider of 106 Marion St., Scranton, Pa., said: "Indigestion caused me no end of trouble—my food seemed to sour in my stomach. I had no appetite and would get dizzy spells. Also my skin would become sallow and yellow. Dr. Pierce's Golden Medical Discovery gave me quick relief from my ailments. I had a wonderful appetite, was no longer nervous, my skin cleared up and those miserable headaches disappeared."

Write Dr. Pierce's Clinic, Buffalo, N. Y. New size, tablets 50 cts., liquid $1.00. Large size, tabs, or liquid, $1.35. "We Do Our Part."

There Is Help For Your Financial Problems

CHIEFS ELATED AT NAVY BILL PROGRESS

WASHINGTON, Jan. 24.—(AP.)—High navy officials today pictured an American fighting fleet placed "on a business basis" as a result of what they termed "a sincere response by Congress" to the Vinson bigger navy bill.

The appropriation bill carrying $284,747,000 for the Navy next fiscal year was passed today by the House and sent to the Senate.

Although the measure appropriates $33,619,334 for ship construction to bring the fleet up to treaty limits, it does not provide for the replacement of ships which now are or will be over useful age when the London treaty expires December 31, 1936.

SEEK QUICK PASSAGE

Earlier, the House Naval Committee had abandoned plans to seek enactment of the Vinson bill as an amendment to the regular supply bill. The Vinson bill would provide for a construction program to bring the Navy to treaty limits.

Chairman Vinson told the House he will ask the rules committee to give legislative right-of-way to his bill, which is approved by the administration, so that it soon may be brought up for passage.

Navy chiefs named the ships specifically authorized as one aircraft carrier of 15,000 tons, 99,000 tons of destroyers and 35,000 tons of submarines in addition to 33,000 tons of six-inch gun cruisers, one 10,000 ton heavy cruiser—all these in addition to the vessels now being built under recovery act funds and regular appropriations.

PLAN 20 SHIPS IN YEAR

Approximately 20 ships could be laid down in the first year under the Vinson program. These would probably be divided between 14 destroyers and six submarines. The whole program under the measure would call for appropriation of some $380,000,000 or $400,000,000 annually.

Admiral William H. Standley, chief of naval operations, asserted that not only would the measure place the navy "on a business basis," but after establishing the fleet at full treaty strength would "keep it there". He said:

"It would take care of needed tonnage in aircraft carriers, destroyers and submarines. The cruiser tonnage required has already been authorized in the cruiser bill of 1929."

Token Payments by Europe Part of Scheme to Sell Debt Reduction Idea to U. S. People

(Continued From Page One.)

vantageous to the country for the purpose of furthering public works and other federal schemes.

BUT SIX BILLION dollars as a final settlement was considered TOO HIGH by Europe.

Europe wants further drastic downward revision.

And giving up gold in any substantial amount is not popular with Great Britain or France.

Agents of the administration have conceded that further modifications to meet European objections are necessary.

But the machinery to utilize the Bank of International Settlements whereby notes or bonds secured by debtor countries could be utilized by the American Treasury is still considered in certain administration circles as a possible framework for making war debt revision "practicable" and "palatable" to the American people.

Whatever the machinery adopted, one thing is clear.

Agents of the administration regard with favor further drastic reduction of war debts.

The disposition naturally is to give the most favorable consideration to Great Britain.

But it is admitted that any readjustment with Great Britain must proportionately be accorded other debtors.

ONE PROMINENT SPOKESMAN of the administration suggested in the course of informal diplomatic conversations that the administration would favor according Great Britain similar terms accorded the French under the Mellon-Berenger agreement.

THIS IS NOT ACCEPTABLE TO THE BRITISH.

Another agent of the government declared the administration favored cutting the British debt EIGHTY PER CENT.

During the negotiations last November in Washington between British Treasury officials and American Treasury and State Department officials, the question of a final settlement was again taken up.

But again the problem of the inability of the executive to deal with war debts alone and the apparent hostility of Congress held up any "progress."

GREAT BRITAIN decided to make another token payment. But comment in official circles in London was bitter. And the "token" was reduced this time to $7,500,000, which represents LESS than a ten cents on the dollar settlement.

Europe, nurtured by hopes of revision by spokesmen, authorized or unauthorized to speak the true sentiment of the administration, is impatient and insistent about war debts and the basis of Europe's proposal for settlement is TEN CENTS ON THE DOLLAR OR LESS.

Inasmuch as one-half of France's debt already has been forgiven her, such a settlement with France would amount to five cents on the original dollar loaned—and France is unwilling to pay THAT.

If such settlements are unsatisfactory to the American Congress and the American people they must be careful how they delegate extraordinary powers to the President regarding tariff adjustments, international fiscal policies and treaty agreements, as these powers are likely to be employed for debt settlements in inextricable combination with other agreements, and the American government, like the dog in Aesop's fable, will lose the bone while trying to secure an empty shadow.

JAPAN SEEKING U. S. PACT ON FRIENDSHIP

TOKIO, Jan. 24.—(AP.)—Foreign Minister Koki Hirota told Parliament today he was "communicating with the American government" in an effort to facilitate a friendly solution of "different problems likely to arise one or two years hence."

He referred to naval issues expected to come to a head in 1935 and 1936, when the present naval limitation treaty expires.

Replying to questions of representatives, the Foreign Minister said he hoped eventually to agree with Soviet Russia on removal of military establishments from both sides of the Siberian-Manchukuo border.

Ban On War Stories To Be Pushed in Japan

By JAMES R. YOUNG

Universal Service.

TOKIO, Jan. 24.—Japan in future will exercise control over publications which predict wars involving the United States, Russia and Japan, cabinet members told the House of Peers yesterday.

Subjected to rigorous interpellations, Gen. Senjiro Hayashi, new minister of war, stated:

"I recognize that magazines fanning war sentiment should be checked when they maliciously cater to the imagination of the public."

CHARGE MUSSOLINI AID

The Tokio newspaper Hochi carried a special dispatch from Washington which said:

"Every article from W. R. Hearst's correspondent in Tokio becomes exaggerated in America, intimating Japan will declare war on America."

The article was accompanied by a large photograph of Mr. Hearst. It added:

"The Hearst papers have secured Premier Mussolini's assistance in their campaign against Japan. It is outrageous to take advantage of a Japanese article on war."

WARNING RECALLED

It was presumed this was a reference to an article in the magazine Gendai, published in the Hearst newspapers, in which Admiral Suetsugu warned Japan to defend herself against the United States.

Referring to a recent speech by Stanley K. Hornbeck, chief of the Far Eastern Division of the American State Department, reaffirming the doctrine of nonrecognition of governments established by force, the dispatch stated:

"Hornbeck probably delivered the speech without a correct understanding of President Roosevelt's views. Until the President's policy regarding the Orient is better known, Japan will be wise to pay little attention to the utterances of State Department officials."

Papers in Russia Stress Tokio Peace Aims

MOSCOW, Jan. 24.—(AP.)—Principal newspapers published without comment today a digest of the speech of Foreign Minister Hoki Hirota before the Japanese Diet.

The version which appeared here contained no reference to the Japanese minister's expression of regret at Soviet criticism of Japan nor of his denial that new Japanese military establishments have been placed on the Soviet-Manchurian frontier.

It emphasized instead Hirota's declaration that Japan wants peaceful relations with the Soviet Union.

Pennsy Wins $23,969 In Suit Against City

By consent of both sides the Pennsylvania Railroad today obtained a verdict of $23,969 against the city of Pittsburgh for inroads on the railroad property in building the Liberty Bridge. The railroad went to court after the Board of Viewers had awarded it $20,000.

TAX ON SALES GETS ILLINOIS OUT OF 'RED'

CHICAGO, Jan. 24.—From a state that if it was not actually bankrupt, was considering such desperate and confiscatory tax measures as to imply bankruptcy, Illinois has become the master of its revenue problems—and has done it in six short months through a 2 per cent sales tax.

So successfully has the tax worked out in that short period, that Illinois has not only been able to forego burdening property owners with a contemplated 75 per cent increase in its real estate tax to meet an impending revenue crisis, but it has been able for the first time in history to eliminate a real estate tax.

When the Chicago Herald and Examiner took the initiative in proposing a state sales tax, organized opposition was quick to form. The Herald and Examiner pointed out the feasibility of the measure it sponsored at the start, and maintained consistently that it would be a "painless" tax. The truth of this contention has since been established.

After passage of the sales tax bill by the Legislature, certain opposition elements carried their fight on the tax to the State Supreme Court, which upheld its legality. Now it is met with general accord, and even the groups which formerly opposed it are compelled to concede its benefits.

GREAT RELIEF

Indeed, they have been incalculable.

On the basis of returns over the six months it has been in operation, the sales tax will produce anticipated revenue in 1934 in excess of $35,000,000. Collections since July 1 have been at the rate of almost $3,000,000 a month, and for the first time in the 115-year-history of this state, property owners are entering the New Year relieved entirely of any tax from the state upon their real estate.

Revenue has come in steadily, and the state administration knows that it will continue to come in. Payrolls are being met, the schools are getting their share of the distributive fund, disquiet of taxpayers has been allayed, and Illinois is again on a cash basis.

Phychologically, the sales tax has demonstrated from its experience in Illinois that it is the most painless possible. Consumers do not realize that they are paying it. The retail price of commodities has been fixed to include the sales tax factor, but the tax has been incorporated into base costs and not added as an "extra" to individual purchases. Thus it goes unnoticed.

PRAISED BY GOVERNOR

Gov. Henry Horner has been unstinting in his praise of the sales tax, which he credits with working the salvation of the state government. He said:

"It's benefits are far-reaching. It has made possible abolition of the state tax levy and has enabled Illinois to become the only state in the Union to effect elimination of the burden on property in this direct way.

"Certain special funds, including the school distributive item, have been crippled by failure of past rates to produce sufficient revenue for their needs. The pension fund for the blind, the solodiers' compensation bond fund, the waterway bond fund and the fund for the state university were among those to suffer. The sales tax now guarantees them their requirements.

"The practical and constitutional success of the sales tax means that other imposts of the same nature can be applied in the future to give Illinois a new revenue structure under which real estate can flourish, even while costs of government are maintained."

ENGINEER FIRED FOR $20 JOB

County Commissioners were considering today whether they should restore a county engineering job to Norman Abel, who was fired because he accepted a $20 a month job from the Borough of Oakmont.

Oakmont councilmen yesterday protested Abel's dismissal, explaining the small salary and the advisory nature of his borough job. They said he would not have accepted if he had known it meant a choice between that and his county position.

Two other engineers, whom the councilmen indicated had other beside county jobs, were ordered investigated by the Commissioners.

Trade Board to Hear Tax League Head

I. Leonard Aronson, president of the Allegheny County Real Estate Owners' and Taxpayers' League, and C. V. Shoup, executive director, will address the West End Board of Trade in the Odd Fellows Hall, Wabash avenue and Steuben street tomorrow night.

Members of the Sheraden Board of Trade and the Greentree Advancement League as well as the public have been invited to attend the meeting. John E. Shields, president of the West End Board of Trade, will preside.

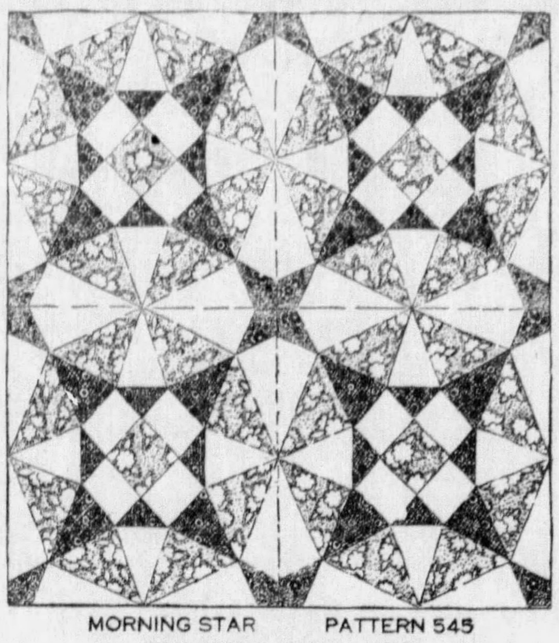
LAURA WHEELER DESIGNS



MORNING STAR PATTERN 545

This Quilt Is Easy to Make

Stars have always been favored by the quiltmaker. Unlike many star quilts, though, Morning Star, as lovely as its name, is very easy to make. It has a quality seen in few quilts; when finished it has the effect of two patterns laid on each other. Simple and quick to construct, the pattern is handsome carried out in four materials as shown.

Pattern 545 comes to you with complete instructions for cutting, sewing and finishing, together with yardage chart, diagram of quilt to help arrange the blocks for single and double bed size, and a diagram of block which serves as a guide for placing the patches and suggests contrasting materials.

Send 10 cents for this pattern to the Pittsburgh Sun-Telegraph Needlecraft Department, 82 Eighth avenue, New York City.

FIGHT TROLLEY SHORT ROUTE

Petitions protesting the short-routing of street cars on routes 86, 88 and 95 at Penn avenue and Ninth street will be presented at a future conference between officials of the Homewood and Brushton Board of Trade and representatives of the Pittsburgh Railways Company, according to John A. Blair, president.

Blair, Allen D. Riester, secretary, and Frank Shaughnessy, director of the trade body, conferred yesterday with railway officials, complaining against the unloading of street car riders at Ninth street, whose employment calls them several blocks west of the looping point.

Riester and Shaughnessy pointed out that the repairs to Sixth, Seventh and Ninth street bridges, which had been given as reason for looping the cars at Ninth street, long since had been completed. Blair said:

"The traction officials admitted that this was the reason given when short-routing started at Ninth street, and intimated a possibility of bringing route 88 down to Seventh street."

Women to Hold Benefit Party

Live Oak Review of the Women's Benefit Association will hold a card party tonight at Moose Hall, 14 North avenue. Mrs. Henrietta Neison, president, is chairman.

MUSIC

Wachter String Quartet

Carnegie Lecture Hall

THE PROGRAM

Schubert ..... Quartet A-minor
Tschaikowsky ..... Scherzo
Goossens ..... By the Tarn
Schelling ..... Tarentella
Beethoven ..... Quartet C-major, Op. 59, No. 3

The Wachter String Quartet again appeared last night in Carnegie Lecture Hall, offering a well-made program of classic music. The moderns represented, Goossens and Schelling, showed shorter works of unusual thoughtful material and excellent workmanship, music easy for any audience.

Mr. Lissfelt

The quartet showed a marked improvement over its last concert. Much of the rawness of tone is disappearing, and rapidly too, attacks are better reckoned, and there is greater clarity in phrasing. Now if these players can manage an individual style, more repose with it, they will again have made a big step toward upholding our best local traditions in chamber music.

The andante of the Schubert and much of the Beethoven had first class playing, though Goossens' "By the Tarn" was the happiest contribution.

J. FRED LISSFELT.

VERMONT TOWN SEEKS JOBLESS

LUNENBURG, Vt., Jan. 24.—(AP.)—Picture this community's embarrassment when no unemployed could be found among its 1,500 population.

The town voted to develop a new airport, using CWA funds, to give work to unemployed. The project was scheduled to begin yesterday, but the selectmen could find no eligible candidates for the work.

Scouts were sent over the deep snow on snowshoes to seek two residents of outlying sections who were rumored to be without employment.

Location here of a newsprint factory is largely responsible for Lunenburg's fortunate economic condition.

BREWERY GETS RECEIVER

The General Braddock Brewing Company, of Braddock, was placed in receivership yesterday in Federal Court, after the filing of an equity suit by Carl Ullman & Company, of New York, which alleged that the Braddock concern owed it more than $3,000 for malt and hops.

The bill of complaint said the brewing company has a plant and equipment worth approximately $250,000, and other assets, but is unable to meet maturing obligations. Daniel Rooney, secretary of the defendant company, answering the bill in behalf of the company, admitted the allegations and consented to a receivership.

RADIO -:- Waring, Allen, Spalding, McCormack -:- FEATURES

Melody Fills Tonight's Schedule

J. Harold Murray, stage and screen star, who has been hailed by some critics as the possessor of "the greatest he-man baritone voice in America," is guest of the Troubadors during their broadcast over NBC-WCAE tonight at 9.

The Campus Choir joins Murray in several songs.

* * *

Air mail and ocean mail subsidies paid by the United States government are explained by Senator Hugo L. Black over NBC-WCAE tonight at 10:30, on the National Radio Forum program.

* * *

Albert Spalding's own composition, "Sunday Morning and Hurdy Gurdy," a whimsical interpretation of familiar city scenes, is the famous violinist's first number on his broacast over CBS-WJAS at 8:30.

* * *

M'CORMACK

"Norah O'Neale" is John McCormack's initial solo tonight at 9:30, over NBC-KDKA.

The Irish tenor also sings Ethelbert Nevin's "Oh That We Two Were Maying."

* * *

Rosemary Lane is featured in two numbers, "Supper Time" and "Not For All the Rice in China," during the Waring-Pennsylvanians program, heard over CBS-WJAS at 10 o'clock.

* * *

Fred Allen and company present a fast and furious half-hour musical revue over the NBC-WCAE network from 9:30 to 10.

* * *

"The Third Alarm," a story of three generations of firemen, two of whom became inmates of Sing Sing, is dramatized over NBC-KDKA at 9, by Warden Lewis E. Lawes.

* * *

SYMPHONY

Leopold Stokowski, conducting the Philadelphia Orchestra, offers the second part of Rimsky-Korsakoff's celebrated tone poem, "Scheherazade," over a CBS-WJAS network tonight at 9.

* * *

"Five Spirits of Rhythm," young Negro quintet, sing their version of "Limehouse Blues," "Star Dust," "Tiger Rag" and other numbers during their program on CBS-WJAS at 11:15.

* * *

Pat Nataro's Orchestra plays a half-hour of dance rhythms over KQV at 8:15.

* * *

Charles Donley discusses the proposed St. Lawrence Waterway from Great Lakes to the Sea, over WWSW tonight at 8.

GLOBE-TROTTING

By LOUIS L. KAUFMAN

Hello, ladies and gentlemen:

Here comes a missive from Penn Township. That's the place, you know, that became famous for its "Liars Contest."

Well H. T. H. wants me to stress in all fairness some of the good points of the township, for instance that it has the lower taxes than ever so many townships of its size.

The low taxes, are not accidental, either. They are because the groundhogs grew to 200 pounds. One of the residents captured several and caged them in the back yard. The woodchucks tunnelled under the cage to the river bank 22 miles away. When the owner missed his groundhogs he found these tunnels six feet high. The county sent a man out to put sewer pipe through them and now Penn Township has a sewerage system already to use.

* * *

McKeesport tells me of a story about a lad who rested under an apple tree laden with so many apples that the upper ones crushed the lower ones.

The resultant cider refreshed the lad reclining beneath the tree.

Maybe McKeesporters are going to start a contest now.

Red's Sister

Elizabeth Wragge is "Betty" in the "Red Davis" sketches heard over NBC-KDKA every Monday, Wednesday and Friday nights, 8:45.

EARLY THURSDAY PROGRAMS

Intelligence Test for Sponsor

By AIRCASTER

Some of the more fastidious and fair-minded members of the radio audience feel that in discussing recently the mooted intellect of the average listener, I haven't been quite just.

The business, so the customers who always write say, should work both ways.

And anyhow, why neglect the program patrons? Why not give them a chance to shine in an intelligence test?

With the help of my persevering helper, Jimmy Gilfeather, I have anticipated the sociologist today by preparing an I. Q. series of queries and problems for radio sponsor, so he can gauge his own intellectual powers.

The patron who can use the right words in the following sentences, is unanimously conceded possession of ordinary intelligence:

It is a patron's duty primarily to be interested in the listeners' . . . (Adam's apple) (health) (credulity) (bankroll).

It is a safe rule that every program should include a (an) . . . (orchestra) (crooner) (contest) (relative) announcer).

Advertising plugs should always come . . (in-between) (first) (last) (continuously).

All good commercial programs make it their policy to (originate) (imitate) (emulate) (duplicate) (irritate).

The cherished maxim of a show producer should be, "the public be ———" (served) (amused) (abused) (excused) (damned).

In order to squirm out of this test without disgracing yourself, you must be able to check the following statements for falsity or truth:

You can really have teeth like the "glamorous Hollywood stars" . . . . false ( ) (natural) ( ).

It is commonly known that boards of directors can and do write better jokes than comedians.

That the little daughters of sponsors know more about music than band leaders and an artist is given a raise every time he is discovered using a competitor's product in public . . false ( ) true ( ).

Listeners simply rave and get a big "kick" out of listening to studio audiences having a swell time . . . false ( ) true ( ).

Artists always should be chosen to conform to the things they are selling, as Kate Smith selling cigars; street singer selling deodorants, etc . . . false ( ) true ( ).

AUTO SHOW NEWS FLASH!

NEW PLYMOUTH SIX LOWEST PRICED CAR WITH INDIVIDUAL WHEEL SPRINGING

..And it's the only car in its field with Floating Power · Hydraulic Brakes · Safety-Steel Body!

VISITORS to the Auto Show were quick to make a big discovery. With all the talk that there has been about individual front wheel springing . . .

The only car in the very lowest price class with this big new feature is the New Plymouth Six!

Individual wheel springing takes the bumps out of your ride. It gives you *road*-smoothness as Floating Power engine mountings give you *engine*-smoothness. It means a more comfortable ride for both driver and back seat passenger.

Plymouth feels that this extra comfort belongs in its lowest-priced line as well as in the De Luxe. So Individual Wheel Springing was put in *every* model.

Three other Big Features

Nor is that Plymouth's only big feature not offered in other low-priced cars at the Automobile Show. You'll find hydraulic brakes—which no other low-priced car offers.

You'll find big, roomy bodies that are safer, as well as longer lasting, because they're steel reinforced with steel.

You'll find Floating Power engine mountings—which mean that even in the very lowest-priced cars you need not have your ride spoiled by engine vibration!

You'll find *all* of these things in *all* Plymouths—and it's the only car in its price class where you will find them all.

They're not the only things that make Plymouth the best engineered low-priced car. But they're enough to show the fundamental difference between Plymouth and other cars! They show the Plymouth *principle* of giving the lowest-priced car buyer all the major features that the buyer of high-priced cars gets!

Don't *wait* to see Plymouth. Go see it at the Auto Show—where you can compare it side by side with the other low-priced cars. Then visit the nearest Dodge, De Soto or Chrysler dealer—and set a date when you can drive it yourself.

Standard models: 2-door sedan $535; 4-door sedan $585; rumble seat coupe $545; business coupe $495. De Luxe Models: 2-door sedan $595; 4-door sedan $650; convertible coupe $660; rumble seat coupe $615; business coupe $575. Prices F. O. B. factory, Detroit, Michigan. Individual Wheel Springing standard on all models.

$495 AND UP F.O.B. FACTORY, DETROIT

NEW PLYMOUTH SIX

It's the Best Engineered Car in the Low-Price Field

Table Cloths
65c
All linen with colored borders. 52x52-inch size—65c. Size 60x90 inches, $1.25.

In Mayfair —With— Patricia Pitt

Patricia Pitt's Sprightly Comment on Pittsburgh Society Happenings

There isn't much going on right now in the way of parties, to be sure, but there's plenty to go to—if one likes music, and Pittsburgh's smart set does.

In addition to all the visiting artists appearing here this winter in concerts, we have our own fellow townsmen giving concerts.

String Ensemble Will Give Concert Friday

First of all, there have been two concerts given by the Pittsburgh Symphony Orchestra in Syria Mosque. They've both been notably well-attended, and Syria Mosque is a huge place.

Then there was the Pittsburgh String Orchestra concert Tuesday night at Carnegie Music Hall with Pittsburgh women as well as men playing.

And Friday still another group of Pittsburgh musicians will appear in concert, the Pittsburgh String Symphonic Ensemble. The concert will be given in Carnegie Music Hall under the direction of Oscar Del Bianco.

Mrs. Rea Entertains At Dinner in South

Some news from fashionable Palm Beach. Mrs. Henry R. Rea, Sewickley Heights social leader, and Palm Beach as well, gave a dinner for the de Lancey Kountzes, of New York, house guests of the Edward Shearsons, Sunday night at her Palm Beach home.

There's to be a Presidential Ball in Palm Beach, too, and Mrs. Rea was among the first to reserve a table for the event, to be given in the Everglades Club the same night as the ball here, January 30. There'll be 5,000 balls given the same night all over the country for the benefit of the Georgia Warm Springs Foundation, which is working to aid infantile paralysis victims all over the country.

Pittsburgh to Lose Artist, Blossom Lomax

Pittsburgh is going to lose one of its most charming young artists—Blossom Lomax. Blossom and her parents, the H. A. Lomaxes, of South Dallas avenue, are going to move to Reading, Pa.

Blossom was a leader in the all Pittsburgh women artists exhibit shown a year or so ago in downtown Pittsburgh.

The George Phelps Roses are going to leave town, too, but just for the remainder of the winter. They'll leave Tuesday for California. And on their way home they'll go to Vancouver to visit their daughter, Mrs. James W. Benning, the former Sara Rose.

ROBERT JOSEPH COYLE III'S BETROTHED

VIRGINIA EMOGENE LEE...A FRAMED PICTURE OF HER FIANCE ON THIS SILL IN THE COYLE HOME, IN BEACON STREET

Miss Lee, Hagerstown, Md., pictured during her visit with her parents, Mr. and Mrs. James E. Lee, to the home of her fiance's parents, Mr. and Mrs. Robert Joseph Coyle, Jr. Her betrothal has just been announced. This is a Sun-Telegraph picture.

Homewood Girl Is Married to New Yorker

Mr. and Mrs. M. E. Boyles, of Race street, announce the marriage of their daughter, Miss Christina Leah Boyles, to Henry G. Pettitt, son of Mr. and Mrs. William H. Pettitt, of New York. The ceremony took place in the Boyles home on Saturday afternoon at 3:30 o'clock.

The Rev. W. Ross Yokley, pastor of the Homewood Baptist Church, officiated. Preceding the wedding, Mr. and Mrs. Thomas Glaister played and sang.

The bride, given in marriage by her father, wore a gown of blue transparent velvet and carried yellow tea roses. Her maid of honor, Miss Katherine Pettitt, sister of the bridegroom, wore aquamarine crepe and a corsage of yellow tea roses. John Boyles, brother of the bride, was best man.

After a short wedding trip, Mr. and Mrs. Pettitt will reside in Port Jefferson, L. I., N. Y.

B'nai B'rith Auxiliary To Honor President

On Monday the B'nai B'rith auxiliary to Pittsburgh Lodge No. 44, will celebrate president's day at Webster Hall. On the program will be Rabbi Herman Hallperin as speaker; Mrs. Jeannette Fischel Egerman, violin; Miss Frances Sheiner, piano, and Mrs. J. N. Klaman, vocalist, with Mrs. George Schugar accompanying.

Teeth to Be Discussed For Ingomar P. T. A.

Mrs. Stein Re-elected House of Shelter Head

For the tenth consecutive time, Mrs. Harry M. Stein has been re-elected as president of the Pittsburgh House of Shelter. Newly elected officers are: first-vice president, Mrs. Julius H. Cohen; second vice-president, Mrs. Harry Cuff; corresponding secretary, Mrs. S. S. Cohen; recording secretary, Mrs. William Periman; treasurer, Mrs. Dave Richman.

During 1933 the institution gave shelter to 1,146 transients besides caring for 251 local men. These men were fed, sheltered, clothed and cared for until their individual cases were adjusted by the professional social worker of the Home.

Elizabeth Healy Maloney, Married to E. C. Ritter In Church Ceremony

At 9 o'clock this morning in St. Mary's Church, Forty-Sixth street, the marriage of Miss Elizabeth Healy Maloney and Edwin C. Ritter was solemnized by the Rev. Charles J. Coyne, pastor of the church.

The church was decorated with cibotium ferns and palms, with palms placed along the aisles. The bride, given in marriage by her father, wore a gown of white satin and a veil of tulle, draped to the shoulders in front, and extending the length of the dress train in back. She carried gardenias and lilies of the valley.

Miss Mary C. Maloney, who was her sister's maid of honor, wore aquamarine green satin with a peach malline hat, and carried a muff of peach satin and malline and Talisman roses. Herbert Hagedorn was the best man. James P. Maloney, brother of the bride, and Norbert Ritter, brother of the bridegroom, were ushers.

The bride is a daughter of Mr. and Mrs. P. J. Maloney, of Fisk street, and the bridegroom is a son of Mrs. Agnes Ritter and the late Joseph H. Ritter, of Sciota street.

After a breakfast in the Pittsburgh Athletic Association there was a buffet luncheon in the Maloney home and later a reception.

Decorations at the breakfast were spring flowers, gladioli, daisies, white roses in a low ivory bowl, and white tapers.

After a honeymoon in New York, Mr. and Mrs. Ritter will be at home in Coolidge avenue, Mt. Lebanon. The bride, who is a graduate of the Frick Training School for Teachers, has taught in the Woolslayer Schools, Bloomfield. The bridegroom is a graduate of Duquesne University.

University of Kansas Alumni Meets Tuesday

A meeting of the University of Kansas Alumni Association of Pittsburgh has been called for Tuesday evening in the children's lecture room at Carnegie Museum. Dr. L. H. Cretcher, assistant director of Mellon Institute, will speak and later a short tour of the newer habitant groups at the Museum will be made. A president and secretary-treasurer will be elected during the business session.

Through the Spyglass & VIEWING THE NEW

To find out the names of the shops whose items are listed in this column . . . CALL GRANT 6500 . . . and ASK FOR THE SPYGLASS. Or . . . send a stamped self-addressed envelope for your reply.

* * *

Come from between those covers little bookworm . . . we know you! But . . . we won't blame you for spending hours going through the pages if your book is one of those by Oscar Wilde which we have found, REDUCED!

These are all regular $2.50 numbers . . . bound in genuine leather with beautiful gold stamping (the better to dazzle you my dears!) . . . and include his essays, plays, prose, and poems! Why they even have silk ribbon bookmarks! . . . and all for 89c.

* * *

Pull yourselves together . . . in a new sweater! With the vast selection which old Dame Fashion has brought one store, there's no reason why you shouldn't be very up-to-date even though most of your things seem seedy!

FOR . . . we have witnessed the march—onward little sweaters—and in the front ranks were Mexican and Persian patterns and shades for $1.98.

And right on their heels, were white zephyrs . . . as light and soft as their name . . . and made up into the sweetest styles imaginable such as with wooden buttons, drawstrings at the neck, and so forth. $2.98 And up crowded some of Vicuna wool in pastels with the drawn and puckered necks (funny how we like them IN our clothes but not ON us) $3.98.

So . . . through the list to the Fisherman's Net ones . . . knitted, how, goodness only knows! $5.95. And anyway, the whole assortment is much too vast for us to get ALL of it into this space or we'd get ourselves throttled by the powers-that-be! Just see them . . . that's all!

* * *

Kitchen mechanics, ho! That your performances at the sink may be more sanitary and efficient, one of the stores has brought out the new rubber tile which is made into drain boards, sink pans, dish and sink scrapers (nice little shovels reminiscent of sandpile days!) and even sponge rubber rugs to stand on whilst rattling the chinaware! In black, blue, pink, green . . . made with a shiny, hard finish which endures, and safeguards you against slippery rubber decay which is so nasty to encounter! From 25c for the small pieces to $2 for the rugs.

* * *

Soap carving having become an art . . . we are not surprised to find one store trumpeting the news abroad that you who purchase two dozen of their hardwater soap (at 45c the dozen) will receive one of the hand carved figures which a young chap is whittling out there nowadays: All colors and "flavors" of soap of course . . . and everything in the barnyard and zoo line from ducks to giraffes! 15c each if you buy them without the soap supply.

* * *

Thoughts of Springtime . . . baby primroses poking their pretty starlike faces out of a pot and begging to be bought for 40c . . . a mere four dimes! And the pots are biggish ones, too.

Or if a bit of greenery is more to your liking and there's an empty stand which has been calling for a roomer for some time . . . then adopt one of these feathery Verona ferns at 45c! (We don't know why they're called "Verona" . . . for we asked, and can assure you that they never saw the place!) But they're a lot of fern for the money.

—DOROTHY RANDALL.

YOU'RE THE BEST DRESSED GIRL IN THE CROWD, ELINOR

I DON'T SPEND MUCH ON CLOTHES BUT I KEEP MINE SMART AND NEW A LONG TIME WITH LUX. THIS RUST-COLORED SWEATER, FOR INSTANCE, IS LAST YEAR'S, BUT THE COLOR'S LIKE NEW AND IT'S SOFT AND UNSHRUNKEN AFTER HALF A DOZEN LUX WASHINGS
LUX

To Wash Sweaters—

First take *all* measurements—dip in lukewarm Lux suds. *Don't* use hot water, don't rub! Rinse well, shape to measurements, dry flat. Avoid cake-soap rubbing and soaps with harmful alkali. They mat fibres, streak colors. No harmful alkali in Lux—safe in water, safe in Lux.

"You ought to see that youngster, mother! . . . She's growing overnight!"

Keep in touch by telephone. At the low Night Rates (after 8:30 P. M.) call 100 miles for 35 cents; 400 miles for $1.00!

Latest News of Pittsburgh Club Women's Activities

Drama Trends Explained to City Club

Mrs. CHARLES M. BREGG.

Two tendencies are outstanding in the theater today, Elmer Kenyon, head of Carnegie Tech's drama school told the drama group at the Woman's City Club yesterday. The first of these is that the public is apparently going to the theater to forget its troubles and comedies are therefore popular and the second is an indication of a deeper spirituality in the drama. At the beginning of the current season there were few plays in production, Mr. Kenyon said, contrasting this condition with that of 30 years ago when 330 companies were touring over what was then a well established theatrical circle.

As he went on to talk of New York plays, Mr. Kenyon included a brief mention of Maxwell Anderson's "Mary of Scotland," and O'Neill's "Ah Wilderness," and "Days Without End," and he discussed at length the bawdy "Sailor Beware," by Kenyon Nicholson; Lawrence Langner's "Pursuit of Happiness," "Roberta," the play in which Fay Templeton is, as Mr. Kenyon put it "completely charming."

He spoke of "Men in White," (Sidney Kingsley's play) as "a deep emotional experience." "The Lake," in which Katharine Hepburn is playing; "Her Master's Voice;" the Woolcott—Kaufman "Dark Tower" and "Green Bay Tree" (which he said is not well directed) were among others described in the very entertaining talk.

Hadassah Donor Luncheon on February 8

Plans are rapidly being completed for the Senior Hadassah donor luncheon, which is to be held February 8 in the Hotel Schenley to raise funds for the Hadassah Medical Organization in Palestine.

The program will feature an address by Abram Leon Sachar, author of the widely read one-volume "history of the Jews," and national director of the B'nai B'rith Hillel Foundation in the universities of this country. Educated at Washington and Harvard Universities, with three years graduate study at Cambridge, England, Dr. Sachar has achieved distinction as professor of European and English history.

In addition there will be a musical program of unusual quality, arranged by Mrs. Isaac Davis. Mrs. M. Leon Tolochko, the general chairman, is being assisted by Mrs. Abraham Shapira and Mrs. M. B. Lesher. Mrs. Adolph Berkowitz, Mrs. S. I. Lebeau and Mrs. Julius Cohen.

A "clock project" which is "selling time" for the purpose of underwriting the luncheon is under the chairmanship of Mrs. Abraham Shapira. Luncheon reservations are being accepted by Mrs. A. L. Mars, Woodmont street.

State Federation Board Discusses Full Meet

HARRISBURG, Jan. 24. —(INS.)—Plans for the state convention of the State Federation of Pennsylvania Women, to be held here October 15 to 19, were discussed at the mid-winter meeting of the board here yesterday.

Mrs. Richard J. Hamilton, of Ardmore, state president, presided, and Mrs. Julius H. Comroe, of York, the state program chairman, led the discussion. Mrs. S. Blaire Luckie, of Chester, gave the report of the legislative committee of which she is chairman.

Publicity matters were discussed by Mrs. J. E. Sickler, of Scranton, second vice-president of the Federation and editor of the Pennsylvania Clubwoman, and Mrs. Elmer E. Melick, Swarthmore, state chairman of the press.

McKeesport Republicans To Study County Affairs

A program on county affairs will mark the February meeting of the McKeesport Women's Republican Club. Mrs. J. McClelland will direct the program and Mrs. Jack Morton, Mrs. William H. Cox, Mrs. Evelyn M. Grubbs and Mrs. Alice E. German will serve on the social committee. Mrs. Archibald W. Powell, president of the Western Pennsylvania Women's Republican Club, was a guest at the unit's last meeting.

* * *

Mrs. Louise James is general chairman for the bingo party to be given tomorrow evening at Hays Hall by Homestead Council No. 133, Daughters of America.

Mr. and Mrs. George Shroeder, of Northumberland street, East End, are in Miami, Fla., where they are registered at the Columbus Hotel.

UNTRAMMELED SPORTS MODELS

By PRUNELLA WOOD

GIRLS WHO NEVER dreamed of donning anything on the shorts line except bathing trunks and step-ins are heading South with all sorts of athletic pants to keep up with their sports ambitions.

Now that shorts for public wear on dry land have been cut to fit the feminine figure, the undeniable comfort of them is being acclaimed, and manufacturers have hastened to supply models in linen, seersucker, knitted fabrics, flannel and what have you, in materials that can take on good tailoring.

As tops to wear above shorts (and slacks for those who like longies) one can choose various types of kerchief, knitted or fabric, naked back or merely cut-out, and crew shirts violently striped or in becoming pastels.

Perversely smart are long sleeved thin lisle jumpers, complete with turtle neck. These are swank as sunburn protection over a wisp of cotton cloth cut into a kerchief brassiere. The Tyrolean jacket of sky blue linen is another neat topper for the shorts uniform.

A head kerchief to match the tie would be smart.

Both sketches show the same model—shorts like divided skirts, shirt and detachable wrap-around skirt. Together they make an active and a spectator sports costume. The material is pale gray flannel with a spotted foulard tie of navy blue. Note the tricky front lacing of the pants.

20th Century Club Recital Aides Announced

At the Earl Weatherford-Foster Miller recital in the Twentieth Century Club tomorrow afternoon, Mrs. William P. Witherow, chairman of the music and art committee, will be assisted by Mrs. John C. Dilworth, Mrs. J. Hanson Rose, Mrs. Frederic I. Merrick, and Mrs. Jacob Simpson Payton.

As hostess, Mrs. Edwin S. Fickes, will be assisted by Mrs. Robert E. Withers, Mrs. Howard N. Noble, Mrs. Elizabeth Burt Mellor, Mrs. Martin Ballard, Mrs. Samuel C. Grier and Mrs. Walter C. Carroll.

* * *

The January meeting of the directors of the Women's Community Association of the Twenty-seventh Ward will be held Friday afternoon at the home of the president, Mrs. Herman Peter, Pemberton street.

The same day Mrs. Peter will also have a meeting of her committee chairmen to plan for the association's annual dinner on February 28 in the Reformed Church of the Ascension, Termon avenue. Today a luncheon is being given in the Brighton Road Presbyterian Church under auspices of the board of directors.

* * *

Under the unusual title, "The Man I Killed," the Rev. Dr. Bernard C. Clausen, pastor of the First Baptist Church, gave his war service impressions and a stirring peace talk before the Pittsburgh Section, National Council of Jewish Women, yesterday. Samuel Kliachko, with Hulda Lefridge at the piano, gave a charming 'cello recital. Tea rounded out the afternoon.

* * *

Court Consuelo No. 1032, Catholic Daughters of America, is sponsoring a card party for the benefit of the Confraternity of Christian Doctrine on Monday evening in the St. Mary of Mercy auditorium, Third avenue and Ferry street. Miss Mary Martha Foley is chairman.

Judge Soffel Tells Need For 'Y' at Fund Meeting

"The Need for the Y. W. C. A. in Pittsburgh" is the topic being discussed by Judge Sara Soffel today as the principal address at the report meeting in the budget fund campaign of the Young Women's Christian Association. It was held in the auditorium of Central Branch, Chatham street.

The Rev. Dr. Schuyler E. Garth, pastor of the Christ Methodist Episcopal Church, offered the invocation, and Miss Margaret Taylor, member of the business and professional team, presided.

Subscriptions reported yesterday brought the total to date to $19,662, which represents 564 gifts and is an increase of $874.50 over total contributions made last year by the same group of subscribers.

Reports of the four divisions to date are: Women teams, Mrs. W. J. Gilmore, chairman, $6,649; business and professional teams, Miss Elizabeth Yuiska and Mrs. Thomas Clarke, chairmen, $527.50; Center Avenue teams, Mrs. Samuel Parr, chairman, $340, and initial gifts committee, Mrs. John R. McCune, chairman, $12,150.

Miss Louise Hetherington To Be Guest of Sorority

Miss Louise Hetherington, who was recently made president of the local province, Beta, of Alpha Delta Pi, will be honored at a tea in the College Club on Saturday. Miss Hetherington is also founder of the local chapter. Miss Helen Brooks, an alumnae member of the sorority, is chairman and is assisted by Miss Dorothy Donnally and Miss Mary Wartman.

Hard of Hearing League Starts Fund Drive

The annual budget campaign of the Pittsburgh League for the Hard of Hearing is being conducted by the members. The maintenance of the League during the year will require $3,000, according to the finance committee of which Miss Henrietta B. Logan is chairman. A total of $500 was pledged at the conclusion of the opening meeting, Saturday, when the first appeal was made.

Jefferson Club to Hear Address by C. A. Jones

The January meeting of the Jefferson Club will be held in the William Penn Hotel on Friday evening, and will be addressed by Charles Alvin Jones. He has selected as his subject "Gifts to America" in which he includes among other things abolition of child labor and collective bargaining.

"I said, 'Horace, I don't often tell you what to do, but I am determined to have a 1934 Speedstream styled NASH with the Individually-Sprung Front Wheels, that we saw at the Auto Show'."

Man About Town.

That rumor of several editions ago about Jed Harris, the producer of "The Lake," being yowzuh over Margaret Sullavan, the star—is too true . . . Two of the polo-playing Hays tribe of Chicago are unwinding secretly. She will demand $5,000,000 . . . The Frank Hague, Jrs. are soon to be three . . . Mae West's sister Beverly—the newlywed, won her first slugging match in a Peoria depot . . . Wynne Gibson and her agent have the tremors . . . Constance Carpenter, imported with Charlot's original revue, and who was femme lead in "Conn. Yankee," the show, and who is melting from the author of the ditty, "You're Blase," will become Lord Studemore's Lady . . . The Robert Carses are unraveling. His next Eve will be Ursula Parrott, the novelist.

William Rhinelander Stewart of the tall millinery sector and Ethel Summerville Have It Too Bad. She's one of the Casino de Paree nudists . . . Belle Livingstone will hostess at the Brewery, a tony spot near the East River . . . Sheila Barrett is en route to Florida's Fleetwood . . . Martin Beck is the real backer of "The Lake" . . . It's a girl at the Garry Schumakers of the N. Y. Junnel's sports division . . . Olive (Hollywood Cafe) McLay and La Tucker's piano petter, T. Shapiro, are suffering so . . . The RKO canned 11 weeks of the James Barton unit, hurling dozens out of work. Internal trouble.

That Oliver Morosco "accident" in Hollywood which sent him to a hosp—was "the other feller's girl trouble" . . . What the gazettes omitted in the Max Baer-Edward McCarthy snarl was that Edward McCarthy is Mary Mulhern's monkey-doodle . . . Crosby Gaige, the producer, will use the London "pit" system—orchestra rear pews for 99c . . . Most coast reporters describe Hazel Forbes as a tooth paste king's daughter. She's his widow! . . . Ethel Norris of the show-shops and James McKinney, who has all those auto patents, are looking for a Padre . . . There's a back stage war at "Sailor, Beware!" over the stage mgr—who apologized.

Dorothy Mackaill's groom, Neil Miller, who moved to the Hollywood A. C., and Mrs. Muran Smith (Reno-bound) are consoling each other . . . Leo Kent, manager of Ruth Roland, gave Barbara "Snoony" Blair a sparkler betrothal ring . . . It's a boy over at the Edward (King Features) Hunters at St. Elizabeth's hosp . . . The head they're using in the Met's "Salome" is really a painted grapefruit . . . Four cops are used to guard Ganna Walska's gems back stage during her recitals . . . That "Academy" which announces annual "bests" didn't mention Katharine Hepburn, one of the screen's box-office smashes . . . The Julia Faye who found her daughter was not a DeMille star or actress . . . Prof. Einstein, who never wears sox or hose, shocked the $25 per guests at his recital—at which the copper king Lewisohn fell asleep.

The long time mystery—who is Lily Pons' heart?—is not a mystery now. He is Dr. Von den Becke—former physician on the S.S. Cap d'Arcona—a South American liner . . . Christine Maple, one of Ziegfeld's follys, who visited London—met her father for the first time and he is a millionaire! . . . Betty Dale joins Harry Richman next wk. He now deposits $6,000 per . . . Within 6 weeks the Federal courts will rock the nation with an investigation of high ranking army officers at Governor's Island—the court martials will be abundant . . . If the Dorothy McHugh mentioned here last wk sees N.T.G. at the Paradise or Jimmy McHugh at the Palais Royale, a job awaits her . . . Bobbe Arnst and George Nugent, a Washington att'y, are youknow.

Fannie Brice's fan dance will be fought over in court. Frankie Conville claims it and Philip H. Davis, Chicago att'y, has been retained . . . Lita Grey Chaplin and others attended a Montreal memorial mass for Texas Guinan . . . The Times Sq Hotel is plotting a taproom for 35 persons for newspaper people—typewriters and phones, etc . . . Rosemarie Brancato, who replaced Marion Talley when the latter walked out over coin trouble—was fired from Radio City Music Hall last summer, where she was a chorus girl! . . . Mayor LaGuardia's tootsies, when he sits on the City Hall throne—do not reach the floor.

Princess Imeretinsky (dotter of Sir John and Lady Mullens) will wed Hugh Leveson-Gower, related to British royalty, in June . . . Though Anna Sten has been here over a year she never got a social tumble in H'wood until her flicker clicked—now she's asked everywhere and fawned over . . . John R. Sheppard, Jr., producer of "Mahogany Hall," and Harriet Davidson, a twin, are having the wedding bells tuned . . . The Hal Rossons (Jean Harlow) are marking time . . . Claire Trevor's long distance heart thumps from N. Y. to Vic Orsatti in H'wood can be heard from here.

The title to the song "Smoke Gets In Your Eyes" comes from an old Russian expression, to wit: "When your heart's on fire smoke gets in your eyes" . . . Walter Brown, a N.Y.Junnel reporter—also pitches for the Boston Red Sox . . . Hollywood recently held its first "rent party" (after the Harlem manner) and the young and struggling couple who gave it, did it in the Going Hollywood way—they served caviar sandwiches! . . . Drew Eberson, the director, and Betty Boyd have that droopy look in their orbs . . . Thomas McAndrews a cameraman of H'wood and Edith Sorenson, a non-pro, merge in Feb'y . . . One of the editors in town (not here, dear) has all the phones in the editorial rooms Rudy Vallee'd so he may hear what his staff thinks of him.

The Charles Foys (Grace Hayes) have placed it in the paws of their respective counsellors . . . "The Last Round Up" ditty is the first big seller in 2 years—400,000 copies . . . "As Thousands Cheer" is now on velvet, having retrieved the cost, 95 Gs . . . The Al Trahans (Yukona Cameron) are threeing . . . Connie De Pinna, daughter of the snooty Vth Ave. outfitter, is divorcing her second groom to wed "London's handsomest man" who is a sec'y to a K.C. . . . That ornament Grace Bradley is wearing on her arm is Peter Arno . . . Dorothy Parker is riding the skies again—with Alan Campbell, who had a bit in the play "Design For Living" . . . If you go to the various Birthday dances on Jan. 30 in the President's honor (the proceeds of which all go to paralysis sufferers) and you dance—then some child who can't walk—may dance some day.

Plays and Players

By WILLIAM J. LEWIS

Earl Carroll was in Pittsburgh last night. Mr. Carroll, who began his theatrical career here as program boy in the Nixon, is "going Hollywood," as so many of the big shots of the theater have done in the last few years, and he paused in the old home town (Pennsy Station) for a short time to greet a group of personal friends as he held an informal reception in the special club car put at his disposal during the trip to the movie capital. With Mr. Carroll are eleven "prize-winning screen test beauties," as he terms them, selected by him to participate in the film version of his new production of the season, "Murder at the Vanities," which is the business that calls Mr. Carroll to the land of megaphones and cameras. Paramount will turn this combination of musical girl show and melodrama into a photoplay, with the assistance and advice of Earl. "Murder at the Vanities" is the senior musical show in New York at the present time. Mr. Carroll also has a production on the road, a condensed version of "Vanities," which will open Friday in the Penn. To the local committee in charge of the arrangements for the President's Ball, to be held January 30, Mr. Carroll gave assurance that the stars of that company would assist in making the affair a success.

* * *

"The School for Husbands," Moliere play that Lawrence Langner and Arthur Guiterman turned into a comedy with music for the Theater Guild, and which will be presented in the Nixon next week as a subscription offering, also has a ballet, although the original contained neither music nor dancing. The translaters adopted their own treatment of the theme to impart emotion to plot originally intended to be a social satire, according to Mr. Langner. The story concerns two elderly brothers in love. Their contrasting [illegible] about the matter make [illegible] comedy. This is worked out in the ballet, the identical idea having been found in the theme of a ballet in a later Moliere comedy, "The Forced Marriage." This ballet, with a few modern changes, has been arranged by Doris Humphrey and Charles Weidman, who will be seen in it. Besides them and the leading players, Osgood Perkins and June Walker, the cast will include Flora Le Breton, Parker Steward, Stuart Casey and James Jolley in principal roles. The seat sale will open in the Nixon box office tomorrow.

Beery Wants Daughter To Act

By HARRISON CARROLL

HOLLYWOOD, Cal., Jan. 24.—Many Hollywood stars are willing for their children shall follow the screen later on, but Wallie Beery is the only one who is deliberately training his youngster to become a movie actress.

Carol Ann.

The rugged star, whose film work has carried him from obscurity to within speaking distance of a million dollars, makes no secret of his ambitions for his three and one-half year-old adopted daughter.

"I am raising Carol Ann to be an actress," he says. "She is too young now, but I am instilling the idea in her head and I am bringing her up around a studio."

This is strictly true, for whenever Wallie appears on the M-G-M lot Carol Ann tags along behind. She has been on the set every day during the filming of "Viva Villa" and, to anyone who'll listen, she'll tell in childish treble, that she is going to be a movie actress some day.

* * *

The usual elegant Josef Von Sternberg, armed with a gas mask and a fire extinguisher, Friday night dashed into a projection room filled with the acrid fumes of burning film and squirted out a blaze that might have destroyed the working print of "Scarlet Empress" and gutted the entire operator's booth.

With Marlene Dietrich, the director was looking at the picture when the flames broke out. He rushed into the hall, grabbed the emergency equipment and had the fire under control before the projectionist could get into action.

Because of his snappy work, the heat didn't even turn on the automatic sprinkling system, and only 1000 feet of film were destroyed.

* * *

Latest lowdown on the Mae Clarke-Sidney Blackmer romance is this. Sidney says:

"I have asked Mae to marry me, but she has turned me down. I hope it is because of her absorbing interest in her work and that, some day, she may change her mind."

Miss Clark

* * *

Universal wishes that Margaret Sullavan would let the studio know her new address and telephone number. . . Not satisfied with movies alone, Virginia Peine Lehman, estranged wife of the Chicago department store magnate, is now planning to do footlight work for the Pasadena Community Playhouse . . . After dashing by airplane to the bedside of his sick wife in New York, Edmund Goulding probably will be able to stay only a few days with her . . . Shirley Grey had Kleig eyes—and from posing for still photos, of all things.

* * *

Strange place, Hollywood. Until two months ago, Marjorie Lytell was under contract to Warners. When they failed to take up her option, she said:

"I'll get another job in pictures, and I'll have to go back to New York to do it."

Within a short time after her arrival in the East, Marjorie was signed by RKO and was instructed to come on back to the coast.

Remember Virginia Brissac, who used to act and who later served as manager for Bill Desmond, Lewis Stone and many other favorites of the Los Angeles stage? She is now secretary for Russ Colombo.

* * *

Hereafter, you will never be able to convince Mrs. Benjamin Headley, of Swedesboro, N. J., that all those unpleasant stories about Hollywood are true. Coming down on the train from San Francisco the other day, Mrs. Headley recognized and spoke to Colleen Moore. They had a long talk, and the visitor from New Jersey confessed she had heard some terrible things about the movie people.

Being a swell person and proud of her profession, Colleen forthwith started a missionary campaign. When the train arrived in Los Angeles, she not only took Mrs. Headley through the R. K. O. studio but invited her out to her home for tea.

* * *

Jimmy Durante's father, a grand old man, was a barber for many years.

The other day at fox he met Irving Caesar and Irving told him what a swell fellow Jimmy is.

The old man was tickled to death. In a burst of gratitude, he leaned over and patted Irving on the shoulder.

"Here," he said, "let me trim your hair a little."

* * *

Francis Ledered, with his talk of world peace, constantly amazes the other cinema celebs, who wonder if it's all a gag. But Lederer is deadly serious about his hobby. He has opened an office at 6715 Hollywood boulevard and keeps a secretary there to explain the movement to anyone that is interested. Arrangements are now under way for the Czecho-Slovakian actor's several fans clubs to open branch offices.

Mr. Tederer

Miss Robson Triumphs

Motion picture followers who acclaimed May Robson's work in "Lady For a Day" as one of the finest performances of 1933 will find the same character star's new vehicle an even more brilliant triumph, according to advance reports.

Msis Robson's new picture, "You Can't Buy Everything," recently finished by Cosmopolitan-Metro-Goldwyn-Mayer, is an absorbing drama dealing with the adventurous career of a woman who makes millions in Wall street manipulations, only to be confronted with a personal crisis that threatens to uproot her life.

Written specifically with Miss Robson in mind for the unconventional leading role, "You Can't Buy Everything" is a screen original by Lamar Trotti and Dudley Nichols. It has one of the strongest supporting casts of the year in the persons of Lewis Stone, Jean Parker, William Bakewell, Tad Alexander and Mary Forbes. Charles Riesner is the director.

"You Can't Buy Everything" will undoubtedly raise Miss Robson to a higher level of screen eminence than ever before.

Her cinema career and that of Marie Dressler are closely parallel in that both have advanced to the front rank of screen actresses of nationwide popularity within the last few years, after having been famous stage stare.

The background of the new production embraces exciting scenes of New York life familiar to the past generation, with outstanding landmarks of Manhattan of 25 years ago re-created for the purposes of photodrama.

Man Breaks Ankle In Fall at Hospital

Taken to the South Side hospital to be treated for lacerations and bruises, Charles A. Neider, 34, of 25 Cedric street, Mt. Oliver suffered a broken right ankle when he left the emergency table and fell on the polished floor police reported. He was arrested on a drunkenness charge at Calhoun avenue and Brownsville road. Carrick, after falling and receiving his original injuries.

VARIETY: "Frivolities." Daily at 2:15 and 8:15 p. m.

Film Credits Early Idea

Screen credits, the method of presenting the names of players, directors and writers at the beginning of motion pictures, had its inception exactly 20 years ago in the mind of Cecil B. DeMille, the Paramount director revealed recently while preparing his latest picture, "Four Frightened People."

DeMille developed the system in 1913 when he made his first film, "The Squaw Man."

Due to his theatrical training he couldn't get away from the program idea, so he figured out a way of having an animated program on the screen.

Up to that time there was only one main title which gave the name of the picture, the producer and, in rare instances, the star. Other players and writers never got mention.

"I rigged up a screen," DeMille related, "and cut holes in it, through which the players stuck their heads. Above their heads I had painted the character names and underneath the names of the players. We took one shot of the whole thing."

Unconscious Of Debut

Four athletic young folk from the Antipodes who traveled an aggregate distance of 29,000 miles to enter motion pictures spent several days in Hollywood preparing for a film debut which they had already made.

The quartet consisted of Gwen Munro and Brian Norman, of Australia, and Joyce Nielsen and Colin Tapley, of New Zealand. They were among the 30 perfect men and women chosen from 100,000 contestantts from every English-speaking country of the world, to appear in "The Search for Beauty."

When the new arrivals stepped from the Matson-Oceanic liner Monterey, they were greeted by Larry (Buster) Crabbe, Lona Andre and Ida Pupino, who have parts in the picture. The newcomers posed for many photographs, but were unaware that studio sound cameramen were taking an entire sequence to be used in the picture for which they won roles.

All In A Day

By MARK HELLINGER

Odds and Ends

ONE OF America's most popular cartoonists of the day had a very definite struggle in the not so long ago.

His father was a house painter, and he didn't have much money to educate his son.

But it was Pop's dream to see his son a great artist.

So he scrimped and he saved, and he finally acquired enough money to send the boy to art school.

For some two years the boy attended the art school.

It was tough on the old man—but his eyes glowed with pleasure when he spoke of the triumphs to come.

"Yes," he would tell the other house painters, "my boy is going to be the greatest of them all some day. He is in art school now. Just you wait and see."

He came home one evening to see his son laboring diligently over a drawing board.

He leaned over — and his mouth dropped.

For the boy was drawing pictures of small animals and a funny-looking man with a mustache.

"Good heaven!" cried the father. "What are you drawing there?"

The boy smiled.

"Cartoons, pop," he replied. "I like this sort of work. I think—"

His father interrupted him swiftly.

"So that's what I have been wasting my money on?" he roared. "I break my back painting walls so that you should become a great artist. And now I find you drawing mice and cats and Charlie Chaplin.

"You are finished with that art school. Finished, do you hear me? I have thrown away last, hard-earned dollar. Art schools are no good—and neither are you!"

The old man kept his word.

The very next day the boy was taken from art school and sent out to look for work ....

As I told you in the opening paragraph, that same boy is today one of America's greatest cartoonists.

He earns a fortune each year.

He earns so much, in fact, that his father was able to retire as a house painter.

And what is the old man doing?

His son is paying his way throuogh an art school! ....

* * *

BOBBY WOOLSEY, partner in the celebrated team of Wheeler and Woolsey, once sat down for a bridge game with the late Flo Ziegfeld and two other players.

The two other players were multi-millionaires, and the game took place in a hotel room in Philadelphia when "Rio Rita" tried out in that city.

Bobby didn't want to play, but Flo insisted.

After the game, Bobby was 100 points ahead.

He wanted to call the thing square, but the millionaire who had lost said that he would send Bobby a check in the morning.

Woolsey couldn't understand why anyone should want to send him a check for one dollar, but he thought it best to say nothing.

The next day, he received a check for $100—and it dawned on Bobby that he had been playing bridge at a dollar a point.

He raced around to Ziegfeld's room and told Flo that he was going to send the money back.

Flo told him to keep it.

"But," cried Bobby, "I don't think I should. I didn't know the size of the game. Why, if I had lost, I certainly wouldn't have paid."

Ziegfeld nodded.

"That's okay," he returned. "Neither would I!"

* * *

The Columbia Broadcasting system has leased the Hudson Theater, which seats 1,100 people, and will broadcast several times nightly from that stage, beginning next month.

Admission, as usual, will be free.

The National Broadcasting Company has been following the same policy in its studios for some time.

Both chains are making a terrible mistake.

They are hurting the legitimate theaters, hurting the movie houses, hurting the appeal of their broadcasts because the acts are now playing to a visible audience instead of to listeners-in—and they are gaining absolutely nothing in return.

If this is "Big Business," I am Primo Carnera's left shoe ...

It goes without saying that the studios are always packed for these free shows.

When admission is free, audiences will race to see the Cherry Sisters.

Small wonder that they fight for ducats to see Eddie Cantor, Jack Benny, Paul Whiteman, Ed Wynn, Jack Pearl, Fred Waring and all the rest of the big shots.

If they didn't, they'd be as daffy as the chains that give them the opportunity...

If this practice must continue—and it seems that it must—why not let the needy realize something from it?

Why not tax each visitor the small sum of 10 cents—and give the money to charity?

The visitor who can't afford 10 cents isn't of much use to the sponsor of the program in the first place.

So why not?...

With the two chains charging that tax, they would be able to realize something like $1,000 a day.

Apportion that money each week to the Actors' Fund, to put more radios in hospitals, to assist World War Veterans, to help T. B. sufferers—or to any other charity that seems worthwhile.

If the broadcasting companies want any help on this plan, I will gladly volunteer my services—and I'll dig up plenty of assistants.

Because the major chains need something like this.

They need it to remove some of the curse from the most idiotic blow that has been struck at Broadway picture and show business in many and many a year...

Spotlight's on Mamoulian After Trip With Garbo

By MICHAEL SHAW

The reported romance of Greta Garbo, nicely timed with the release of her new picture, "Queen Christina," has centered the spotlight on Rouben Mamoulian, who directed "Christina" and accompanied his star on a desert vacation trip when the film was finished.

Mamoulian, a bespectacled Armenian, made his first great success staging "Porgy" for the Theater Guild. In that well-remembered production he distinguished himself in many ways, but principally by the novel use of shadows.

Few will forget the mourning scene in that stirring play, when, amid flash of lightning and crash of thunder, the chanting Negroes flung their arms to heaven while monstrous shadows on the backdrop magnified their frenzy.

* * *

After "Porgy," a trip to Hollywood was indicated for Mamoulian His first film was "Applause," based on a novel about a burlesque queen, and played by Helen Morgan and a notable cast.

"Applause" was a flop. It never reached general circulation. There are critics, however, who are quite fond of it. They say it was ahead of its time and they predict for it revival and eventual success.

Since then Mamoulian has directed three pictures about whose success, both artistically and financially, there can be no doubt. They have marked the Armenian as a man of imagination and originality.

They have shown furthermore that he is no longer entirely engrossed with settings and lights and new effects, but has found a way to put life into the acting of those cold, foreign stars who are somewhat inclined to stand around and glower and let their "glamour" do the rest.

* * *

"Love Me Tonight," with Chevalier, was Mamoulian's. Its treatment of music has hardly been surpassed. Perhaps you recall how one of those delightful Rodgers and Hart tunes was carried from the streets of Paris, via the lips of marching troops and the fiddles of a gypsy camp, to the balcony of the princess-heroine's chateau.

That is the sort of thing that can't be done on the stage and that can be done so well in the movies; but nobody thought of doing it until Mamoulian came along.

It was reported at the time that Chevalier was not happy about "Love Me Tonight," and that at one point in the proceedings he inquired petuantly:

"Monsieur Mamoulian, is this my picture or is it yours?"

The answer is not recorded. When the film was released, it was found to be Monsieur Mamoulian's picture, all right.

* * *

More recently came the beautiful "Song of Songs." Some critics said it starred a statue. Yet surely Marlene Dietrich came closer to acting than she had ever done before. Mamoulian, from all accounts, taught her and struggled with her and was patient with her, and in the end something like life had been breathed into the character of Lily.

"Queen Christina" is the latest. Here Garbo is almost a new Garbo. Her acting is animated, intelligent and sometimes inspired. The improvement over her early talkies is amazing. It is a pretty good guess that Mamoulian had something to do with it.

Here, then, is a brilliant man with a brilliant future. And no matter what comes of his affair with the queen of the screen, he is not likely ever to be known as Mr. Greta Garbo.

For Backache, Kidney And Bladder Trouble

Stop Getting Up Nights

Here's one good way to flush harmful waste from kidneys and stop bladder irritation that often causes scanty, burning and smarting passage. Ask your druggist for a 35-cent box of Gold Medal Haarlem Oil Capsules—a splendid diuretic and stimulant for weak kidneys and irritated bladder. Besides getting up nights, some symptoms of kidney trouble are backache, puffy eyes, leg cramps, and moist palms, but be sure and get GOLD MEDAL—it's the genuine medicine for weak kidneys, right from Haarlem in Holland.

Truck Drivers Held In Woman's Death

Two truck drivers were awaiting grand jury action today in connection with the accident on the Lincoln Highway yesterday which cost the life of Mrs. Nellie Storey, North Side Y. M. C. A. dietitian, and resulted in the serious injury of her husband, Joseph E. Storey, of Greensburg.

The drivers, Peter Cossack and Genio Francisco, of Pittsburgh, said Storey drove his automobile into the back of their truck, parked for repairs. Officers reported the truck had no tail lights, and that no warning flares had been lighted.

TWO HEADLINERS in one Great Company!

ONE leading product makes a company a great success. *Two* leaders make history!

But ever since it was first organized, the **American Oil Company** has been doing the unusual.

First came AMOCO-GAS—the *original special* motor fuel. All the ordinary premium gasolines you read about—or hear about—or have been using—are but imitations of AMOCO-GAS. For AMOCO-GAS made history almost two decades ago! It revolutionized two major industries—gasoline and automotive. It made possible today's high compression motor.

AMOCO-GAS costs less than regular gasoline or ordinary premium gasoline—on a mileage basis alone. Its amazing pick-up—power—riding luxury and driving ease—and other operating economies are yours *gratis*. They cost you nothing!

* * *

But the great **American Oil Company's** research laboratories didn't stop with AMOCO-GAS.

They next created Orange AMERICAN GAS—made with a pure petroleum base and the best gasoline selling at regular gas price.

It was the first "regular" to be colored—*orange*—to prevent substitution. Other gasolines are now also colored orange—but matching the color doesn't match the quality of Orange AMERICAN GAS.

Take your choice! For the lowest-cost-per-mile—AMOCO-GAS. For regular priced gasoline at its best—Orange AMERICAN GAS. They're both headliners in one great company—and each the best in its price class.

AMERICAN OIL CO.

Maker of Amoco-Gas, Orange American Gas, Amoco Motor Oils

BISHOP URGES SUPPORT FOR MISSIONS

A plea to increase its diminishing support of missionary work is the challenge laid before the sixth-ninth annual convention of the Episcopal diocese of Pittsburgh by Bishop Alexander Mann. The convention will close this afternoon following election of officers.

Reporting in his address yesterday that "parish pledges for the missionary work of the diocese and of the national church are not encouraging," Bishop Mann declared:

"Frankly, I cannot bring myself to believe that the general business depression is solely responsible for this great and tragic reduction in our missionary giving. The cause lies deeper down.

"The decline in missionary giving antedates October, 1929, and if prosperous days were to return tomorrow, I doubt whether that fact alone would greatly increase the amount of our missionary offerings."

Bishop Mann averred that it is the merest commonplace to say that "we cannot have a strong faith in Jesus Christ without the moral compulsion to share it." He said:

"The Christian faith and the missionary motive are simply inseparable, and something is wrong in the life of the individual and in the life of the parish that feels no obligation to aid in the spread of that faith."

The Very Rev. Chester B. Emerson, dean of Trinity Cathedral, Cleveland, preached at last night's service.

North Side Plans Community Fair

A North Side community fair will be held in North Avenue Methodist Episcopal Church, North avenue and Arch street, North Side, March 1 and 2, L. Allan Shay, general chairman, announced today.

Committee chairmen and aides include Joseph Mosca, Rody Mamaux, John Dietz, Miss Priscilla Welday, Miss Edythe Snyder, Miss Violet Bishoff, Miss Amber Ehrenfeld, Robert Henderson, Kenneth Hurd, Jacob Paslawsky, Mrs. Helen Newhard and Miss Ellen Henne.

Girl Denies Woman's Charge of Drinking

Eleanor Petrulis, 18, today denied that she had been drinking liquor in her mother's home, in Beaver avenue, just before the house was damaged by fire. It was Miss Petrulis who caused the arrest of another woman in the house on a charge of drunkenness. The other woman testified Miss Petrulis, too, had been drinking. Miss Petrulis appeared in police court not as a defendant, but as a witness.

ECONOMY DISH AWARDED $5 PRIZE IN RECIPE CONTEST

Another Winner In Dessert for Children

Economy necessarily enters into most every housewife's menu planning these days, yet even while economizing the wise housewife does not want to serve foods inferior in quality and appeal. That is why such meat dishes as Baked Hamburg Steak, awarded the $5 prize today, win her instantaneous approval.

Then, too, mothers are especially concerned with healthful dishes which they need not coax their children to eat. When they find a recipe like Cereal Cocoa Pudding, a $1 prize winner, they immediately put it upon their preferred list.

Glance over your pet stock and see if there aren't quite a number of recipes in it that, when sent to Prudence Penny, Pittsburgh Sun-Telegraph, will win you either the $5 prize or one of the ten $1 prizes awarded daily to the best recipes sent in. No recipes will be returned.

Five Dollar Prize Winner

MARY WHITAKER WARREN,
348 South Aiken avenue.
BAKED HAMBURG STEAK

To one and one-half pounds of chopped round steak, add two cupfuls of bread crumbs soaked in milk, one small minced onion, salt, pepper and ginger to taste, and two beaten eggs. Cook four eggs hard and arrange them end to end and roll the meat about them. Place the roll in casserole or baking pan, pour over it a sauce composed of strained tomatoes, a little minced onion and a little water. Bake, basting frequently. Slice roll crosswise for serving.

Ten $1 Prize Winners

MRS. JAMES L. FURLONG,
West Elizabeth.
ROLLED MEAT

Lay a slice of round steak on the table. Over this lay a slice of fresh ham. Spread on top of this, one-half pound of good hamburger. Season with salt and pepper. Roll tightly and evenly and tie securely with cord. Brown in hot fat in skillet, then put into baking dish. Cover with tomato sauce and bake until tender. To make tomato sauce fry a chopped onion in a little salad oil until brown. Add a cup of tomato sauce and heat thoroughly. More sauce may be added if desired.

MRS. MYRTLE WERRY,
317 S. Graham street.
CHOCOLATE SAUSAGE

One-quarter pound bar sweet chocolate.
One cup powdered sugar.
One-half cup blanched almonds (cut fine).
One egg (slightly beaten).
One teaspoon vanilla.
Few grains salt.
Melt chocolate carefully over hot water. Add sugar, almonds, egg and vanilla. Form into a roll on waxed paper which has been well covered with sifted powdered sugar. Put in cold dry place for 24 hours before cutting.

MRS. J. TINKER,
839 E. Hutchinson avenue, Edgewood.
CRAB BISQUE

Three-fourths cup canned crab.
One pint milk.
One sliced onion.
Three tablespoons butter.
One and one-half tablespoons flour.
One-half teaspoon salt.
Pepper.
Nutmeg.
Rub crab meat through sieve. Scald milk with onion. Add crab meat, butter and flour rubbed together. Add seasoning.

MISS BLANCHE CHANEY,
27 North avenue, Washington.
ORANGE COOKIES

One cup butter.
Two cups sugar.
Two eggs.
Four and one-half cups flour.
One teaspoon baking powder.
One teaspoon soda dissolved in one-fourth cup hot water.
One cup sour milk.
Juice and rind of one orange.
Cream, butter and sugar together. Add well-beaten eggs, flour and baking powder sifted together, soda dissolved in water, sour milk, orange juice and grated rind. Bake in sheet. Cool. Cut in squares and ice with the following:

ICING

One box powdered sugar.
Juice and rind of one orange.
One-half cup butter melted.
Blend sugar and juice carefully. Add melted butter and spread on cakes.

These cookies are excellent, too, just baked as ordinary cookies and icing omitted.

MARY MEYERS,
611 Ivy street.
GRAPEFRUIT AND CRABMEAT SALAD

One cup grapefruit pulp.
One cup crab meat.
One-fourth diced cucumber or one-fourth cup diced celery.
Lettuce.
Peel grapefruits and free the pulp or membrane. Cut in pieces. Mix with crab meat, cucumber or celery and marinate in sweetened French dressing. Chill. Serve with mayonnaise on lettuce.

MRS. DAVID C. BROWN,
58 Emma street.
CEREAL COCOA PUDDING

Four cups milk.
Three-fourths cup granulated cereal.
One cup sugar.
One beaten egg.
One and one-half tablespoons cocoa.
Two tablespoons hot water.
Vanilla extract.
Scald the milk, add the cereal slowly and cook until thoroughly done. Then beat in the sugar, egg and the cocoa, first dissolved in the hot water. Blend all thoroughly, cook a moment or two longer, cool slightly and flavor with vanilla. Chill and serve with whipped cream.

For children serve hot with milk.

MRS. ROGER GRANDY,
Dunlevy.
PERMANENT WAVE SCALLOP

Flake very fine one cup of salt codfish. Parboil and drain well. Add to two cups mashed potatoes and a chopped pimento. Add one cup each of scalded milk and cream. You may use all milk if you wish, but the cream adds a good deal in flavor and richness. Add two well-beaten eggs and one-half cup of butter. Beat all until very light. Season well with pepper and taste the mixture, for it may need a little salt. Bake in a greased baking dish in an oven at 350 degrees F. for about 20 minutes. This makes a splendid main dish for supper on a cool night or for luncheon. It should be accompanied by a green vegetable and goes well with a salad and pickles.

MARIE MILLER,
635 Eleventh avenue, New Brighton.
ORANGE TEA BISCUITS

Two cups flour.
Two tablespoons shortening.
Four teaspoons baking powder.
Two tablespoons sugar.
One grated orange.
Two-thirds cup milk.
Mix as regular biscuit. Place a square of sugar dipped in orange juice in each biscuit.

D. WITTIG,
832 Lovitt way.
RED AND WHITE SLAW

One cup shredded white cabbage.
One cup shredded red cabbage.
One and one-half teaspoons celery seed.
Few grains cayenne.
One teaspoon chopped green pepper.
One tablespoon chopped red pepper.
Mix above ingredients with the following dressing:
One teaspoon salt.
One teaspoon mustard.
Two teaspoons sugar.
Few grains cayenne.
Two and one-half tablespoons flour.
Two tablespoons butter melted.
One egg.
Three-fourths cup milk.
One-half cup vinegar.
Mix dry ingredients, add egg, slightly beaten, butter, milk and vinegar, slowly. Cook in double boiler until mixture thickens. Cool before using. If cooked too long it will curdle. Arrange slaw on beds of lettuce leaves, garnished with green and red pepper rings.

MRS. C. F. LUDWIG,
550 Center avenue, Pitcairn.
CARROT CUSTARD

Three eggs.
One and one-half cups grated carrots.
Three cups milk.
One-half teaspoon salt.
Three tablespoons melted butter.
Method—Beat eggs slightly, add carrots and other ingredients, put in buttered baking dish. Set in pan of water with rack in bottom. Bake in a moderate (350 degrees F.) oven till custard is set (one hour or more).

Strike of Truckers Brought to End

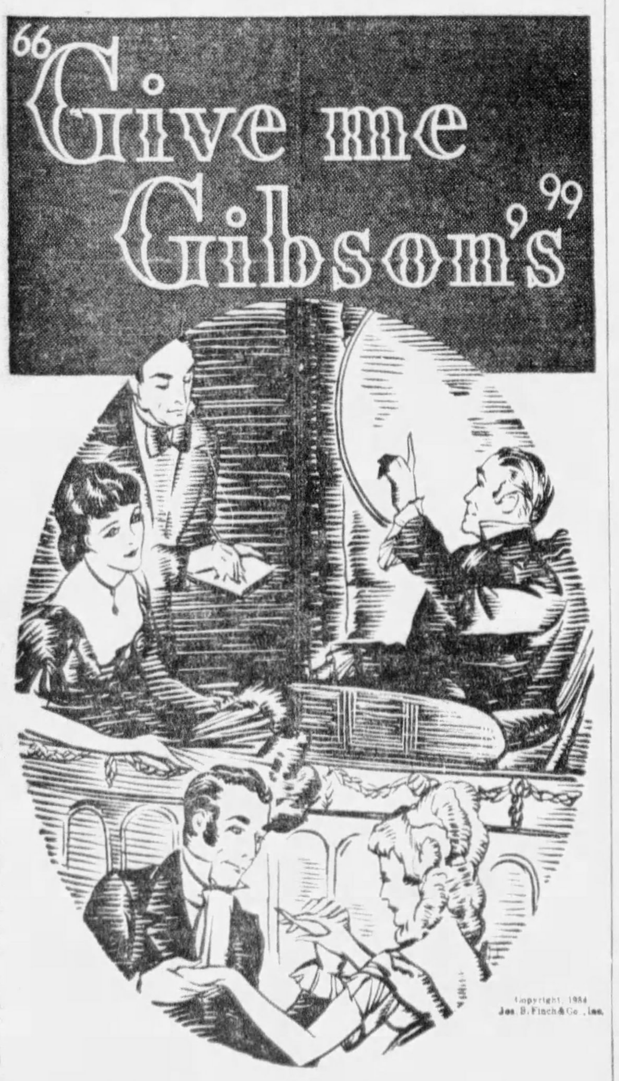
J. S. Huey, president of the P. H. Butler Company, today announced a satisfactory agreement had been reached in a labor controversy which yesterday kept the fleet of company trucks idle. All drivers were back to work today, it was announced.

Wife Does Washing While Ex-Husband Counts Millions

NEW YORK, Jan. 24—(Universal.)—Pending an alimony hearing, Mrs. Margaret Cleverly Armour yesterday testified that, although she lived in a 23-room mansion in fashionable Forest Hills, she had to do her own washing and hang it out in full view of the neighbors.

And at the same time her former husband, Albert Phelps Armour, inventor, was counting his millions, she said.

Mrs. Armour, who last year won a Reno divorce, was granted $7,100 counsel fees.



I'LL add my own fixings, thanks . . . but I like to GET IT STRAIGHT . . . then I know what I'm getting. Good old Gibson's is a blend of RYE and other whiskies without a drop of alcohol or spirits added. Give me Gibson's!

CHEVROLET for 1934

THIRD MARRIAGE GOES ON ROCKS

His wife was married twice before he married her, Carl Yates, chemist, 1929 Columbia avenue, Swissvale, testified before Judge Harry H Rowand, who granted him a divorce from Florence Yates, private telephone operator.

Yates, who charged cruel and barbarous treatment, told the court his wife refused to go to housekeeping with him. They were married January 29, 1932. Mrs. Yates left him the following September 12, and refused to return, he said. Yates testified his wife thought he had money.

Divorce suits were filed by Edna Berry against Frank M. Berry, Ernestine C. Jones against William A. Jones and by Marjorie L. Ewing against William H. Ewing.

Divorces were granted to Catherine Mohn Donch from John Donch, Mabel I. Milling from Thomas J. Milling, Mary M. Goodson from James Edward Goodson, George H. Horn from Margaret Horn, Helen Sharpneck from Bernard Sharpneck and Ray Berkey from Sarah Berkey.

INCOME TAX AID QUIZ STARTED

As a means of placing responsibility for errors and possible fraud, the government today asked all prospective income taxpayers to state whether they had received professional assistance in making up their returns for 1933. These are returnable March 15.

From the office of Collector of Internal Revenue David L. Lawrence, about 200,000 blanks were being sent out to those who filed returns last year. A new order of the Treasury Department requires that lawyers, accountants and others who have aided in making up returns sign them along with the taxpayer.

Leaders Pay Tribute At McCooey Rites

NEW YORK, Jan. 24.—(INS.)—Funeral services for John H. McCooey, the late Democratic leader of Brooklyn, were held today with leaders of national prominence in every field among the mourners.

President Roosevelt was among those who sent flowers.

Gov. Herbert H. Lehman was at the head of the procession of pallbearers. With him, among others, were former Gov. Alfred E. Smith, Postmaster General James A. Farley and State Attorney General John J. Bennett.

Elected

MISS RUTH QUINN

ENTERTAINERS MEET SUNDAY

Fully organized and with 90 new members added, the Pittsburgh Professional Entertainers Association will meet Sunday afternoon in the Elks Auditorium on Seventh street.

New officers elected last Sunday will begin their work of guiding the organization for the next three months. The new officers are Frank Kruchins, president; Billy Sloan and Charles Smith, vice presidents, and Ruth Quinn and Ruth Carr, secretaries.

The association aims to establish a minimum wage for all performers, abolish child labor, improve and regulate working conditions for the professional actor, and establish recognition of the association.

stop COLDS easy in a day!

Colds are too serious to trifle with. So take something that tens of thousands of people will tell you is the fastest, surest way to get rid of a cold. All you do is take a couple of HILL'S COLD TABLETS and a couple of glasses of water now and then.

Relief comes so QUICK because these tablets do the three things necessary to break up a cold. They clear poisons from system, check fever, ease away ache and pain, and fight off cold germs that infest you. ALL AT ONCE. Thus your cold goes and you feel like a new person in a jiffy.

Now get rid of colds this PROVEN, FASTER WAY. You'll say it's marvelous. Get HILL'S CASCARA QUININE tablets in the RED TIN BOX from any druggist.

SEE PAGE 20 FOR ADDITIONAL KAUFMANN ANNOUNCEMENTS

NEED $105,166 TO FIREPROOF MAYVIEW

The cost of making the City Home and Hospital at Mayview fire-safe will be $105,166, Welfare Director Southard Hay has informed Council.

A report on the work necessary, based chiefly on recommendations by Fire Chief Richard L. Smith and Deputy Chief Louis J. Conley, has been given to Council for consideration.

LIVES ENDANGERED

In presenting the report to Council yesterday, Director Hay said:

"The lives of the people at Mayview are not adequately protected. A fire like that at the Little Sisters of the Poor Home would be a reflection on all of us."

He pointed out that his department received last year $292,133 in income, chiefly from the state, for the care of mental patients.

The largest item of cost in the extension of the sprinkler system to seven buildings at Mayview involving an expenditure of $58,990. This would cut insurance rates on the buildings 40 to 50 per cent, he asserted.

He recommends that $15,250 be spent for a fire truck, and that the three firemen who have been assigned to the Mayview fire station be continued under the authority of the Fire Bureau and subject to instructions in an emergency from the superintendent at Mayview.

NEEDS ATTENTION

The fire station, itself, needs attention, it appears, as there is an item of $3,700 for fireproofing it and constructing an extension to house larger apparatus.

New fire escapes are proposed for the female infirmary. A new five-foot double door is to be cut in the Kline infirmary annex. Fireproofing is suggested for fire towers and passageways in the female asylum.

New fire extinguishers, fire exit lights, printing of fire safety rules, hinging of bars, swinging doors outward, and extra compensation for a crew of 40 men at the institution to be trained as firemen, are among the items suggested.

JUNIOR PATROL

We heard about a swell idea this week, fellows!

January 30 is the birthday of President Roosevelt. All over the country, in hundreds of cities, people are going to hold a birthday party for him—a big party. The money they raise from selling the tickets will go to the Warm Springs Foundation.

Warm Springs is a hospital for children and people who suffer from infantile paralysis. That's a terrible disease. In many cases, persons who get it have their legs paralyzed or their backs twisted out of shape. The money raised by holding the President's birthday parties will go to the Warm Springs Hospital to help people there, and to help pay for research to find a paralysis cure.

What do you say every Junior Patrol club hold a birthday party in honor of the President? Remember the date, January 30—that's next Tuesday. You could have a party and charge maybe a nickel admission, and get some money to give to hospitals that are helping. And you could have lots of fun yourself.

Barbara Brennan, of 270 East Main street, Clarksburg, W. Va., writes that she wants to start a Junior Patrol to help others. Send in 10 pledges, Barbara. Then you're all set.

Henry Zitelli, of 122 Winslow street, Pittsburgh, wants to join the Junior Patrol basketball team. We'll write you a letter and tell you all about it, Henry.

Now today we have another letter from Anna Bailey, of 906 Spring way, Sharpsburg. You remember she is the captain of the Ten Princesses Junior Patrol. Now she writes to say that she has some boy members, and they will have to change the name. How about the Royal Junior Patrol? Or the Helping Others Junior Patrol? We will send the pins soon.

Junior Patrol Mail Box

JUNIOR PATROL PLEDGE

I promise to help children less fortunate than I am.
I promise to do my best to make my parents proud of me.
I promise to watch carefully when crossing streets and to aid other children in keeping out of danger.
I promise to study hard and do errands willingly.
I promise to be a 100% Junior Patrol member.
Signed .....
Date of Birth ..... Address .....
School .....

Address this pledge to the JUNIOR Patrol, Sun-Telegraph, Pittsburgh, Pa. Upon its receipt you will be registered as a member of the JUNIOR PATROL and will be forwarded a membership card and an official emblem.

COUNTY MOURNS DEATHS OF JUDGES EVANS, SNEE

POLITICS

J. F. Guffey May Oppose Pinchot for Senate

By MARK SHIELDS

If Mrs. Emma Guffey Miller spoke with any authority in Washington on Monday the name of her brother, Joseph F. Guffey, probably will come before the Democratic State Committee in Harrisburg February 10 as a candidate for the United States Senate.

Mr. Shields

Mrs. Miller said Mr. Guffey probably would be the opponent of Gov. Pinchot in the senatorial fight. This was somewhat anticipatory in fact, even though predicated on a hope, and has some interesting implications. One is that the Democrats expect Mr. Pinchot rather than Senator David A. Reed to be the Republican senatorial candidate, Mrs. Miller and the regulars among the Democrats apparently believing that the Governor can defeat the Senator in the Republican primary. The other is that the Guffey contingent expects the head of the clan can win in the Democratic primary.

* * *

Indorsements Biggest Convention Problem

The Democrats in their convention will have as their biggest problem the issue of indorsements for Governor and the Senate. They make such indorsements prior to the primary, a course which if followed by the Republican State Committee would cause plenty of commotion and objection from liberals who insist upon the principle of the free primary.

Perhaps with more independents coming into the ranks of the Democrats there will be some question raised as to the advisability of a state committee underwriting candidates.

However, the party wing influenced by Guffey and David L. Lawrence, Democratic chairman of Allegheny County, is planning to put through the indorsement plan. Following the meeting of young Democrats in Harrisburg last Saturday Mr. Lawrence returned to Pittsburgh confident that Warren Van Dyke, the Democratic state chairman, would be indorsed for Governor.

Mr. Lawrence said he had received assurances of support from some committeemen who voted against Mr. Van Dyke when he was elected state chairman in 1932.

* * *

Fitzgerald Pushed for Lieutenant Governor

Except for the statement by Mrs. Miller, and a current of opinion throughout the state, there is nothing definite on which to pin any forecast as to Mr. Guffey's position February 10. Mr. Lawrence said totday that if Mr. Guffey asked indorsement he would get it for the Senate in as full measure as Mr. Van Dyke will for Governor.

However, all will not be serene, there will be no unanimity of opinion on either subject, and the primary will be hard fought, no matter what the state committee does.

Representative Norbert J. Fitzgerald, of Erie, a leader in social legislative battles at Harrisburg, is being pushed by his friends for lieutenant governor. He is a legislative veteran, a real liberal and a two-fisted fighter. His name probably will come before the state committee meeting for indorsement. The respect of some of the Democratic leaders who were strange to the ways of Harrisburg, and who did not well know Mr. Fitzgerald at the start of the 1933 session, has increased in the past year.

* * *

Indorsed By Labor; Liberal in Attitude

He was the author of the minimum wage bill which was killed in the Senate after Fitzgerald by pertinacity had compelled its passage through the House. He has the indorsement of railroad unions and of many other labor organizations, and his attitude on prohibition repeal and blue law modification should make him acceptable to liberals on those issues.

For some reason Mayor William N. McNair is delaying changing secretaries. He has had the matter definitely in mind since January 11, and could have done so at any time within the last few days without disrupting the clerical work of City Hall, but is not coming to grips with the problem.

The names of the Mayor, his secretary and the city controller must be signed to all checks. They are engraved on a plate which is placed on a check-writing machine to facilitate work. A plate substituting the name of Theodore L. Moritz, now assistant secretary, for that of Percy Williams, head of the tax board in addition to his duties as secretary to the Mayor, has been in the controller's office for several days.

* * *

Mayor Can Change Secretaries Any Time

Instead of the three weeks or more usually required to make such a plate, this one was engraved in a week, Mr. Moritz having asked for speed. He need not have bothered.

Mr. McNair was asked point-blank yesterday when he intended to make the shift. He replied that it would take a week to put the plate on the machine. He was in error. It can be done in no more than 15 minutes.

The report is that County Chairman Lawrence is opposed to the selection of Moritz, as are some others in the Democratic higher rank, and Mr. Williams is being asked not to resign for the time being in the hope that something may work out which will keep Mr. Moritz in a secondary position.

But, so far as the mechanics are concerned, the Mayor can act any time he wishes, which is offered to him as a matter of information he did not seem to possess.

Central Labor Union Protests CWA Stories

Accuses Sun-Telegraph of Misrepresenting Facts Surrounding Collection of Delinquent Dues From Employes On Civil Works Projects

"To the Editor of the Sun-Telegraph:

"Sir—At a regular meeting of the Pittsburgh Central Labor Union held on this date, the following letter was adopted and ordered sent to you.

"The Pittsburgh Central Labor Union notes with sincere regret the prominence the Pittsburgh Sun-Telegraph has been giving to news articles and editorials which cast a reflection upon the honesty and integrity of the Pittsburgh labor unions and their activities in the present national effort to relieve unemployment and want.

"The responsibility of your paper to the reading public to present news to them in a fair and impartial manner is, in our opinion, basely violated by the prominence you have given to the words 'chiseling' and 'racket' in your news reports and editorials concerning the labor unions and the Civil Works Administration.

"And that responsibility will be further violated, we believe you will agree, unless you give this authoritative communication from union labor equal publicity as was given your unauthoritative disparaging articles. This letter should be given page 1, column 1, with a two-column or three-column head, or the leading editorial position, as that was the position given to your biased articles.

* * *

"What makes your unfair reflections upon labor unions inexcusable is the fact that you are well aware of the wonderful humane relief work and sacrifices that union members of all labor unions have been doing for their unemployed members through these long years of industrial depression.

"You also know that the relief work, the old-age pensions, the death benefits, the free hospitalization and homes for aged workers and the maintenance of competent organizations that labor unions sustain, require business-like financing.

"And yet, when these unions request that their members give part (not half) of their union wages (not pitifully low non-union wages) to help their organizations carry on their wonderfully humane work, you attempt to blacken and distort the aim of the unions in the eyes of the public.

"You must be aware, or should be aware, of the fact that of all the men put to work by the CWA, only about one out of 20 is a member of a union. It really would seem as though the unions have a complaint against the activity of the unhumane non-union forces in the community, wouldn't it, Mr. Editor?

* * *

"According to your seeming standard, it is all right for your paper to charge CWA workers for a copy of your paper or for advertisements in your paper—but, when the union asks them to pay their union obligations, that is a 'racket' or 'chiseling.'

"It is all right for your paper to insist that CWA workers pay your subscription or advertising rates so that you can properly pay the salaries of the managers and superintendents of your business—but when the unions ask these workers to contribute to the expenses of the managers or representatives of the unions, that is a 'racket' or 'chiseling.'

"According to your questionable articles, it is all right for death, accident and sick insurance companies to disqualify and nullify policies of CWA policyholders who do not pay their premiums—but it is a 'racket' or 'chiseling' if the unions ask the same thing of members of the union.

"You virtually say to the public that it is all right for the city, state or nation to sheriff sale the property of a taxpayer if he does not pay his taxes which support hospitals for the citizens. But it is 'chiseling' or a 'racket' for unions to ask their members WHEN WORKING to contribute to the free hospitalization and homes for aged workers that the unions are sustaining.

* * *

"By your misleading editorials and news attitude toward labor unions in the Pittsburgh CWA controversy, you are showing the public what a joke can be made of the so-called American 'freedom of the press.' 'Freedom to ignore fairness to workers who organize for their protection,' appears to be the present drift of the 'free press.'

"Trusting that you will publish this letter as a fair presentation of the side of union labor, the Pittsburgh Central Labor Union begs to remain,

Sincerely yours,
P. T. FAGAN, President.
JOHN HOEHN, Secretary.

In the adjoining column is published a letter from the Pittsburgh Central Labor Union severely criticising the Sun-Telegraph for the publicity it gave to recent efforts of the Carpenters' Union to collect arrears of union dues from members employed on CWA projects here. The letter speaks of "misleading editorials and news attitude," and of "unauthoritative" news.

* * *

The Sun-Telegraph was not dealing in "unauthoritative" news when it photographed for its readers a carpenter's working card which provided that in return for permission to work at the Cathedral of Learning the carpenter "must report to the district council every Saturday morning and pay one-half of the amount earned until all dues in arrears are paid in full."

Neither was its news unauthoritative when it printed, in full, a column-long explanation, by William J. Kelly, business agent of the Carpenters' District Council, of why his union felt it necessary to follow its course.

Mr. Kelly said:

"So this class of men (those in arrears or suspended for non-payment) were required to agree to pay one-half of their earnings until they had squared their arrearages . . . ."

He went on to explain that workmen in arrears were not in good standing; that there were plenty of those in good standing to put to work; that these men agreed to let delinquents work anyhow if they began paying back dues and that the back dues agreement plan was adopted as the way out.

Investigation showed that carpenters of other cities—Harrisburg, Philadelphia, Cleveland, Cincinnati—felt differently. They were asked only for voluntary contributions. International officers of the union said the question of delinquent dues could be waived.

* * *

The Sun-Telegraph cast no "reflections upon the honesty and integrity of the Pittsburgh labor unions." It simply reported and commented upon the fact that one union had required delinquent members to agree to pay as back dues half their earnings on a CWA job.

Prominence in the news columns was given the incident simply because the CWA was designed to give emergency employment to those in need at the expense of the general public, and the public therefore has an interest in the conduct of the movement.

* * *

Editorially, the Sun-Telegraph commented only once, January 16, and said then:

"The Sun-Telegraph is friendly to labor unions and approves of collective bargaining. We do not dispute the right of the carpenters' union to insist that only union men shall be employed on the Cathedral job, since the contract was made on that understanding; nor do we question the right of the union to insist that its members shall pay their delinquent dues; but we feel that to demand half of his wages from a man who has long been out of work and whose family are sorely in need of clothing and other necessities is going too far."

The position of the Sun-Telegraph is the same today.—THE EDITOR.

Carnegie's Fleet To Visit South

Voyages of the Carnegie Steel Company's river fleet will number 100 with the departure tomorrow of the fleet flagship, I. Lamont Hughes, for Memphis and New Orleans. The tow will consist of 11 barges carrying approximately 8,000 tons of steel products.

COUNTY SENDS PROTEST ON CWA CUT

President Gets Plea Against Proposed Curtailment

Protests against the curtailment of the county CWA program have been sent by the County Commissioners to President Roosevelt, to United States Senators from Pennsylvania and the United States Representatives from Allegheny County.

The letters, similar in character, pointed out the program had been interrupted just at a time when it was getting under way.

Unemployed voters of the Fourth Ward last night in Holmes School, protested alleged political discrimination in CWA job assignments in their district., H. P. Eberharter was chairman. Resolutions, to be sent to Washington, were passed, demanding continuation of the CWA campaign, and a federal investigation of employment methods here.

ELLENBOGEN PLAN

Meanwhile, in Washington, Congressman Henry Ellenbogen, declaring that the contemplated grant of $350,000,000 was inadequate to produce an effective CWA program, advocated a two billion dollar appropriation for its continuance.

Congressmen have been receiving appeals from all parts of the country for the extention of the program. The $350,000,000 appropriation, which will carry the work until May 1, will leave 4,000,000 jobless, and reduce Pennsylvania payrolls 100,000 men, it was pointed out.

With reports of curtailment in the Civil Works program coming from Washington, City Council is taking precautions not to be loaded up with large quantities of materials and tools with no government-paid men to use them.

There is an agreement in City Council to amend for the present the appropriation ordinances providing Civil Works funds, reducing the amount made available from $782,000 to $130,000. The money comes from a $1,400,000 city relief work bond issue.

Chief City Engineer C. M. Reppert told Council that he is using

(Continued on Page Twenty-two.)

WILL ROGERS SAYS

BEVERLY HILLS, Cal., Jan. 24.
To the Editor, Sun-Telegraph:

Good deal of Japanese news last day or so. One day our eyes are turned to Europe (to see if the boys have any token payment). The next day it's Japan that draws our attention.

Will Rogers

We are going to have a crooked neck from trying to look both ways at once.

That old hostile baby over in Japan that was secretary of war has resigned, and their foreign minister, Koki Hirota, seems to be about half peaceable.

He seems to kinder favor licking Russia first. Then take care of us later. But this boy that resigned, he was for a double header the same day.

Yours, BILL.

(Copyright, 1934, McNaught Synd., Inc.)

Rudy Appreciates Wife's Talent; He Bought Her Records

By ARTHUR (BUGS) BAER

While Congress recognized Cuba, how about a nod to:

Rudy for buying his wife's records? That makes her a better singer than him.

The man who found the other chunk of the Cullinan? It weighs three pounds, and they call it half a diamond.

The boys who grafted in the CWA? One of them hung a cow bell on a pumphandle to fool a near-sighted baby. Nice work.

The man who suggested a visitors' day at the U. S. Treasury gold vaults for misers. We'll be there.

Mr. Roosevelt for pegging the fluttering dollar. The bankers can put away their butterfly nets and go to work.

The Republicans who are putting their shoulders to the Democratic wheel. It's better to work together than to resign.

(Copyright, 1934, Distributed by Universal Service, Inc.)

Betcha $50 You Can't Tell 'Em Apart!

FANCHON, VIRGINIA . . . WHICH IS WHICH? DAD COULDN'T TELL THE PHOTOGRAPHER

Odd Wins as Carroll Fails to Name Twins

Diebold Girls Stump Diners in New York Restaurant

It was the 17-year-old dancing twins, Misses Fanchon and Virginia Diebold, of Squirrel Hill, who confused the diners in New York's Central Park Casino, but O. O. McIntyre's report of the incident failed to reveal that he won $50 from Earl Carroll.

McIntyre reported the incident Monday in his Sun-Telegraph editorial page daily column. He merely cited that Producer Carroll escorted the pretty twins to a casino dinner party, had them confuse the guests in trying to tell which one was which and added that they blushed in unison.

Pittsburgh friends today revealed the story behind the scene. Carroll obtained permission from the girl's mother, Mrs. E. M. Diebold, who is in New York with the dancers, to take them to the party for a short time. McIntyre was the object of his joke. The columnist took the producer's suggestion of betting $50 that McIntyre could not tell them apart but that Carroll could accomplish the feat. The girls returned to the room after absenting themselves a short time. McIntyre failed and told Carroll to identify the girls. Well, Carroll mistook Virginia for Fanchon. He lost the bet.

The girls, who are now in rehearsal as the feature dance team in a new production, "Romantic Barbara," are individually mistaken so often that each wears an initial pin to reveal to anyone who doubts which one is which. They were born and reared in Pittsburgh. Their career was started at a local dancing school. Their last appearance in Pittsburgh was two years ago at a downtown theater, though they visited their home and friends three months ago.

Dormont to Award Mid-Year Diplomas

Dormont High School will award diplomas to 53 students at the school's mid-year commencement exercises to be held in the Hillsdale School Tuesday. Dr. S. W. Corcoran will ask the invocation and the diplomas will be presented by Dr. William P. Tolley, president of Allegheny College. Elmer Dickey, Elizabeth Epstein, Anna McClain and Martha MacDonald will be the student speakers. Martha Ketchum, Helen Snyder and Louise Wolstoncroft will play piano solos.

BEAUTIES SIGH FOR IDEAL MAN

Eleven attractive Earl Carroll girls gave Pittsburgh its first beauty parade—so it was called—on a Pullman train last night in the Pennsylvania station.

First, they paraded before a radio mike, speaking pretty phrases; then they were introduced to the city's leading theatrical men and newspaper critics at a reception Carroll gave in a club car.

The beauties are en route to Hollywood where a screen version of Carroll's current Broadway hit, "Murder at the Vanities," will be produced.

Besides giving a good show of feminine pulchritude, the 11 beauties gave a good description of their ideal 1934-style man before the three-car special train left. Beyrl Wallace, a vivacious brunette, said:

"He must be so gorgeous, so wonderful, so divine and only mine—if you get what I mean. Some girls tell me that only cream puffs are like that."

Radio Aids Sailor Stricken on Voyage

ST. PAUL, Alaska, Jan. 24.—(INS.)—Instructions for the care of a stricken seaman were radioed today by naval radio here to a steamer at sea.

EULOGIES FOR 2 STRICKEN ON SAME DAY

Rites Arranged for Veteran of 32 Years On Bench

The county today mourned two of its veteran jurists, John A. Evans, retired, and Sylvester J. Snee, who died within a few hours of each other yesterday.

Funeral services for Judge Evans will be held tomorrow afternoon at the home of his daughter, Mrs. Don Rose, 46 Beaver drive, Sewickley, where his death occurred yesterday morning.

The funeral of Judge Snee will not be held until Saturday afternoon, it was announced at his home, 58 Hoodridge drive, Mt. Lebanon, today.

Jurors who are not serving on cases now on trial were discharged for the remainder of the week. The courts will recess tomorrow and Friday afternoons. Other business besides jury trials will continue as usual.

It was on the bench of Courtroom No. 1, where Judge Snee was preparing an expression on the death of Judge Evans, that he was stricken. His death occurred two hours later.

EULOGY OF EVANS

The full bench of 13 remaining judges in Common Pleas Court heard the formal announcement of Judge Snee's death this morning. Robert T. Houlden, member of the Allegheny County Bar Association, made the announcement and eulogized the jurist.

President Judge Ambrose B. Reid, replying, said:

"All the judges of this court have a very painful duty in announcing the deaths of two of the distinguished members of this bar, which happened within a few hours. His words as yet unspoken, Judge Snee was called to join his friend, Judge Evans, on the other shore before he had the opportunity to utter them. He literally died in the harness and was faithful unto death."

MEMORIAL SERVICE

Judges of Common Pleas and County Courts assembled later in the assignment room of Criminal Court, where a brief memorial service for Judge Snee was held.

Official announcement of the death of Judge Evans and a eulogy to the late jurist were made before assembled jurists of Allegheny County yesterday by Attorney Houlden and President Judge Reid, of the Court of Common Pleas.

The Rev. O. D. Odell, pastor of the Sewickley Presbyterian Church, will officiate at the funeral of Judge Evans. The services will begin at 3 o'clock, with burial in the Wilkins Cemetery.

Honorary pallbearers will be George Shaw, E. W. Smith, E. Z. Smith, Chief Justice Robert S. Frazer, of the State Supreme Court; William H. McClung, George Shiras II, former Judges J. R. Macfarlane, J. M. Swearingen and Marshall Brown; L. K. Porter, John S. Robb, Dr. J. D. Heard, John C. Slack, D. F. Collingwood, Judge Joseph Stadtfeld, of the Superior Court; Judge T. P. Trimble, Judge Ambrose R. Reid, Judge H. H. Rowand, United States Judge Robert M. Gibson, Frederick Holdship, John S. George, Judge R. A. Kennedy, Carroll C. Davis, F. E. Brooks, Ross Sterrett, George E. Alter, J. S. Wendt, Judge Thomas M. Marshall, William S. Dalzell, W. W. Smith and James C. Chaplin.

'Autograph? Certainly!' (But He Rubber-Stamped It!)

MAYOR WILLIAM N. M'NAIR FRED PHILLIPS, 11 ROBERT PFISCHNER, 11 PAUL PFISCHNER, 11

Mayor McNair in his office graciously complying with boyish requests of three Millvale boys for his autograph—which he rubber-stamped "to save time. Robert's the son of Millvale's Burgess Pfischner, Paul's his cousin. This is a Sun-Telegraph picture.

DEATH TAKES M. J. ROESER

Martin J. Roeser, 58, prominent in Masonic circles and a merchant in the Diamond Market for many years, died from pneumonia today in his home, 59 Dinsmore avenue, Crafton.

His activitiy in Masonic groups led him to serve in a number of offices. He was past master of Guyasuta Lodge No. 513, F. & A. M., high priest of Zerubbabel chapter No. 162, Royal Arch Masons, past commander, Pittsburgh Commandery No. 1 Knights Templar, and Past Thrice Illustrious Master, Mount Moriah Council No. 2, R. & S. M. He was a member of the First Presbyterian Church.

Besides his widow, Mrs. Ernestine Wettinged Roeser, he leaves one daughter, Mrs. John Henry Johann, a granddaughter, Miss Betty May Johann, two brothers, Ernest E., of this city, and Charles F., of Cleveland; and two sisters, Mrs. Viola Schmitzer, of Avalon, and Mrs. Mercedes Sheldon, of Surry, N. H.

Knights Templar services will be held at Ferguson Wood funeral chapel Friday night, and funeral services at 2 o'clock Saturday afternoon.

McNair Opens Series Of Legion Lectures

Mayor William N. McNair addressed an open meeting of Observatory Post, No. 81, American Legion, at the post home, 2610 Perrysville avenue, North Side, last night. The Mayor's talk, in which he outlined his single tax theories, was the first of a series of lectures to be presented by the post during the next five months.

MARTIN PROTESTS OVERLAPPING WASTES IN STATE AFFAIRS

G. O. P. LEADER BACKS BATTLE FOR ECONOMY

(In today's article, Gen. Edward Martin, former State Treasurer, gives his views on what must be done about relief to the overburdened taxpayer who is called upon to pay the bill for duplication, overlapping and waste in governmental operation.)

The campaign of the Sun-Telegraph for the elimination of duplication, overlapping and waste in governmental services, was strengthened today by Gen. Edward Martin, political leader and former State Treasurer. Gen. Martin stated that practical suggestions must be offered instead of criticism to bring about substantial relief from the heavy tax burden brought about by duplication and waste in government.

Gen. Martin declared that at present there is too much government. He believes there should be a concentrated effort to immediately eliminate duplication and overlapping. He said he felt the three strata governmental plan, local, state and federal, was sound, but that there must be a clear division of service.

CITES SAVING

Gen. Martin's first suggestion was that the state government of Pensylvania should be re-organized with fewer departments. Services already performed by the federal government should not be duplicated by the states. An annual savings of several million dollars would result by combining bureaus and departments in the state government, Martin said. Such co-ordination of the work of the various departments would specifically result in elimination of duplication of audits, investigations and inspections.

Gen. Martin has long been an advocate of governmental reform but he took a much more decided position last week in an address in Harrisburg. He pointed out the burden of too much government, the danger of public debt and the expense of overlapping and duplication in public affairs.

He said:

"The total cost of all government has so greatly increased during the last two decades and has so shocked the average citizen that he has become government conscious as never before. In 1913 the total cost of all government, local, state and federal, was less than three billion dollars, or 8½ per cent of the national income. In 1928, 15 years later, it had increased to more than 12 billion dollars, or more than 15 per cent of the national income. Now almost one dollar out of every three and one-half is used for governing ourselves. One person out of every 10 is somewhere on the government payroll."

Gen. Martin pointed out that in Pennsylvania the local governmental bond issues have increased three fold from $245,000,000 in 1912 to more than one billion dollars in 1930, or 33 per cent. He also pointed out that during the last 20 years the tax increase has been tremendous, the ratio by governmental units being as follows: Cities, 206 per cent; boroughs, 104 per cent; school districts, 429 per cent; counties, 400 per cent; townships, 250 per cent; state, 500 per cent. During the same period the population has increased but 25 per cent.

WHERE MONEY GOES

In Pennsylvania, Gen. Martin said, more than 80 per cent of every tax dollar is spent for education, welfare and roads.

Gen. Martin advocates that the collection of all taxes in a county should be concentrated in one place, and in order to assure equitable valuaton, the authority to make assessments should be centralized in the county.

The two suggestions made above are exactly what the Sun-Telegraph had reviewed favorably for adoption in Allegheny County as a means of saving several hundred thousand dollars annually.

Gen. Martin further stated:

"Local government has its place, but if it is to be retained it must perform its functions economically and with efficiency. It is now on trial. The cost of all government must be lowered. With common sense we must cut out overlapping, duplication and frills. Harsh criticism will not help the situation. We must co-operate, one with the other."

M'CLOSKEY HITS AT GAMBLING

International News Service.

JOHNSTOWN, Pa., Jan. 24.—Following his sudden edict for rigid enforcement of the state "blue laws" with an order to clean up the city's gambling dens, Mayor Eddie McCloskey appeared to be driving in wholehearted earnestness today for a pious Johnstown.

Mayor McCloskey's decision to launch the drive on the alleged flagrant operations of card sharks and money men came ofter Councilman George Griffiths, political foe of the outspoken chief executive, charged that gambling establishments are running "wide open" in many parts of the city.

Police Chief Harry Klink is said to be awaiting word from McCloskey today on what part of Johnstown he shall concentrate in opening the expurgation program. The Mayor is reported to have instructed one officer to "organize a police squad and visit every establishment on the list."

Seniors Given Favors By Schenley Girls

Senior members of the Junior Junto, girls' honorary club at Schenley High School, were presented compacts yesterday at a tea in the Ruskin Apartments. Miss Prudence Trimble is sponsor of the club.

County Sends Protest On Cut in CWA

(Continued from Page One, This Part.)

care not to stock more tools and materials than necessary for the work now started.

Some tools were purchased with CWA money and, according to city engineers, are of a quality inferior to those purchased by the city. Some of the CWA shovels wore out in two days, Council was told.

An additional list of approved CWA projects in Allegheny County was announced in Harrisburg. The list and the number of men to be employed on each project follows:

Drainage and surface of unimproved streets in city, Pittsburgh, 1,000.
Label specimens and miscellaneous work in Carnegie Museum, Pittsburgh, 6.
Constructing Rochester road sewer, West View Borough, 10.
Completing grading and preparing for planting, junior high school, Moon Township, 7.
Washing and painting interior walls, Groveton School, Robinson Township, 10.
Grading and placing cinders on Painter street, Harrison Township, 22.
Grade school, washing and painting, Robinson Township, 10.
Washing and painting Robinson Township High School, Robinton Township, 15.
Improving and providing recreational facilities in various parks and playgrounds, Pittsburgh, 1,109.
Sewer construction, drainage improvements, Pittsburgh, 1,176.
Sewer construction and drainage improvements, Pittsburgh, 844.
Wall avenue culvert, Wall Borough, 35.
Grading and ditch paving, Baker alley, McKeesport, 31.

GLASSPORT REPAVING

Repaving Broadway, Vermont and Allegheny avenue and grading and gutter on Penn way, Glassport Borough, 275.
Repaving Blackbury street from Eighth avenue to Ninth avenue, McKeesport, 28.
Grading and paving from state street to high school property, Highland avenue, Oakdale Borough, 24.
Miscellaneous research, Pittsburgh, 39.
Painting school buildings, South Fayette Township, 12.
Grading of playground at Lafferty School, Baldwin Township, 67.
Repairing and painting schools, Sharpsburg Borough, 18.
Maintenance, Division No. 1, sidewalks, Allegheny County, 152.
Maintenance, Division No. 2, sidewalks, Allegheny County, 133.
Maintenance, Division No. 3, sidewalks, Allegheny County, 160.
Construction of culvert, Wall Borough, 34.
Grading and surface of school grounds, Penn Township, 88.
Repaving streets, etc., Chartiers avenue and Mulvihill avenue; grade and clean Owens street, McKees Rocks Borough, 51.
Clean and paint Washington school auditorium, take pre-school census, Mt. Lebanon Township, 12.
Grading Glenn avenue, construction of sanitary sewer, Wilkinsburg, 33.
Repaving of Orchard alley, Brackenridge Borough, 22.
Improvement to park, Springdale, 53.
Construction storm sewer in park playground, Wilkinsburg, 23.
Mt. Royal road construction, etc., Shaler Township, 114.
Improving grade school, Leetsdale Borough, 75.
Repairing sewer Auberlie street, North Versailles Township, 25.
Regrading terraces surrounding property at Ninth and Michigan avenues, Glassport, 9.
Painting three schools, Dormont, 84.

HOMESTEAD WORK

Grading street and alleys, Homestead Borough, 69.
Grading street, Wilkinsburg, 23.
Renovation and restoration of old records in Clerk of Court's office, Allegheny County, 6.
Painting two school buildings, interior and exterior, West Elizabeth, 12.
Repaving streets, Pitcairn Borough, 38.
Grading, sewering street, Pitcairn Borough, 58.
Placing red dog on and cleaning up ditches, Findley Township, 132.
Construction of culverts and sidewalks and improvements, Penn Township, 250.
Cleaning and painting interior of schools, Glassport, 24.
Study of school finances for Allegheny County over last 10 years, 3.
Excavation for basement under high school auditorium, East McKeesport, 59.
General cleaning and repairing of borough building, East Pittsburgh, 34.
Improvement to school, Bridgeville Borough, 8.

Shares Estate

MRS. WILLIAM P. SNYDER, JR.

Mrs. Snyder, Pittsburgh society woman, named with her brother, Nelson McStea Whitney, of New Orleans, to share equally in the estate of their mother, Mrs. Sarah Eliza Whitney. The value of the estate was not estimated. Mrs. Snyder is a daughter of the late George Q. Whitney, founder of New Orleans banks.

Lose Fat Safely and Quickly

Kruschen Salts—(a perfect combination of the six mineral salts your body should have to function properly) purify your blood of harmful acids, and throw off waste material—the continual formation of which is probably the cause of your fat.

In this modern age of living, it's impossible to get these salts from the fancy foods you eat—but don't worry just as long as you have Kruschen Salts.

Take a half teaspoon every morning before breakfast in a glass of hot water—little by little that ugly fat disappears, you'll feel better than ever before—years younger, more energy. You'll soon possess that enviable beauty, clear skin, sparkling eyes, superb figure which only perfect health can impart.

An 85c bottle (lasts 4 weeks) at any progressive druggist in America. Money back if Kruschen doesn't convince you that is the safest quickest, easiest way to lose fat.

A Hartford woman writes: "I'll tell the world Kruschen Salts is wonderful stuff to reduce." An Ohio woman lost 10 pounds with one bottle.

ROOSEVELT FOR MORE FUNDS

WASHINGTON, Jan. 24.—(AP.)—President Roosevelt was ready today to ask Congress for $850,000,000 to carry on the Civil Works Administration until May and to provide additional relief throughout the fall.

Out of the $500,000,000 relief fund the President is prepared to use money for continuation of a part of the Civil Works Administration beyond May 1 if necessary.

However, he is asking only the $350,000,000 necessary to continue the CWA until May, confident that a vast majority of the 4,000,000 workers now on the federal payrolls will have been absorbed by that time by private industry and the normal seasonal pick up on the farms.

ASKS 2 BILLION CWA FUND

WASHINGTON, Jan. 24.—(AP.)—A congressional allotment of two billion dollars for continuing the Civil Works administration program was advocated today by Representative Henry Ellenbogen, of Pittsburgh.

He asserted:

"The contemplated government grant of $350,000,000 is altogether inadequate to produce an effective CWA program. Two billion dollars is the minimum CWA should have for the calendar year 1934 if it is effectively to expedite national recovery."

HARRISBURG, Jan. 24.—(INS.)—Gov. Gifford Pinchot today telegraphed all members of Pennsylvania's Congressional delegation except Senator David A. Reed and urged them to support the proposed expansion of the CWA program.

At the Governor's office it was stated he had no comment to make regarding the omission of Senator Reed. Senator James J. Davis was included. Senator Reed recently has made several attacks on the CWA program.

Decorated Toes To Be Fashion For Summer

PHILADELPHIA, Jan. 24.—(Universal.)—Decorated toes will be the style this summer for fashionable women, according to M. A. Mittellman, of Detroit, president of the National Shoe Retailers' Association, here for the annual convention of the body.

The women will wear their toenails green, purple, pink or blue, to conform with the new color effect of the toeless and backless shoe models, of which there are four floors on display.

EXPOSES FAKES ON CENSUS JOB

Fake real property inventory and unemployment census enumerators are in the field.

Taking cognizance of complaints that men posing as workers on the enterprise are calling on homes in the county, Theodore A. Veenstra and Edwin N. Montague, directing the survey with CWA help, warned householders not to answer questions put by persons unable to display official credentials.

All enumerators have been instructed to show their cards to householders before interrogating occupants.

Young Thugs Fell Woman On Street

Three young thugs who felled Mrs. H. Mack, of 413 Kambach street, Mt. Washington, when she refused to surrender her purse last night, were sought by police today.

The trio confronted Mrs. Mack at Bailey avenue and Judicial street and attempted to snatch her purse, she told police. In a struggle which followed Mrs. Mack was struck in the face and knocked to the street. The assailants, frightened, fled without loot.

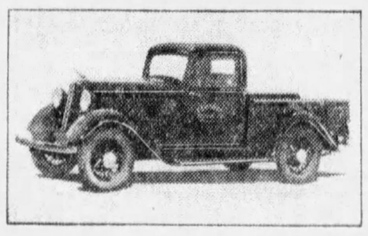
"SHOW-DOWN" PLAN SHOWS WHY DODGE TRUCKS SAVE GAS...OIL...TIRES...REPAIRS!

DODGE NOW PRICED WITH LOWEST...

No Wonder Thousands at the Auto Show say..."My Next Truck Will Be a Dodge!"



DODGE COMMERCIAL EXPRESS—6 cylinders—patented Floating Power engine mountings, valve seat inserts, hydraulic brakes and many other great money-saving features. $485

THERE is no mistaking Dodge extra value in the low-price field when you check up for yourself feature-by-feature. Thousands have made an out-and-out, "Show-Down" comparison. The result is a gigantic swing of buyers to Dodge trucks. Sales in the last four months have gained four times faster than the field. Unquestionably, the trend of buying in the low-price truck field is to the Dodge.

Here is Dodge, priced with the lowest, yet leading the field in costly features by an almost unbelievable margin. And they are features that unquestionably save gasoline, oil, tires, and repair bills...such features of fine truck building as hydraulic brakes, oil filter, cast iron braking surfaces, full pressure lubrication, full floating rear axle, 4-bearing crankshaft, valve seat inserts, roller bearing universals ...eighteen extra-value features in all.

Make This Comparison!

Don't buy any truck till you compare it with Dodge. Particularly when it is now so easy to make a comparison. If you want a truck built to save money on repairs and running costs, go to the Dodge dealer and ask for the facts. Compare feature-by-feature, point-by-point. You'll wonder how Dodge can give you so much. You won't find any other truck with even half of the important gas-oil-tire-and-repair-saving features you want and you find in Dodge and at such a low price!

That's why Dodge sales are gaining four times faster than the field. Smart buyers simply find far greater value in Dodge Trucks—and Dodge is priced with the lowest.

On Display

Check Dodge yourself. See the latest models today. Ask your Dodge dealer for the "Show-Down" comparison.

All prices F. O. B. Factory, Detroit. Special equipment including Dual Wheels on 1½-Ton models extra. Prices subject to change without notice.

DODGE BROTHERS CORP.
Division of CHRYSLER CORP.
DETROIT, MICHIGAN

DODGE 1½-TON, CHASSIS—6-cylinder engine—136 inch wheelbase. Priced with the very lowest yet offers an amazing array of recognized money-saving features. $525

DODGE COMMERCIAL PANEL—6-cylinders. The handsomest panel truck ever seen on any highway. Has Floating Power engine mountings, hydraulic brakes, valve seat inserts, and other features that save gas, oil and cut upkeep costs. Priced right down with the lowest! $595

Also, Heavy duty models up to 9 tons payload

WEIGHMASTERS MUST GET LICENSE

Weighmasters regulating coal, coke and petroleum deliveries were today advised to make immediate application for licenses to ply their trade, by Urban E. Dice, Director of the Department of Weights and Measures.

Required by an act of Legislature approved this month, the licenses cost $5 each and are for not more than three years. Applications may be had at the Bureau of Standard Weights and Measures, Department of Internal Affairs, Harrisburg.

Dice said he expected to have application forms soon at his office.

Information requested in the blanks include the applicant's experience in weighing, his qualification for weighmaster, and the names of two persons who have known him for five years.

Licenses, according to the law, must be overworked if the weighmaster loses his employment at the place of weighing for which the license is issued.

Dice said his department is charged with enforcing the provision of the act. In checking on loads to be delivered, the county has been carrying out some of the laws' provisions for two years, Dice said.

Italian Composer Opens New Opera

ROME, Jan. 24.—(AP.)—Ottorino Respigni, composer and musical director, last night opened his new opera "La Fiamma" (The Flame) successfully before a capacity audience in the Royal Opera House.

The premiere was witnessed by the King and Queen of Italy and by Premier Mussolini. There were 24 curtain calls. Respigni personally directed the orchestra. Giuseppina Corbelli and Angelo Minghetti sang the leads.

Scientist Makes Electrons Play Xylophone, Freeze Water Quickly

Photo by Pittsburgh Sun-Telegraph.

DR. PHILLIPS THOMAS.....PLAYING HIS STRANGE XYLOPHONE WITH RAYS OF LIGHT

'Black Magic' Does Many Odd Jobs

Electrons were made to play the xylophone, as well as perform other "black magic" tricks, in Dr. Phillips Thomas' lecture, "Ramblings in Research," at the noon luncheon of the Advertising Club of Pittsburgh in the William Penn Hotel today.

Dr. Thomas, research engineer of the Westinghouse Electric and Manufacturing Company, guided the action of the infinitesimal electrons and made them perform many odd jobs. Using phototubes, grid-glow tubes and other sensitive electrical devices, he played selections on his xylophone normally requiring the services of four players.

Going from the social to the domestic field, he demonstrated the principal of electric refrigeration, and froze a miniature cake of ice in less than two minutes. Another of his demonstrations involved a miniature control board, an exact replica of the Arcturus board used at the Chicago World's Fair last year, on which wire connections to four observatories, Harvard, Allegheny, Urbana, and Yerkes, were outlined. With this board the method of illuminating the Fair as set off by the light from the star Arcturus was reenacted.

His entire lecture and demonstration is arranged, so Dr. Thomas stated, to explain and not to mystify. Those things electrical which puzzle the non-technical man he hopes to make understandable through his displays.

MOTOR OFFICER HURT IN CRASH

Motorcycle Patrolman Frank Meyers, 35, of 1706 Rutherford street, was in Mercy Hospital today with injuries suffered when his motorcycle collided with an automobile driven, police said, by Mrs. Irene Waizenhofer, 35, of 2914 Middletown road, at Fifth and Liberty avenues late yesterday.

The patrolman's sidecar struck the left front wheel of the automobile which was pulling out from the curb, police reported. Meyers was thrown from the motorcycle, his head striking a street car rail.

Fred Connors, 68, of 337 First avenue, suffered lacerations and bruises when struck by a truck at Fourth avenue and Grant street last night. He was taken to Mercy Hospital.

10 QUESTIONS

Here are Ten Questions frequently asked about Natural Gas ..how many can you answer correctly?

1. WHY IS NATURAL GAS EVERYWHERE CALLED THE "IDEAL" FUEL?

A. Because it is rich in heat value—requires no storage or handling—is convenient and easy to use—is clean in both delivery and combustion—can be regulated and controlled easily and automatically—is available at the turn of a valve—and is truly economical.

2. HOW DO GAS RATES HERE COMPARE WITH OTHER LARGE CITIES?

A. On the basis of heat units per 1000 cu. ft., gas rates in the Pittsburgh District are very low—actually from one-fourth to one-half those in many other large cities.

3. *Can* I AFFORD *to* HEAT *my home with* GAS?

A. Yes, if extra convenience, comfort, cleanliness and healthfulness are worth a few cents more per day to you.

Your Gas Company will be glad to give you—free of charge and with no obligation on your part whatsoever—an accurate estimate of the cost of Gas Heat for your own home. Don't guess—get the facts!

4. WHAT IS THE AVERAGE MONTHLY GAS BILL IN THIS DISTRICT?

A. Slightly less than $3.00 per month among domestic users of gas—or less than 10c per day.

5. *How does the* COST *of* GAS HEAT *compare with the* COST *of* HEATING *with* OTHER FUELS?

A. On the basis of fuel cost alone, Gas Heat *does* cost more—but fuel is only one of the real costs of heating. Most people who enjoy Gas Heat insist that, when you figure the saving in labor, in cleaning, redecorating, and possibly in doctor bills, Gas Heat costs little if any more than other fuels.

6. WHAT DOES IT COST PER MONTH TO COOK WITH GAS?

A. The average is a little less than $1.00 per month for a family of four—or about 1 cent per meal.

7. WHY IS NATURAL GAS CALLED THE MODERNIZING FUEL?

A. Because, in its many uses in the home, it provides the comforts and conveniences which, more than anything else, make a home truly modern

8. WHAT DOES IT COST TO OPERATE A GAS REFRIGERATOR?

A. *2c per day*—far and away the lowest operating cost of any refrigerator.

9. *Does the* EQUIPMENT USED *noticeably affect the* COST OF GAS HEAT?

A. To a very great extent! There are many gas boilers, furnaces and burners in use today that are obsolete, and very inefficient and wasteful—and many that are undersized and therefore cannot possibly give satisfaction. Modern, efficient, properly installed equipment may cut the cost of Gas Heat by as much as 30 to 50%. Your Gas Company will be glad to survey and inspect your heating plant and suggest ways and means of cutting your heating cost. There is no charge for such service.

10. WHY IS GAS HEAT SO HEALTHFUL?

A. Because with Gas Heat you get, automatically, a constant, even temperature—and you avoid the fluctuations, the alternating too hot and too cold temperatures, almost inevitable with bulky, smoky fuels, that are so common a cause of colds and other illness.

Generosity With Presents No Test of Character

Should the boy friend always come bearing gifts? And if he doesn't, is it a sign he's a tight-wad?

There's Muriel, now. She's engaged to Ted, and thinks he's the one and only. But does the family agree with her? No; not for a minute. And why?

Here's the story. We'll let her tell it—then you tell her!

My dear Miss Elsie:

I've read your advice a lot of times, and now here I am for some myself. Please help me, won't you?

I am 20, and engaged. I love Ted. I think he is fine and wonderful. He is 24, and he has a good job, but one that of course doesn't pay as much as it would if times were better. However, he works hard, and has every hope of getting ahead in the world.

My problem is that the family thinks he's stingy, because he doesn't bring me some kind of gift every time he calls. They point to him with scorn, and are always holding my sister's boy friend up in contrast. He brings Sis things often. But then he is older, and she is 26, and has a better job.

And I don't think all this "gift bearing" is necessary, anyway. If you really love a man, I don't think you're always thinking "gimme." But my folks don't agree with me. They say if Ted doesn't "loosen up" now, he will turn out to be a tight-wad if I marry him.

THINKING OF FUTURE

But I'm sure that the reason he doesn't spend like Sis's beau is that he is anxious to save, so we'll have something when we get married. He makes enough to buy the things, but if he did that he wouldn't be able to save. I appreciate his wanting to save a stake for the future, and I don't mind his not spending a lot of money on me.

But the family is continually nagging me about him. They want me to stop going with him. They keep saying he'll "be a husband who counts his pennies all the time." But I don't believe it. He takes me out to dinner and a show every once in a while. He buys me candy, and on my birthday he gave me a simple bracelet.

What do you think? Do you believe he is stingy? Do you think a boy has to bring his girl a present every time he sees her, to show that he loves her? Do you think I should drop him, as the family says?

MURIEL.

What do I think?

I think you should thank your lucky stars for sending you a fine, sensible sweetheart—and then proceed to do your darndest to hold on to him.

A WISER YOUTH

This fad for mass production of presents may look very romantic, but actually it's just one of the twitchy symptoms of our show-off age, youngster. Giving things to those we love is lots of fun, but no test of character. Often it takes far more backbone not to give; to pass up the sweet kisses and applause for the sake of a safer future.

Your boy friend could throw his money around just as lavishly as Sister's beau—and would doubtless get just as much of a kick out of doing it—but he's doing a harder and a finer thing in trying to live, and love, honestly within his income.

As for the family? Well, families are precious and indispensable. Life would be a forlorn thing without them. But they nearly always have one fatal habit—they like to be an anvil chorus. Not because they're naturally pesty, but just because they love to start something, normal family life being a dull affair at best.

But don't take their wheezes too seriously. Stick by your man, and in a year they'll be boasting about him and putting Sister's "spendthrift" in the dog house!

And here's someone who's wishing the both of you all the joy in the world, my dear!

Fay King Writes of Glory That Passes and Joy That Endures

EVERY LUXURY AND LATEST FASHION
WE ALL ENVY YOU!
IT IS HARD FOR A GIRL WHO HAS BEEN A PAMPERED PET TO ADJUST HERSELF TO CHANGE
FAY KING

By FAY KING

The other day an internationally famous jockey died in circumstances much altered from the wealth and glory he had known.

Countless men who were in small steady positions when they envied him had attained their modest ambitions in life, when they read and remembered about him.

So too, have girls in shops envied some beauty her fame and luxury while she was the toast of town. Years later they have been amazed to read of her unhappy end, while each of them has had happiness in a nice little home with husband and children.

How much better to enjoy plain comforts always, than a brief burst of luxury.

The sorrows of vanity receive little sympathy.

Given in Marriage

A Sequel to Heart of a Wife

By ADELE GARRISON

Avis Cries That She Would Be Noel's Bride

Noel and I both sprang to our feet as Avis Arlen's wailing voice sounded from the doorway. I could only gauge his reaction by my own, and I was in the grip of distinct panic.

The girl was bent on mischief. I had feared it from the beginning. I knew it now, and I was seized with sudden furious regret at the scruples that had kept me from locking my room door upon her when I had come down to advise Noel concerning the sonnets, which upon a bet, he had written her during the trip which his father and he had taken with Avis and her mother.

"I never thought you could be so cruel, Noel," the wailing voice went on. "I did not dream you even had kept copies of those lovely things your soul wrote to me. It cheapens them, some way, to think you could have copied them. And yet—and yet—I suppose you wanted to read them over to yourself, the way I have read over the originals. But, No-el," as she advanced to the table and put her hand upon the sheaf of manuscript, "you haven't been reading them as often as I have. Do you know that mine are almost in tatters?"

Her hand was gripping the papers firmly, possessively. With a sudden little intuition as to what she meant to do, I shot a rapid command at Noel:

"Quick, Noel; catch her other hand and hold it!"

CONFESSES PURPOSE

With my first word I had seized the hand holding the papers in both of mine, and with a skill born of teaching refractory pupils, I opened the fingers clutching the manuscript and drew the papers from her resisting grasp.

For a wonder, Noel's troubled, befogged mind had caught my command, and he held her arm tightly, so that despite her struggles she was unable to reach the manuscript, which I carried to my desk. When I had locked the desk and put the key in my purse, I looked over at the flushed and angry girl.

"It really isn't any use, Avis," I said quietly. "I am fully aware that you are trying in every possible way to keep this wedding from taking place, or, failing that, to make Mary as unhappy—"

"As I am," she said dramatically, drawing herself up. "Yes, I admit it, I would like to see this wedding fall by the way, as it ought to. You don't realize that if right were triumphing it would not be Mary who would wear tomorrow's bridal gown, but Avis."

Noel relaxed his grip upon her arm and stepped back in horrified astonishment.

"Avis!" he exclaimed. "You can't realize what you are saying. "You know that I never—"

She turned upon him with eyes that changed, as they met his furious, horrified ones, from flashing anger to abject, humiliated sorrow.

STORY DOUBTED

"Oh! What am I doing?" she asked wildly. And I realized that she had changed her tactics in lightning-like fashion when she saw that, in the phraseology of our English cousins, she was "getting no change out of Noel," with that coin.

"I didn't mean that about trying to spoil the wedding," she said, her voice choked with tears that I realized with astonishment, mirrored real grief. But I put no credence in her protest that she was not trying to spoil the wedding.

"The wedding is too near at hand," she said. "It would be too terribly humiliating for Mary to have it broken off now. I would be the last to wish it.

"But I think you have been very cruel to me, Mrs. Graham, in your determination to keep me from talking to Noel. I am heart-broken that Noel should have shown to you or to anybody else those sacred lines he wrote to me. But in one way I am grateful. You have read them, and you can no longer deny that Noel must have cared for me very deeply when he wrote them. He never wrote any to Mary, I am willing to wager."

Had she heard the light footsteps in the hall that were filling me with panic? Was she saying these atrocious things on purpose? I sprang to my feet and rushed to the door, which her entrance had left ajar, with arms outstretched in an attempt to keep Mary from entering the room.

Correct Manners

By MRS. CORNELIUS BEECKMAN

Hats Off

Dear Mrs. Beeckman:

In the near future I am going to attend a Saturday matinee of the best known musical show in the city and I understand that my seat is in the first row orchestra. I am at a loss as to whether or not I should remove my hat and if so, at what time—that is, before the overture or just after it when the curtain is about to rise.

I am 21 years of age and my hat is of the ordinary size. E.

Yes, indeed, remove your hat. For if you don't you will probably have the disagreeable experience of being asked to remove it by some one sitting behind you whose vision you are ungraciously and selfishly obstructing.

Remove your hat at any time before the curtain goes up. Not as it is going up, or just after it has gone up, but before it goes up. If you wish, you may remove it just after you have taken your seat. But that first moment of charming excitement when the curtain is rising is too much enjoyed by a theatergoer to have it spoiled by the taking off of a hat in front.

Three's a Crowd

Dear Mrs. Beeckman:

If a young man takes a young lady . . . not his "best girl friend"—to a dance, and there meets his regular girl friend, should he take the girl he is escorting that evening home, or should he take his regular girl friend home, or should he see them both home? J.

This may complicate his evening! But first he must plan to accompany home the girl whom he brought to the dance, and then, if the "regular girl friend" came unescorted to the dance, it would be polite for him to take her home, too.

Contract Bridge

HOW TO PLAY and HOW TO WIN

By JOSEPHINE CULBERTSON

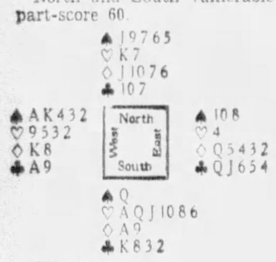
Watching the Fall of the Cards

Good bridge players pay the closest attention to the fall of the cards from the hands of the opponents in order to gain, if possible, knowledge as to the distribution of suits. Sometimes opponents false-card—that is, play high cards when they have low cards in following to a suit—in order to make it difficult for the Declarer to determine the location of key cards. However, false-carding is more or less of an art, and it is not easy, even with false-cards, to deceive a good card reader.

On the hand below Declarer, by drawing correct conclusions from the play of a card by East, was able to make a doubled contract which otherwise could have been defeated.

South, Dealer.

North and South vulnerable; part-score 60.



The bidding:

South	West	North	East
1 ♡	1 ♠	Pass	Pass
2 ♡	2 ♣	Pass (1)	Pass
3 ♡ (2)	Double (3)	Pass	Pass
Pass			

1—Of course, North was quite correct in refusing to double West's bid of two spades. His hand is practically trickless aside from his prospect of spade tricks if that suit is trump, and even though his partner has opened the bidding, there is no assurance that West's contract can be defeated.

2—This bid is rather daring. Obviously South has a losing spade, a losing diamond, possibly a loser in hearts and probably two losing clubs. The number of loosers in the club suit may be even greater.

3—West, by this Double, took no risk of his opponents making a game they would not otherwise make as, with their part-score, they had already contracted for game. With his four trumps and the practical certainty of three tricks in other suits—with the possibility of four—the Double was not such a bad gamble.

West's Opening lead was the spade King. The five was played from Dummy. East played the eight, and South, of course, dropped the singelton Queen. West was in no position to continue the lead of the spade suit, and eventually decided that the lead of a small trump was the best of a choice of evils. The seven was played from Dummy, and when East played the four, the Declarer was agreeably surprised as it afforded him an extra entry to the Dummy. From the drop of the spade 8, South reasoned that East could not have more than two spades, and, should he hold not more than two trumps, the spades in Dummy might be set up and afford discards of losers in the South hand.

Basing the play of the hand upon this possibility, the Knave of spades was led from Dummy, and when the Ten dropped from the East hand, South discarded a losing club rather than trump. West, of course, won, but realized that there remained only one chance to defeat the contract and that was that the club King was with East, so, at this point, he played the Ace of clubs and followed with a small club. This trick South won with the King and returned a trump to the King in Dummy. His remaining losers were then discarded on the established spades, and his contract fulfilled with an overtrick.

TODAY'S QUESTION

Is an Opening three-notrump bid correct on the following hand?

♠ A K 6 ♡ A K 4 ◇ A K 3 ♣ A K Q J

Answer—No. The hand is far too strong, and even if it were weaker, a Forcing two-bid is always to be preferred when the hand contains a biddable suit. The proper Opening bid is two clubs, and if partner has a five-card Queen-high suit, a Grand Slam can probably be made. Over a three-notrump bid partner would almost surely pass.

How to Keep Well

By DR. ROYAL S. COPELAND

Sound Teeth for Good Health

Good teeth are essential not only to good appearance, but to good health as well. You have been told many times how properly to care for your teeth, and it is unnecessary for me to say anything about that. But I cannot too strongly emphasize the importance of mouth hygiene.

Dr. Copeland

In prehistoric times and even today, uncivilized races had little if any, trouble resulting from tooth decay. But as a race becomes more and more "civilized," the number of troubles resulting from defective teeth increases rapidly. It is amazing to learn that a large percentage of the people in the United States are seriously troubled with faulty teeth. Almost 10 per cent of the population are so affected and it is alleged that at least 40 per cent of all illnesses may be traced to bad teeth.

Heart disease, rheumatism, ulcer of the stomach, diabetes, brain diseases—all these and many more have been attributed to some form of mouth infection. Minor troubles, such as sleeplessness, nervousness and mental instability, are sometimes traced to defective teeth.

There are two types of mouth infection. The first is tooth decay which is most prevalent. The main cause of this is improper cleansing of the teeth.

In the process of germ growth acids are developed. These attack the enamel of the teeth. A tiny amount will be eaten away. Then with the next meal, the same process is repeated and more enamel is removed. Finally a hole appears and the tooth starts to decay.

Unless the cavity is treated immediately it will gradually enlarge. With further infection a pus sac may form. Poisons generated here travel through the blood stream and affect other parts of the body. Shortly another victim is added to the growing list of rheumatics and diabetics.

Do not be careless about cleaning your teeth. Brush them morning and night. Be sure, when you finish, that you have removed all the food particles lodged between and around the teeth. If your brush cannot reach a piece of food, a silk thread will remove it.

The other type of mouth infection is known as "pyorrhea." This may be traced to an injury of the gum due, perhaps, to the accumulation of "tartar." After the surface of the gum is broken the germs find another excellent place to breed. Pus begins to form and soon the whole mouth is infected.

Do not wait until it is too late. Clean your teeth thoroughly every day and visit your dentist at least twice a year.

CAN LOVE BE KEPT OUT in romantic, glamorous surroundings?

TOGETHER in a luxurious home, on excellent terms of respect and friendship, and with no one around but the servants—a beautiful girl and a young, rich and attractive man, both free to love.

There were all the elements of romance under that roof—except for one thing. By the terms of their business-like agreement that was to keep them there for a whole year, love between them was forbidden. He had voluntarily promised neither to ask nor expect it. She had consented to his plan entirely on the strength of that promise.

Can an arrangement like this really work? Why was it made in the first place? Read "His Party Wife," by Gail Sherman, beginning in this week's issue of STREET & SMITH'S "Love Story Magazine." On all newsstands today. Be sure and get your copy.

NEW DUKES' BACKFIELD COACH REMAINS IN DOUBT

JAMES J. LONG'S SPORTS COMMENT

Lofty Tributes to Hyatt. Ex-Panther Amazes Vets. Ranked Above Holman.

Jockey Faces Real Test. Olympics in Small Space. Ross May Have Edge.

Good as he was when he starred for Pitt as the outstanding basketball player of the collegiate ranks, Charley Hyatt, who will bring his Tulsa Oilers, national A. A. U. champions, to Pittsburgh one week from tomorrow for a game with the McKeesport Willigs, is so much better now that competent judges pronounce him the greatest performer the floor sport ever has seen. Chuck Taylor, whose business in life is to demonstrate basketball handling at court clinics all over the country, and who has seen the best in the game, writes Dr. H. C. Carlson, Panther coach, that the Hyatt of today is greater than Nat Holman was in his prime, a ranking that Taylor once believed no player ever could possibly attain. The veteran says that to the great array of natural talents exhibited here in his college days, Hyatt has added further experience gained against some of the greatest teams and players in the game, together with poise, coolness under fire, and physical strength to supplement his nervous energy. Though he admits he is taking in quite a lot of territory and time, Taylor terms Chipper Cholly the greatest player the world has known.

Charley Hyatt

RATED PERFECT PLAYER BY SCHABINGER

Dutch Schabinger, mid-western official and Creighton University coach, backs up Taylor by pronouncing Hyatt the finest performer that ever graced a floor, the perfect basketball player. The statements of Taylor and Schabinger confirm what such local authorities as Dr. Carlson and Chick Davies always have insisted, and recalls the remarks of Howard Dyche, Montana State coach, after Hyatt had ruined his team almost single-handed one night by scoring 27 points himself.

"Hyatt is greater than any basketball player I could have imagined," Dyche declared on that occasion. "I never dreamed that any man could be so good." And now, according to all reports, Hyatt is even greater than he looked to Dyche at that time.

HARDER GOING FOR WESTROPE AFTER TODAY

After today we'll begin to see whether Jackie Westrope is as great a jockey as his sensational total of 303 winners in 1,222 starts last year would appear to indicate. For starting tomorrow, the youngster will be riding under new and tougher conditions. Until now he has been working as an apprentice, having ridden his first race on January 25, 1933, on a horse named Lerack. That means Westrope has scored all of his victories while enjoying an apprentice jockey's allowance of five pounds. He will lose this allowance after today. There will be five pounds more on his horses, and then the big test arrives.

Jackie Westrope

That five-pound allowance means a great deal to a jockey. It has made a large number of riders the leading jockeys of their apprentice years. They didn't do so well afterward, and perhaps Westrope won't, either. From 1927 to 1933, the leading winning rider each year was an apprentice—L. Hardy, J. Inzelone, M. Knight, H. R. Riley, H. Roble, Johnny Gilbert and Westrope in sequence. Riley rode 177 winners in 1930 to lead the field and looked so good that the Greentree Stables bought his contract, hoping to find another great rider, but he was a failure after losing the allowance. In 1932 Gilbert was top man with 212 winners and Hank Mills was second. They were expected to perform wonders in 1933, but neither delivered.

Westrope, too, may lose his luster with his allowance taken away. The same goes for Earl Porter, the sensation of 1934, so far, who will lose his apprenticeship allowance the latter part of February. A difference of five pounds in the burden carried by a horse often means the difference between victory and defeat. Some handicappers consider five pounds the margin of almost the length of a horse, and many races are decided by less than a length.

GERMANY PLANS NEW LOW IN OLYMPIC AREA

In sending out invitations to 53 countries to compete in the 1936 Olympic Games in Berlin, Germany reveals a plan to stage the big athletic carnival in the most centralized and compact group of stadia ever attempted. The Germans, who started preparations for the 1936 Games before those of 1932 were held in Los Angeles, will convert a park of 285 acres into the Olympic battleground. The track and field stadium, swimming pool, assembly grounds, cycling track, open-air theater, equestrian course, tennis courts and other parts of the set-up will be located in close proximity to one another, with every aim toward concentration to save steps and time.

The Los Angeles Olympic scene spread over many miles. The track and field stadium was just outside Los Angeles. The swimming pool was only a block away, but the cycling track was in Pasadena, miles distant; the equestrian course at Santa Monica; the wrestling and boxing in downtown Los Angeles; the fencing in an armory half a mile from the stadium, and so on until the Games were scattered over Southern California. But at that the big meet was the greatest event of its kind in history. Germany will have to go some to equal it.

ROSS MAY BE TOO FAST FOR PETROLLE

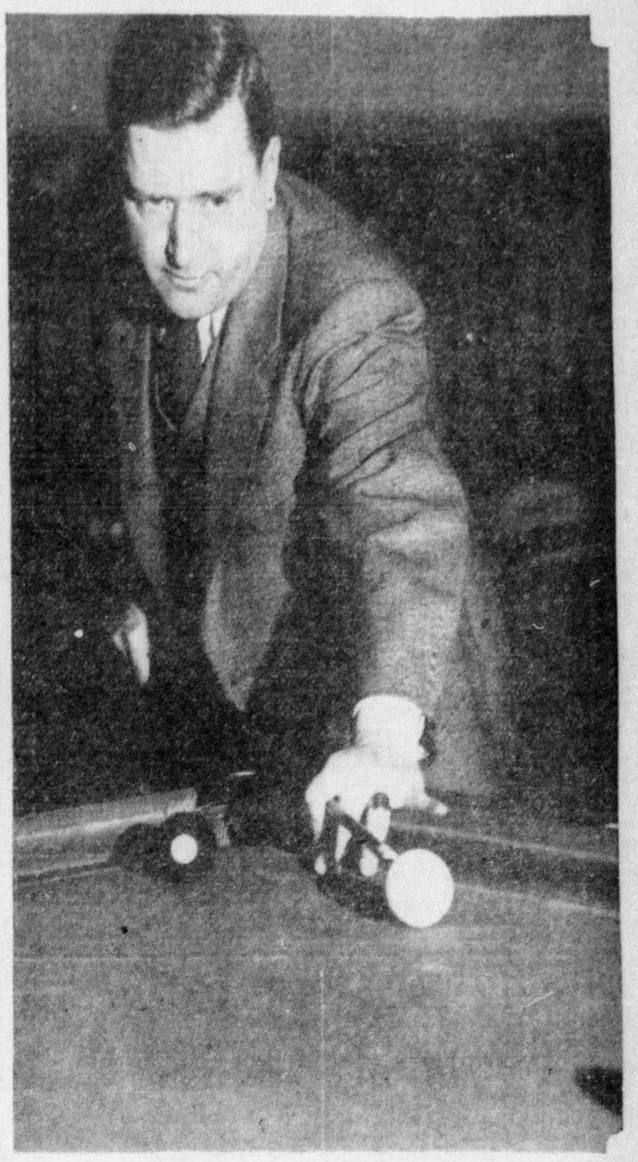
Billy Petrolle is a hard guy to figure in his declining days as a fighter. More than once he has been adjudged as definitely done, only to come back and fool the fistic fraternity by making a show of some topliners. Possibly he will unload another surprise in his 10-round bout with Barney Ross, world lightweight champion, in New York tonight, a match that was postponed from the first part of January because of an injury to Ross' right side. Petrolle can't win the lightweight title, as it's an over-the-weight bout for Ross, at 142 pounds. But that serves to make Petrolle's chance to win all the better, as he can come in at his best weight, instead of weakening himself, as he says he did, in making 135 for the fight in which Ross won a decision over him in Chicago.

Barney Ross

Regardless of ring wear, the old Fargo Express still is a dangerous fighting machine, apt to beat anybody if he happens to be clicking. But that he has enough left to lick a foeman of the caliber of Ross is doubtful. Barney is one of the greatest of the lightweight champions of late years, still coming, in a sense, whereas Petrolle is going. The Chicago man can box and fight, can punch and take it, has speed, gameness and vouth, and if he is in top form and fully recovered from his injury he will have the better chance to win tonight in spite of the fact that he is giving away weight.

They're Contenders for Western Pennsylvania Pocket Billiards Title

E. D. ANDREWS, OF M'KEES ROCKS



EARL WHITE, OF THE NORTH SIDE

Two of the 10 players in the Western Pennsylvania pocket billiards tournament, now in its second week in the Ritz Parlors, downtown. White is a former Western Pennsylvania champion, having held the title in 1919 and 1922, while Andrews is among the newer players in competition. He won his match last night, 125 to 93. These are Pittsburgh Sun-Telegraph pictures.

MATSUYAMA ANNEXES PRO CUE TITLE

PHILADELPHIA, Jan. 24. —(AP.)—Kinrey Matsuyama, Japanese billiard ace, from New York, won the national three-cushion championship in the last scheduled match of the professional tournament, but a play-off today is necessary to decide the runner-up.

Winners of first and second places qualify for the world's title play in New York next month.

Charles McCourt, of Cleveland, and Len Kenney, of Chicago, compete for the opportunity. Each won five matches and lost two during the round-robin play, as compared with Matsuyama's six victories and one defeat.

The new champion clinched his title last night by a brilliant game, in which he prevented a four-cornered tie for first by beating Alfredo De Oro, 71-year-old Cuban and a fellow New Yorker Matsuyama won, 50 to 31, in 42 innings.

Kenney's run of 11 billiards stands as the highest, three better than his nearest competitors. The standings:

Player.	W.	L.	High Run.	Tot. Pts.	Tot. Inn.	Avg.
Kinrey Matsuyama	6	1	7	342	405	.844
Charles McCourt	5	2	8	322	489	.658
Len Kenney	5	2	11	322	462	.697
Arthur Woods	4	3	7	326	456	.713
Alfredo De Oro	4	3	8	323	442	.731
Marc Catton	3	4	8	320	459	.697
Earl Lookabaugh	1	6	6	320	471	.679
Robert B. Harper	0	7	7	291	362	.630

Butch Stops Grier In Canton Battle

CANTON, O., Jan. 24.—(AP.)—Mose Butch, of Pittsburgh, knocked out Tiger (Rosy) Grier, of Massilon, O., last night in the eighth round of their scheduled 10-round bout. Both weighed 126 pounds.

Max Elling, of Pittsburgh, drew with Billy Wellsby, of Akron, in a six-round bout, and Johnny Birek, of Pittsburgh, lost to Jimmy Shear in four rounds.

Vines Beats Tilden To Square Series

DENVER, Jan. 24.—(AP.)—Ellsworth Vines defeated Bill Tilden two out of three matches here last night to even their cross-country tour at four victories each. The scores were 6-2, 1-6, 12-10.

In the preliminaries Vincent Richards defeated Bruce Barnes, 6-4, 2-6, 6-2.

Tilden and Barnes defeated Vines and Richards, 7-5.

Herman Reported As Cub Holdout

LOS ANGELES, Jan. 24.—(AP.)—Floyd (Babe) Herman, Chicago Cubs outfielder, is reported to be a holdout again.

Friends of Herman said the perennial holdout was dissatisfied with the salary cut the Chicago Club indicated in the contract mailed to him, and that he had returned it unsigned.

TONIGHT'S FIGHTS

Barney Ross vs. Billy Petrolle (nontitle), 10 rounds, Bronx Coliseum, New York.

Billy Wallace vs. Ray Stice, 10 rounds, Oakland, Cal.

Pete Nebo vs. Lew Raymond, 10 rounds, Baltimore.

Jack King vs. Solly Dukelsky, 10 rounds, and Sammy Levine vs. Johnny Fitzpatrick, 8 rounds, Chicago.

BANQUET IN DUQUESNE

Judge John Egan, Howdy O'Dell, Mike Sebastian and Joe Scandary are among the notables scheduled to attend a banquet for the Oriole football team of Duquesne in the English Lutheran Church next Wednesday night. Francis Long is chairman of the committee.

RIPLEY'S CARTOON OF YESTERDAY SELF-EXPLANATORY.
TOMORROW: THE MIRACLE OF BERNARD ELLIOT

FORMER IRISH STAR MAY GET POSITION

By JESS CARVER

No action has been taken by the Duquesne University athletic authorities on the appointment of a backfield coach to assist Head Coach Joe Bach in whipping the Dukes into shape for the 1934 football season. A board meeting was scheduled for today, but it was expected to act only on the plans to sponsor a hockey team.

It is likely that the athletic council will take action on the appointment of an athletic director when it meets to select a backfield coach.

AIDE IN DOUBT

Inasmuch as Coach Bach is a line specialist, his assistant figures to have a backfield background. So far, the names of Marty Brill, Marchy Schwartz, Ray Lukats and Ray Brancheau, all former Notre Dame stars, have come up in connection with the job, but Brill has signed for another term at LaSalle and Schwartz has been aded to the University of Chicago staff.

There are many Duquesne followers in favor of promoting Buff Donnelli, former Red and Blue star and present freshman coach, to the job, but it was reported last night that Buff was to remain as frosh mentor.

SWIM SEASON OPENS

This afternoon, in the Carnegie Tech pool, the varsity tank squads of Pitt and Carnegie Tech will inaugurate the 1934 local intercollegiate swimming season with a dual meet.

In nine previous meets with the Plaid, the Panthers have come out on top every time. Coach Pat Corr has one of the most promising squads in the university's history from which to select a team and expects to pilot his splashers through a great season.

Officials have been named to handle the Pitt Indoor Track and Field Carnival, which makes a two-night stand in the Panthers' Field House tomorrow and Friday evenings. The following well known district track figures will be on hand:

W. S. Haddock, referee; Jim Watkins, clerk of course; James P. Ha, starter; John Dambach, C. L. Walsh, Jack Kennard, George Kerr, Dr. C. M. Fink and Ziggy Kann, judges at the finish; E. J. Corr, C. W. Netzworth, Cy C. A. W. Palmer, Burton Dodd and Dr. F. A. Dyson, timers; H. S. Buck, Joe Pickard, William Kern, Dr. R. J. Ferguson, Richard Calhoun, field judges; C. A. Peterson, head scorer.

Trial heats will be run off tomorrow, with finals carded for Friday.

TECH PASSERS WIN

Carnegie Tech owns its second basketball victory of the season today and Wash-Jeff's long quest for a victory over a Pittsburgh varsity and in Pittsburgh remains in vain. The Plaid defeated the Prexies, 38 to 29 in what, to say the least, was a depressing affair in the Tartan gymnasium last night.

The quintets literally stumbled through one of the most tiresome first halfs ever witnessed hereabouts with the Tartans staggering less than the Wash-Jeffs and piling up a 17 to 6 advantage at the intermission. Sixteen minutes of the half went by before the Presidents registered a field goal Barkell, the center, [illegible] well [illegible] the [illegible]

In the [illegible] Tech freshmen defeated the Wash-

(Continued on Page Twenty-six.)

Fritzie Zivic Stops Baby Sal on Coast

LOS ANGELES, Jan. 24.—(AP.)—Baby Arizmendi, little Mexican mauler, hammered Mark Dias from pillar to post but could not knock out his Filipino opponent, and gained a 10-round decision before 2,000 fans here last night.

Fritzie Zivic, Pittsburgh, defeated Baby Sal Sorio, San Bernardino, in the second round of a scheduled four-round special event. Zivic floored Baby Sal for the count of nine and the referee stopped the match after Zivic had knocked him down again. Sal Sorio was no match for his Pittsburgh opponent.

O'BRIEN TO COACH

AUSTIN, Tex., Jan. 24.—(AP.)—John O'Brien, former Notre Dame football star and assistant coach at the Naval Academy at Annapolis, has been elected to coach St. Edward's University, Texas Conference champions.

Local Lacrosse Team Plays at Milwaukee

MILWAUKEE, Jan. 24.—The Pittsburgh Yellow Jackets, North American Lacrosse Association leaders, were back in town today to take on the local Brewers after a fruitless trip to Chicago.

The Jackets were to have met the Blue Ribbons, of Chicago, in a league game last night, but Mique Malloy, new owner of the Chicago team, had not had time to get his team reorganized and the game was postponed.

Milwaukee walloped Pittsburgh here Monday night, 16 to 5.

FIGHT RESULTS

At Los Angeles—Baby Arizmendi defeated Mark Dias, 10 rounds; Fritzie Zivic won on a technical knockout over Baby Sal Sorio, 2 rounds; Jack Prince defeated Lou Stratton, 4 rounds.

At Canton, O.—Mose Butch knocked out Tiger (Rosy) Grier, 8 rounds. Max Elling and Billy Wellsby drew, 6 rounds. Joe Fulchione knocked out Sailor Lee, 4 rounds. Jimmy Shear defeated Johnny Birek, 4 rounds.

At Seattle—Andy Bundy defeated Cleveland Johnson, 8 rounds; Cecil Smith defeated Frankie Van Hee, 8 rounds; Richie Fontaine defeated Ray Mayo, 4 rounds.

At Lubbock, Tex.—Abe Chavez knocked out Baby Manuel, 4 rounds.

At West Palm Beach—Eddie Houghton defeated Frankie Edgren, 10 rounds.

At Portland, Ore.—Ernesto Caveli knocked out Sleepy Blount, 2 rounds.

At Fresno, Cal.—Sammy Brown defeated Mike Stanislich, 10 rounds; Jimmy Hall knocked out Al Cavalho, 3 rounds.

At Houston, Tex.—Davey Abad defeated Manuel Castro, 10 rounds; Bobby Garcia and Lou Jallos drew, 8 rounds.

CURRY DRAWS SLAVIAS AS SOCCER CUP FOE

TEAMS TO PLAY SECOND ROUND FRAY HERE

By TOM BIRKS

The Curry Soccer Club, of the Keystone League, will meet the Slavias, of Cleveland, in the second round of the National open challenge cup at Greenlee Field one week from Sunday.

The draw announced by Secretary Jim Armstrong, of the United States Soccer Football Association, finds four good games in the Western section of the National competition.

Beside the local game, the Wonder Bolts, of Chicago, go to St. Louis to meet the Ben Millers and the Detroit Sons of Malta invade the same town to tackle the Stix-Fuller outfit, defending champion.

INDIANS FACE SPARTAS

The fourth game brings together the Cleveland Indians and the Chicago Spartas, with the game scheduled at Wrigley Field, Chicago.

The local game will mark the second meeting between Curry and the Slavias in two years in the National cup. Last season the Clevelanders eliminated Curry by a 3-1 score at Greenlee Field

The Slavias had a tough battle in the first round. They met and defeated the Vienna Club, of Milwaukee, 2 to 1. This is a glorious opportunity for the Curry club to get into the semi-final round. Not since Arden lost to Scullin Steel in 1922, has a Pittsburgh team reached the semi-finals.

SLAVIAS TOUGH

Of course, Slavias will be tough, but victory over that outfit will bring Curry into line for a chance to meet one of the two St. Louis clubs.

It seems certain that the defending champions will beat the Sons of Malta of Detroit, while the Chicago Wonder Bolts (probably the Bricklayers playing under a new name) will find tough sledding against the Ben Millers.

The second round games in the East find Brooklyn Celtics meeting the Brooklyn Hispanas; First German Club, of New York, battling the New York Americans; Ryerson Club facing Scots Americans, and Canton Club, of Baltimore, at Newark First Germans.

On Sunday the big game locally brings together Heidelberg and the Castle Shannon Riehls at Greenlee Field. This is a national amateur cup tilt. The first battle resulted in a 1-1 tie.

Names in News

LEROY PARMELEE, young fastball pitcher, is the latest member of the CHAMPION NEW YORK GIANTS to sign his contract for 1934.

CAPT. JOHN WANAMAKER, of NEW YORK, has been awarded the merit medal given annually to the outstanding figure in motorboat racing, by the REGATTA CIRCUIT RIDERS' CLUB.

WILLIAM F. GRANT, president of the AMERICAN HOCKEY ASSOCIATION, has fined BOB HUGHES, TULSA star, $1,000 for using rough tactics in a game at ST. LOUIS last week.

JOE MANGAN, of CORNELL, and FRANK CROWLEY, of MANHATTAN, have been added to the list of star milers who will compete in the MILLROSE A. C. track and field meet in MADISON SQUARE GARDEN February 3.

BETWEEN ROUNDS

Dominick Mancini has been assured that he will remain on the Ted Yarosz-Jimmy Smith card, with Marty Gornick as his opponent, despite the fact that he dropped a 10-round decision to Joey Bazzone in McKeesport Monday night.

A letter awaits Apples Meyers at this office.

Matchmaker Lew Raymond will visit Ted Yarosz in his training quarters in the Beaver Valley tomorrow. Al Quail, the amateur middleweight star, who turns professional in the Garden's big show next week, will accompany him and work out with Ted.

The New York American's Christmas Fund will benefit from the Barney Ross-Billy Petrolle bout in New York tonight.

FAIR GOLFERS GOOD BOWLERS

By PHILIP GRABOWSKI

One of the best bowling leagues in the state is the Golf Club Duckpin League, made up of women golfers of Western Pennsylvania, who roll every Friday afternoon on the Crookston Recreation Alleys in the East End. The league was organized four years ago, and has a membership of 141 contestants. There are 14 teams of eight players each, with five scores counting.

The Edgewood E team is leading the league with 22 victories and 11 defeats, with Wildwood only one game behind. St. Clair and Stanton Heights are tied for third place, with 19 wins against 14 setbacks. New Stanton, Oakmont, Independents, Unattached, Field Club, South Hills, Pittsburgh C. C., Edgewood M. Woschengo and Alcoma are the other teams in the league.

Mrs. Maxwell of Stanton Heights, is leading with a 118 average for 33 games. She also holds high three-game honors with 483 and has rolled a 203 score. Mrs. B. C. Anderson, of the Unattached team, upset 221 sticks to set the season record score for a single game.

SPORT VIGNETTES

A tract on "Sportsmanship" in so far as it concerns spectators at an athletic contest, with particular reference to basketball, which has been distributed by L. E. Perry, principal of Mt. Lebanon High School, has come to our attention, and it covers the situation so well that we are taking the liberty of publishing it for the information and benefit of other schools and also colleges . . . Mr. Perry writes:

"It should be the determination and pride of all Mt. Lebanon students that they conduct themselves as ladies and gentlemen on all occasions both at home and away. To do so reflects credit on them as individuals and also on the school and the community which they represent. To do otherwise results in the same triple DISCREDIT.

"In years past, our school has earned the reputation of being a COURTEOUS, well-behaved group of game spectators. This was widely recognized and commended among officials who worked games here. This reputation is now in danger of being lost through the thoughtlessness of a few at basketball games.

"There has recently been a growing tendency for our crowd to 'boo' officials for unpopular or seemingly mistaken decisions, and also to whistle, yell or otherwise be discourteously noisy while opponents were shooting fouls. Both of these practices are definitely contrary to any worthy standard of crowd sportsmanship and give the school a 'black eye.'

"Let us consider these things sensibly for a moment: What can be accomplished by 'booing' an official? The official is assigned to the game impersonally and impartially. The success of his work will be judged by the coaches, who are themselves experts of the game. If the official's work is satisfactory he will be approved by the coaches regardless of crowd popularity.

"A 'booing' crowd cannot possibly harm an official in any way. On the contrary, an official is empowered by the rules to penalize a team for the misbehavior of its partisan crowd. Even if he calls no direct fouls for such actions, he is likely to resent it and reflect that resentment in an even greater attempt to detect fouls on the team which represents the offensive crowd. Thus it is obvious that a 'booing' crowd cannot possibly achieve anything but discredit for itself, a poor sportsmanship reputation for the school it represents and additional difficulties for the team which it favors. The person whom it protests suffers not in the least.

"In the same manner, noisy demonstrations during foul shooting disturb much less the player shooting than they do the team and the school whose adherents are making the fuss.

"On the contrary, a crowd which never 'boos' decisions, and is courteously silent for all foul shooting gains respect, consideration and a fine reputation for its team, school and community in the minds of officials, players and opposing spectators; not to mention the enhancement of its own SELF-RESPECT.

"Let us all co-operate to gain for Mt. Lebanon the reputation it should have and one of which we can all be proud."

Defending his world light-heavyweight title against Joe Knight, a southpaw, in Miami Thursday night of next week, should not work an unnecessary hardship on Maxie Rosenbloom, who has beaten a flock of wrong-siders, including Tiger Flowers, Johnny Wilson, Hambone Kelly, Fred Lenhart and K. O. (Phil) Kaplan . . . Knight is only 23 years old and he won the decision over Rosey in their only other meeting, a non-title match at Daytona Beach, in March, 1932.

The coming baseball season marks the twentieth anniversary of the rise of the Miracle Boston Braves from last place to the pennant and world championship, back in 1914 (how the time flies!), and the only member of that team still in harness is Rabbit Maranville, who, for going on forever, puts Tennyson's famous brags to shame . . . And the year finds the Boston fans in the throes of excitement over the heavily bankrolled Red Sox.

Jim Londos defends his world heavyweight wrestling championship against Joe Malciewicz in Boston tonight, and the Boston newspapers would have you believe that Malciewicz will enter the ring the favorite . . . Any takers?—HARRY KECK.

CHILLYSAUCE

By CHARLES J. DOYLE

The Laydens, the Sutherlands, the Harpsters have been lauded to the skies and rightly so . . . Seldom do we hear a tribute to a football tactician named Dr. George McLaren, than whom there have been few greater fullbacks . . . George's eyes still have the sparkle of the days of his glory on the great 1916 Panther eleven and his body suggests that unstoppable drive that cracked up every team in the district . . . The native son made a big reputation as a coach at the University of Arkansas and other schools before he returned to practice dentistry . . . And the lure of the grid is as strong as ever in his blood.

From the lips of McLaren I heard the most interesting analysis of the respective merits of Pop Warner and the late Knute Rockne it has been my fortune to enjoy . . . George had a wholesome respect for the mastery of the South Bend wizard, but, like a true disciple of Ol' Pop, he believes him to be the daddy of 'em all as a strategist and fundamentalist, Rockne and the Jones boys—Tad and Howard—notwithstanding.

That Rock symbolizes football better than any who have given their talents to the sport is conceded by the former Panther fullback . . . He attributes to Knute marvelous leadership qualities and he says there has been no conductor of an orchestra who could interpret his music to his audience with the finesse Rockne had at his disposal as he "sold" the game to the length and breadth of the land . . . No, the genius that was Rockne is not underestimated by McLaren; still some of the great masters of literature have lifted plots on which to build their masterpieces, and you can read between his lines that George feels that Rockne and the Jones boys deftly picked up the fundamentals as plotted by the old Carlisle Indian tutor.

Despite the gripping heroics of Rochne's teams, their greatness, according to George, was established on a Warner-like basis . . . Listen to McLaren:

"You will not tire hearing of the wonderful Notre Dame team of 1930 that steamrolled the Panthers. . . . Drama, drama everywhere, but get back to earth and analyze the scoring plays . . . How did Notre Dame make that historic touchdown on the first scrimmage? . . . Was not its inception in a basic play? . . . Was not every man blocking perfectly for a great runner, Schwartz, who ran more than half the length of the field? . . . Go over the other scoring plays and the result is the same. . . . Back in 1916 Pop had a team that did the same stuff."

McLaren resents the inference that Warner was slow to accept the forward pass . . . He claims Pop was the first to see its value, but like Rockne, he used it more for emergencies and deception.

George is speaking again:

"Don't try to tell anybody in a Warner backfield that Warner was cautious. . . . Remember a great halfback named Tom Davies? . . . Well, Davies came in as a varsity star in his freshman year. . . . Tom knew no fear. . . . Pop had three vets in Gougler, Kendrick and myself. . . . At the time we figured any of us would be safer in calling signals. But Pop saw great value in Tom's daring, and he was told to call the signals. . . . Davies called them and we went to town. . . . Just like Paul Rieder's fine bit of daring in the Army game at the Stadium two years ago."

McLaren declares Rockne was perfect copy for the newspapers, what with his charming personality and rare conversational gifts. But, like Tommy Holleran and other stars, George puts Pop on a pedestal.

SCOTT QUINTET LOSES FIVE REGULARS

By JULIUS LEVIN

The hopes of Scott High School, of North Braddock, to capture the Section VIII championship of the W. P. I. A. L. basketball race, have been given a rude jolt as the result of the loss of five sterling preformers due to graduations and ineligibility.

Undefeated in 13 successive games, including six league victories Scott High School's smooth-working floor machine got away to a runing start in its fight for the sectional championship but Coach Johnny Reed, whose football team last fall won the class A title of the W. P. I. A. L., will have to do a lot of revamping if he hopes to keep his quitet in front of the Section VIII procession.

KRUL INELIGIBLE

Included in the list of sterling performers already lost to Ccott are George Krul, brilliant forward, who scored 147 points for Scott until he was ruled out because of ineligibility. Steve Andreko, all-scholastic center on the championship football squad and a guard on the floor machine, also was ruled out on this point. Another to be lost because of ineligibility is Elmer Gross, likewise a guard. Jimmy Leech, a guard and Henry Ferguson, forward, have been graduated.

Coach Reed, however, is confident he has sufficient replacements to keep his quitet going at top speed, and with the advantage already piled up in Section VIII, he hopes to bring the team through to the crown.

IMPRESSIVE RECORD

The string of 13 successive triumphs includes seven non-league engagements and six in Section VIII competition. In non-league frays, Scott defeated Stowe, 47-15; Norwin, 42-27; Munhall, 32-27; Norwin, 49-17; Erie Strong Vincent, 38-33; Oakmont, 50-23; Pitt Freshies, 46-33. The league triumphs include Edgewood, 42-34; Swissvale, 23-17; Rrankin, 52-30; Wilkinsburg, 35-26; Braddock, 39-27, and Turtle Creek Union, 57-28.

A schedule of 10 tough games, including nine with class A rivals, has been arranged for Monessa High School's 1934 football team. The game with Freedom is the only non-class contest on the program. September 29 is an open date. The schedule:

September 15, at Ambridge; September 22, Beaver Falls; September 29, open; October 6, Aliquippa; October 13, Beaver; October 20, Freedom; October 27, Ellwood City; November 2 or 3, Stowe Townshi; November 10, at Rochester; November 17, at New Brighton; November 24, at Midland.

LANGLEY DEFEATED

Langley's hopes of retaining undisputed possession of first place in Section II of the City Scholastic League yesterday cracked up in the face of a fast-passing offensive launched by the South Hills quintet. Defeated last week by Allegheny, the South Hillsmen came back nobly to down Langley, 39 to 24, in a hard-fought battle on the South Hills floor.

In other Section II battles, Perry downed Carrick, 29 to 21, and Allegheny trimmed Allegheny Vocational, 32 to 18.

In Section I, South put on the power and crushed Westinghouse, 50 to 21, while Fifth Avenue defeated Peabody, 40 to 18, and Connelley downed Allderdice, 33 to 25.

In a nonleague game, Oliver won over Shady Side Academy, 41 to 27.

Local Woman Defaults in Tourneu

CORAL GABLES, Fla., Jan. 24.—Mrs. S. A. Warton, of Pittsburgh, withdrew from the women's golf tournament over the Riviera Golf Club course here yesterday. She defaulted in the first round to Mrs. W. E. Wright, of Chicago.

Maranville Signs With Braves at Own Figure

BOSTON, Jan. 24.—(Universal)—Walter (Rabbit) Maranville, the peppery 42-year-old Boston Brave infielder, who feels younger every year, has signed up with the Braves—at his own figure.

The Rabbit, all set to begin his twenty-third year in baseball, was sent a blank contract by President Emil Fuchs, and told to fill it out himself. Maranville mailed the contract, all filled out, to Fuchs and it was okayed immediately, Fuchs said:

"In fact, I probably would have offered him at least $1,500 more."

Leon See's 'Inside Story' Of Carnera's Career

EDITORIAL FOREWORD

Late in April, 1929, the author decided to check up on Primo's improvement since his debut in September, 1928, by matching him with Franz Diener, German ring veteran. That fight at Leipsic caused an ugly furore . . . It is about to start . . .

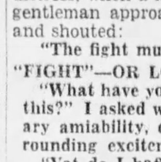
By LEON SEE

Developer and Former Manager of Primo Carnera, World Heavyweight Boxing Champion.

CHAPTER EIGHT.

My instructions to Carnera were as follows: To attack with very hard left jabs to the eyes, the weak point of Diener; to dominate him progressively, and then more and more by boxing at long range.

Primo scrupulously obeyed my instructions. During the first minute, he landed a dozen lefts with precision and continued the attack, with the result that the German could not see clearly . . . Feeling perhaps that his chances were lost, while anticipating an inevitable and progressive beating, Diener advanced head down, covering his face with his right forearm, and landed a very hard left hook under Primo's belt.



Primo Carnera

Carnera, very painfully hurt, fell on the mat near his corner. My seconds and I, not without difficulty, lifted the 120-kilogram (265-pound) giant to his stool. Then the referee approached us, announcing that he would grant Carnera a five-minute rest. He, too, had seen the foul.

VICTIM OF FOUL

But when that time was up, in spite of all our efforts, Primo was not in a condition to resume the fight. When the referee saw this, he had the announcer declare that another five minutes of supplementary rest could be accorded Carnera.

It would have been impossible to affirm more definitely that the foul was flagrant. According to the formal rules, Carnera should have been declared winner.

But, unfortunately, everything had happened in the beginning of the first round; the house was packed, the gate receipts were pleasing, and the promoter did not want to deprive the public of the great bout of the evening.

However, after the second period of rest had elapsed—in spite of my eager desire of seeing Carnera resume the combat and win the contest in a more decisive manner than on a foul—it was still impossible for Primo to stand up. The referee must have been aware of it. At that moment the most flagrant injustice I have ever seen in my long career was committed in this fashion:

I continued giving my attention to Carnera who was in genuine distress, when a little bespectacled gentleman approached our corner and shouted:

"The fight must be resumed!"

"FIGHT"—OR LOSE

"What have you got to do with this?" I asked with my customary amiability, despite the surrounding excitement.

"Vat do I haff to do with it? You do not know then to whom you are speaking?" he roared.

"I have not the slightest idea and besides it does not interest me at all." was my counter.

"Vell, learn that I am the President of the German Boxing Federation!"

"It is very possible," I said to him, "but actually you are neither referee nor judge of this bout and I do not see why you meddle in this."

"What? But I tell you I am the President of the Federation."

"If you are neither judge, nor referee, you have absolutely nothing to say."

The President, furious, declared to me then that if Carnera did not resume the fight he would be disqualified, declared defeated and would not be paid. It would have been impossible for me to obey such a scandalous order . . . Primo was actually writhing with real pain, yet the fans yelled:

"Fake! Fake!"

PRIMO 'KNOCKED OUT'

We had to carry Carnera to his dressing room and give him our attention all night. When we arrived in Paris, after the most painful journey, I consulted one of the official doctors of the French Boxing Federation. He diagnosed the injury, noting a beginning of orchitis and prescribed eight days of absolute rest.

It will be easy to realize the state of mind in which that Diener incident left me. We had participated successively in some 10 knockout shows and, except at Milan, we had never experienced any trouble. The promoters had declared themselves delighted, the public enthused and the ring authorities perfectly satisfied. The newspapers had extolled Carnera to the skies and yet, in his first test bout, Carnera had been disqualified, declared defeated though badly fouled, robbed of the decision and of the purse as well, and—for the first time—everybody had shouted "fake!"

Let me repeat it, if my decision had not been irrevocably taken a long time before, it would have been definite the day following the Leipzig outrage.

I may be accused of exaggerating and—in the course of the unbelievable events that will follow—of altering the truth. But such charges or beliefs will be untrue themselves. Please note this is a fundamental truth in my experience:

Whenever I abandoned for one evening my line of conduct, *each sincere contest was followed by a disqualification, a ring scandal, or an unfair decision.*

On the contrary, NEVER—without a single exception—did a "K. O. show" cause us any trouble or disappoint the promoters and the fans; though the fight experts, especially in the United States, did denounce us constantly.

CHEVALIER FIGHT ON LEVEL

You may ask:

"What about the Bombo Chevalier scandal at Oakland in California, U. S. A., back in 1930?"

And you may add:

"That caused you and Primo plenty trouble, didn't it?"

Well, it did, but—that Chevalier fight was a genuine battle, contrary to public, as well as most expert, belief. I have some interesting things to publish concerning that Chevalier uproar when the chapter on my first American tour with Carnera is reached.

Now back to France, shortly after the Diener fouling in Germany in 1929. My giant had rested and been treated medically for eight days following that cruel foul at Leipzig.

* * *

I do not need to say that in the state of mind the German adventure has left me I was not inclined to try again an experience of the same nature.

The *Idea* not only gave results that surpassed the most optimistic hopes in regard to Primo's pugilistic progress, excellent financial returns, and popularity, but I was convinced that, as soon as I swerved from the fixed path, disaster was imminent.

HELPING JEFF DICKSON

Therefore, I will pass rapidly over the following matches which had no other interest, outside of their contribution to the really remarkable improvement of Primo, until we arrived at his fights in England, late in 1929.

Jeff Dickson was then in an inextricable situation; he had arranged for his first show in England in October of that year, a great bout for the world's flyweight title between Frankie Genaro, the American champion, and Johnny Hill, the champion of England. With Albert Hall hired and publicity launched at great expense, Dickson had already had a disbursement of more than 1,000 pounds sterling when, 10 days before the date set for the event, the most unexpected calamity happened—Johnny Hill died suddenly in the middle of his training.

There was no other flyweight of sufficient ability or fame to substitute for the champion of England. Dickson was in dire need of a gate attraction. To call off the Albert Hall event would spell ruin, and, as it was the first show ever attempted by Dickson in England, that would have been doubly deplorable.

STOPS JACK STANLEY

Only Carnera could save the situation.

In order to do Dickson a favor, Carnera, who since the second match of his career had never fought but in star bouts, agreed to box in a semi-final with an English heavyweight, Jack Stanley.

The purse was relatively insignificant, exactly £100 (about $500 then). However, it really was nothing but an exhibition, in which Primo was victorious after landing a marvelous right uppercut (like the one which flattened Jack Sharkey years later) in the first round. The combat lasted exactly one minute.

Carnera's first showing in an English ring had produced large gate receipts; consequently, we had saved Dickson from one of the most serious promotional situations.

In addition, Primo had made a phenomenal impression. The next day the English newspapers devoted whole pages to him, publishing innumerable photographs of the giant and predicting a championship future for him. My "Ambling Alp" had literally conquered England. Only a few words were said about Genaro's victory. The main bout had passed unnoticed, so to speak.

The next day, at the hotel where we were stopping, there was an incessant flow of newspapermen eager for interviews, of insatiable photographers anxious to picture the new idol, at the table, reading, standing, in all possible poses.

Overnight Primo's popularity became incredible; invitations from high, low and in-between swamped us. In the streets he made a sensation; a veritable mob followed him to the point of becoming embarrassing.

PIRATES FARM VAN GROFSKI, CATCHER

With the release on option of Catcher Walter Van Grofski to the Little Rock club of the Southern Association, the Pirate management last night reduced its squad to 30 players.

Van Grofski, a youth of 21, was purchased a few months ago from the York club of the N. Y. P. League. His batting was not impressive, but his actions generally were pleasing. At Little Rock he will be on one of the Pittsburgh farms and will be given every opportunity to develop.

The Pirates have disposed of several youngsters in the past two weeks, all of the recruits being placed on the club's farms.

FAVORITES COP SQUASH DUELS

By PAUL G. SULLIVAN

Dr. Dave O'Laughlin, P. A. A. contender, joined McCook Miller, P. G. C. luminary, in round four of the Pittsburgh Golf Club invitation singles squash racquets tourney yesterday by dint of a four-game triumph over his old-time Uniontown tennis rival, Larry Semans, of the Keystone A. C., 15-6, 15-7, 10-15, 15-10. Meanwhile, in bracket two, the inter-city stars, Ed Seifert and Charley Fagan, accounted for George Lockhart, home club entry, and Paul Sullivan, P. A. A. racqueter, respectively, as their confrere, Henry Blaxter, advanced by default of Alan Humphreys.

Several hot fracases loom for this evening's program. Chief of these involves Seifert with his Keystone teammate, Bill Bickel, at 5 p. m., at which hour also Blaxter encounters the rangy Winged Header, Dr. Whitey Stegeman, and City Champion McCook Reed takes on Chip Kennedy. The summary:

Second round—G. C. Kennedy defeated K. G. Wolfe, 15-11, 11-15, 15-6, 15-12; Charles A. Fagan, Jr., defeated Paul G. Sullivan, 15-7, 5-15, 15-13, 15-9; Henry V. Blaxter won from A. S. Humphreys by default; E. E. Seifert defeated George Lockhart, 15-11, 15-7, 15-8; Lawrence S. Semans defeated W. C. Robinson, Jr., 15-11, 15-13, 14-17, 15-7.

Third round—Dr. David L. O'Loughlin defeated Lawrence S. Semans, 15-6, 15-7, 10-15, 15-10.

MATCHES TODAY

5 p. m.—W. McCook Reed vs. G. C. Kennedy; H. V. Blaxter vs. Dr. G. Stegeman; W. D. Bickel vs. E. E. Seifert.

5:30 p. m.—J. K. Ebbert vs. W. B. Wolfe; F. S. McClintock vs. C. L. Snowdon, Jr.

6 p. m.—Charles A. Fagan, Jr., vs. Charles A. Woods, Jr.

Skladany Banquet Committee to Meet

The committee in charge of arrangements for the testimonial banquet to be tendered Muggsy Skladany, first Slovak athlete ever to make the all-American football team from this section, will meet tonight at 7 o'clock at the National Slovak Society building, 516 Court place. The meeting has been called by John J. Baker, chairman of the affair.

The banquet is scheduled for Sunday evening, February 11, at the Fort Pitt Hotel. Included among those who have been invited to give addresses are Mayor W. H. McNair; Judge John P. Egan; Mayor Joseph Franck, of Farrell; Coach Jock Sutherland, of Pitt; Coach Joe Bach, of Duquesne and Dr. William McClelland, state athletic commissioner.

STOCK VALUES SEEK HIGHER LEVELS

NEW YORK, Jan. 24.—Stocks again basked under bright skies today and prices generally looked toward higher levels.

Trading activity in equities expanded considerably under a renewed demand for those equities which are supposed to benefit by dollar devaluation, government spending and the recovery of business and industry over a broad front. While gains were moderate in most cases, and profit taking was evident in several groups, the undertone was firm throughout the early hours during which the ticker tape frequently lagged behind floor transactions.

The dollar showed no erratic inclinations in foreign exchange dealings. Grains, cotton and other commodities also usually followed a narrow groove. Bonds were fairly steady, the government's billion-dollar financing terms being in line with expectations.

Rails proved the favorites in share trading, such issues as Santa Fe, New York Central, Norfolk and Western and Delaware and Hudson getting up 1 to more than 2 points. Industrial Rayon advanced 3, while Johns-Manville, United States Steel, Chrysler, Liggett and Myers and a number of others were up 1 or more. The metals and alcohols were somewhat different and the utilities just about held their own.

Gains in the carriers were attributed partly to optimistic traffic and earnings reports as well as to the fact that investment commentators have called attention to the backwardness of this division as compared with some of the others.

Wall street opinion continued optimistic but cautious. The feeling was general that the near-future equities market might be much more selective one than recently. Various chartists, quite bearish not so long ago, seemed to have reversed their position and to have found that the mysterious ragged lines were on the upward move. At the same time, it was pointed out, scores of issues are selling very high if considered on a current or near-term earnings basis.

GRAIN PRICES LOSE GROUND

CHICAGO, Jan. 24. — Grains displayed an indecisive tone here today in quiet early dealings.

Outside participation continued light and the market was largely a professional affair.

Near mid-session, after holding to a range of about ½ cent, wheat was ⅛ cent lower. Corn was ⅛ to ¼ cent down, oats unchanged to ⅜ cent up and rye ¼ cent lower.

May wheat held around 90 cents, July 88⅝ cents. May corn hovered around 52⅝ cents.

Only a moderate trade prevailed in wheat, and price rallies were not impressive. Corn and oats paralleled the course of wheat.

Provisions were easy, influenced by downturns of hog values.

The following quotations on the Chicago Board of Trade are reported by A. E. Masten & Co.:

Plate Glass Output Best in Two Years

Production of polished plate glass by members of the Plate Glass Manufacturers of America, for the month of December, 1933, was 6,346,645 square feet as compared with 4,169,442 square feet produced in November and 4,267,809 square feet in December, 1932.

Total production for the year 1933 was 86,037,805 square feet as against 52,221,635 square feet produced in 1932. The 1933 total is the highest since 1931 when approximately 86,000,000 square feet was turned out. The record high output was in 1929 at approximately 150,000,000 square feet.

Cord Corp. Cuts Auburn Holdings

NEW YORK, Jan. 24.—The Cord Corporation's holdings of Auburn Automobile Company, were reduced from 24,784 shares to 3,879 shares during the year ended November 30, 1933, according to the former's annual report for that period. Holdings of Aviation Corporation amounted to 322,072 shares against 911,572 at the end of the previous fiscal year.

Dividend News

P. R. R. Repeats Payment

Pennsylvania Railroad Company declared a dividend of 50 cents a share, payable March 15 to record of February 15. A similar amount was paid a year ago.

The payment keeps intact the Pennsylvania's record of having made a return to the stockholders in every year since the company began making returns in 1847. In announcing the dividend the company said that "the net earnings in 1933, against which the dividend will be charged, were equal to 2.9 per cent upon the capital stock."

* * *

Liggett & Myers Extra.

Liggett and Myers Tobacco Company declared an extra dividend of $1, and the regular quarterly dividend of the same amount on the common and common B stocks, both payable March 1 to record of February 15. A year ago similar extras were paid.

* * *

Scotten Dillon.

Scotten Dillon Co. declared a dividend of 40c a share, payable February 15 to record of February 6. In three previous quarters, dividends of 30c each were paid.

* * *

Centrifugal Pipe.

Centrifugal Pipe Corporation declared four quarterly dividends of 10c each for the year 1934.

LOCAL MARKET SLIGHTLY HIGHER

Further fractional improvement took place in the early dealings on the Pittsburgh Stock Exchange today, with Pittsburgh Plate Glass leading a mild upturn. The move here accompanied an early rise on the "big board," which carried many of the leading issues above their previous highs for the current upturn. Toward midday, however, cautious traders sold a little stock for profit-taking purposes, but this was easily absorbed and the market regained its equilibrium quickly.

The market's recent strength was reinforced today by the report that the recommendations of Secretary Roper regarding stock exchange regulation contained no drastic proposals such as some observers were inclined to anticipate. Another factor sustaining the recovery was the Treasury's new financing, which got away to a good start in the program to finance the huge expenditures of the current year and the ensuing fiscal period, all of which entails the raising of some 10 billions of dollars.

COTTON STEADY AT ADVANCE

NEW YORK, Jan. 24.—Cotton futures opened steady, 4 to 7 higher on commission house and trade buying. January, unquoted; March, 11.21; May, 11.35; July, 11.50; October, 11.62; December, 11.75.

March was 11.16 and July 11.48, or 2 to 4 points net higher, at the end of the first half-hour.

The market remained quiet and prices fluctuated within a narrow range. March sagged off to 11.15 and July to 11.45. At midday the market was 2 to 4 points above yesterday's closing quotations.

LIVERPOOL, Jan. 24.—Cotton, 1,000 bales including 700 American. Spot in fair demand; prices one point higher; quotations in pence: American strict good middling 6.62; good middling 6.32; strict middling 6.17; middling 6.02; strict low middling 5.87; low middling 5.62; strict good ordinary 5.42; good ordinary 5.12. Futures closed quiet and steady. January 5.80; March 5.79; May 5.77; July 5.77; October 5.77; December 5.79.

FISHER CUTS GMO DUTIES

DETROIT, Jan. 24.—Fred J. Fisher has resigned from the executive committee of the General Motors Corporation. Mr. Fisher, a vice president and director of General Motors Corporation, has been a member of the executive committee since November 16, 1922.

Alfred P. Sloan, Jr., president of General Motors Corporation, said that for some time Mr. Fisher has indicated a desire to devote more attention to the affairs of Fisher & Co., of which he is president, as well as to other personal interests. Mr. Fisher has expressed his intention of maintaining a close contact with General Motors affairs by continuing as a director and as a member of the finance committee.

SOUND POLICIES ONLY DESERVE SUPPORT

By LEWIS HANEY

Professor of Economics, New York University.

NEW YORK, Jan. 24.—One of the most common sayings these days is: "We Must Get Behind the President." The prevailing idea is that criticism is harmful, and that all we can do is to follow the leader.

It should be helpful to consider this point frankly.

In part I am in agreement, and will explain that below. It seems to me, however, that there are some modifying circumstances.

One is this: The President is a great politician, and as such he desires to get in front of the popular majority. He is not going to lead an unpopular race. If enough of us express our views in criticism of NRA oppressions or in favor of government economy, he will get in front of us, and then we will be behind him!

I believe in fighting proposed measures which I believe to be unsound, as long as they are not law and there is a chance of defeating them.

'EMERGENCY MEASURES'

I also believe most thoroughly that we should keep the "emergency measures" more separate from the "social reforms." Much may be done to meet financial emergencies and relieve immediate distress, which we might not want to do as a permanent policy. Criticism may make this point effective.

For example, Owen D. Young, while favoring some of the proposed monetary action as an emergency measure, does not want to commit the nation to it forever. He wants to limit the period of such hasty relief measures as are now rushed through Congress.

I think we should deal with current exigencies promptly, but should go slow, and debate well, policies which will affect us all our lives and our children after us.

After all, the only reason why we have set up a virtual dictator is that we have wanted to meet an emergency in a unified way. Wars on depressions don't last forever.

URGES FAIR TRIAL

But I agree that there is no use in "fighting" accomplished facts. Once a law designed to deal with an emergency has passed, about all one can do is to make the best of it. In such cases we should "get behind the President" and give the law a fair trial.

If gold hoarding is prohibited, give up your gold. If a code is in force in your trade, live up to it. If a CWA army is set up, help support it.

But no law has been passed establishing a "commodity dollar," or a government bank, or price fixing monopoly. As a good Democrat, therefore, I will oppose these things.

One thing which we should all now recognize is that we are definitely committed to a new deal. We have actually entered into new experiments. These involve much compulsory cooperation, much social planning, and much government leadership, which for the present means a virtual dictatorship for the President.

This is an accomplished fact, and there is no use in fighting it—at least, during the "emergency."

EXCHANGE CURB UNLIKELY

WASHINGTON, Jan. 24.—(AP.)—Stock exchange regulation proposals contemplated in a Commerce Department report now spread before President Roosevelt were said authoritatively today to suggest no immediate drastic regulation.

While copies of the report were kept secret, it was stated in official circles that regulation, which might be preferred from a pure reform standpoint, was not now practical since it would tend to disrupt a securities machine delicately developed over many years and of extreme current business importance.

One high official said that few absolute proposals for stock exchange regulation could be stated definitely at this time since experience must indicate what will and what will not work.

POWER OUTPUT UP 9½%

NEW YORK, Jan. 24.—Production of electricity by the electric light and power industry of the United States for the week ended January 20 totaled 1,624,846,000 kilowatt compared with 1,484,089,000 kilowatt in the like 1933 week, an increase of 9½ per cent according to the Edison Electric Institute. Output in the week ended January 13 showed at 1,646,271,000 kilowatt, an increase of 10.1 per cent while in the week of January 6 it was 1,563,678,000 kilowatt, a gain of 9.7 per cent.

Insurance Company Elects Directors

The annual meeting of the Harris Lawrence Insurance Company, Inc., was held yesterday in the company's new quarters in the Peoples Bank Building, Fourth avenue at Wood street. Reports of the auditor showed an increase in volume of business, both for insurance and sureties in the fiscal year 1933 over the same period of 1932. The following directors were elected:

Senator Frank J. Harris, David Lawrence, James P. Kirk, Eugene L. Connelly, C. T. Durham, Geo G. Griffith and John E. Harris. At the conclusion of the stockholders' meeting the directors organized by electing Senator Harris, president; Mr. Lawrence, vice president; Mr. Kirk, secretary, and Mr. Durham, treasurer. The directors also elected Mr. Harris chairman of the board.

NEW YORK BOND MARKET

Steel Trade Protests Price Attacks

By GEORGE H. SNYDER

Business Editor

LEADERS IN the steel industry are viewing with alarm the attack against the price provisions of the steel code launched by the Federal Trade Commission. The charge has been made that they are resulting in a restraint of trade.

Steel men point out that the price provisions of the code provide the greatest influence toward stability in the industry since the beginning of the depression.

Under the code, prices have been increased 12 per cent, but wages have been increased 24 per cent. The code control of prices provides the only protection which makes it possible for the industry to meet this added cost.

* * *

Basing Point System Necessary to Trade

THE EXACT foundation of the attack on the method of pricing steel has not been made known. It is understood, however, that the practice of using basing points provides the principal ground for the charge that the system is in restraint of of trade. The National Industrial Recovery Act permits price control of certain types, and steel men are at loss to see what system other than that of basing points can meet the requirements of the trade.

The steel code provides for the establishment of delivered prices of steel at certain major points where the metal is consumed. This means that all steel companies, whether located in Pittsburgh, Chicago or Detroit itself, have to quote the same price for steel to be delivered to a manufacturer in Detroit.

This replaced a former price system under which mills quoted prices F. O. B. the nearest steel center. The practice was for plants in other districts to quote prices which took into account the difference in freight rates. And, of course, before the adoption of the code there was no general rule of pricing, and shading of quotations was a common practice to get business.

* * *

System Provides Identical Basis

UNDER THE CODE system all steel companies compete for business on an identical basis. The art of salesmanship supplants the process of secret price cutting. Companies must offer quality, accuracy and service in place of mere price.

Steel men point out that the National Industrial Recovery Act provides for a system of price control. A system other than the base system would mean prices at the various producing areas. This would mean that steel plants would have prices in each producing district and that customers would pay these prices plus freight. In other words prices would be F. O. B. mills.

This, however, would have the effect of limiting the market of each mill to its immediate vicinity and would reduce competition rather than expand it, according to steel men.

Such a change would be disastrous to Pittsburgh. This district has a capacity of about 20,000,000 tons a year, which is nearly one-third of the total for the country. But the immediate Pittsburgh district, provides a market for only four to five million tons a year, so that mills in this section would operate at only 20 to 25 per cent of capacity if confined to their immediate territory even in times of prosperity.

A system of price control without consumption basing points or some allowance for freight differentials would be unworkable for the steel industry as it exists today.

FARM-INDUSTRY PARITY LINKED TO BUDGET

By MERRYLE S. RUKEYSER

Universal Service.

NEW YORK, Jan. 23.—President Roosevelt's policy of restoring prosperity through re-establishing a parity between agriculture and industry is directly tied up with his hope of balancing the budget within 18 months.

Mr. Rukeyser

If millions of men are to be transferred back from public to private payrolls, as implied in the budget plans, then it becomes essential sufficiently to expand the gross volume of business to provide additional jobs in commerce and industry. The official administration plan for accomplishing such expansion is through bringing a real balance between agriculture and industry.

URGED BALANCE

It will be recalled that in his message to Congress at the opening of the present session, the President specifically said:

"I continue in my conviction that industrial progress and prosperity can only be attained by bringing the purchasing power of that portion of the population which is dependent upon agriculture up to a level which will restore a proper balance between every section of the country and every form of work."

In the matter of relatively increasing farm prices, only one-half of the work of achieving "parity" has thus far been accomplished. If the real lifting power inheres in reaching the "parity" objective, concentration on such farm relief projects becomes a pivotal phase of the "new deal." This appears to be somewhat overlooked in current business discussions.

The new gold bill further widens the discretionary power of the executive and somewhat shifts the old system of checks and balances. It gives leeway for remaking of the monetary system by the executive. Some read into the provisions discretionary power to issue huge amounts of treasury notes.

BASIS FOR 'NEW DEAL'

The factual and theoretical basis for the "new deal" may be found to a large extent in the two-volume report on "Recent Political Trends" prepared under the direction of Wesley Clair Mitchell at the request of former President Hoover.

The new statistics of income prepared by the Department of Commerce, with the co-operation of the National Bureau of Economic Research, further emphasize the long-term trend toward diffusing social income into the hands of the self-supporting and away from the idle rich.

One captain of industry, in alluding to the report, remarked:

"It shows that capitalism, in the sense that Karl Marx used the word, has ceased to exist. The radicals nowadays are attacking a mere ghost. Our present system may be aptly described as a competitive economic society, rather than as capitalism."

Insurance Sales Gain in December

NEW YORK, Jan. 23.—(Universal.)—Life insurance sales for 1933 were 14.1 per cent below 1932, but December sales were the best of the year. Such is the report made today by the association of life insurance presidents to the United States Department of Commerce.

NEW YORK CURB MARKET

NEW YORK, Jan. 14.—(AP.)—Following is the list of transactions on the New York Curb Exchange, giving all stocks and bonds traded (00 omitted in sales column of stock list; 000 omitted in sales column of bond list):

Death Notices 1

AYRES—Wednesday, January 24, 1934, at 1:20 a. m. MARTHA GRAYSON, widow of Dr. Samuel Ayres. Private services at the residence of her daughter, Mrs. James Madison Graves, 915 St. James street, Friday afternoon. Family earnestly request that no flowers be sent.

BUSH—Sunday, January 21, 1934, JOHN H. H., beloved husband of the late Sarah E. Bush. Funeral services at the James Loerie Memorial Home, 1407 Chateau street at Pennsylvania avenue, North Side, on Thursday, January 25, at 2:30 p. m. Friends and members of the Pride of West No. 159, Jr. O. A. M., are invited.

CLARK — ALEXANDER MAIN, Tuesday, January 23, 1934, at 2:05 a. m., at Geneva, Ill., son of the late Rev. Dr. Alexander and Anne Doughaday Clark. Survived by his wife, Agnes Burnett; three sons, George, Kenneth and Robert; two daughters, Mrs. Norman Hartman and Nellie Clark. Funeral at Wellsville, O., Friday, at 2 p. m.

DAILY—Tuesday, January 23, 1934, J. HERBERT, son of the late W. S. and Diana Huff Daily, in his 76th year, formerly of Brady Bend, Pa., brother of Mrs. C. J. Allison. Remains at the home of the A. S. Rodeniser Co., 300 North Highland avenue, East End. Services Friday afternoon at 2 o'clock.

DEWALD—January 24, 1934, Mrs. APOLONIA DEWALD, late of Rostock street, North Side. Funeral Friday from the Wm. Sirlin funeral home, 820 East Ohio street. Requiem high mass at St. Boniface's Church at 9 a. m. Workingmen's Beneficial Union No. 2 and friends invited.

ECKERT—Tuesday, January 23, 1934, FRANCIS HAUF, widow of Frank Eckert, mother of Mrs. Loretta Schoor, Mrs. Rose Lloyd and Estelle, late of 1302 Olivant street. Remains at Baker's East End mortuary. Time later. Members of Christian Mothers, C. D. A. and Catholic Women's Union invited.

FOURTH DEGREE

By K. S. DAIGER

(Continued from Yesterday)

CHAPTER XVIII

On the threshold stood a gentleman, dripping with rain, and with the water pouring from an umbrella which he carried in his hand.

"How do you do?" he said to Inspector Anderson.

"Why, Mr. Cleveland! How do you do, sir?" replied Anderson warmly, rising to his feet and shaking hands. "This is a surprise. Come right in and dry yourself out. Do you know my assistants here?"

This was Robert Cleveland, one of Baltimore's leading attorneys, at that time connected with the Attorney-General's office. He was tall and distinguished-looking. His eyes were of deep-set hazel and his gray hair was thick and curling. He was richly dressed in a gray lounging suit and he wore no overcoat. Not only was he wealthy and influential, but he was a man distinguished for his honesty as well as his ability at the bar.

Cleveland bowed pleasantly to me. "I don't know this gentleman," he said, smiling at Carroll.

Sorry for Paige

"This is Officer Carroll," introduced Anderson. "He is a comparatively new man on the force and I have him right under my wing for this investigation. We're going to make a first-class detective out of him."

"Then we must shake hands," said Cleveland, and he came forward and took Carroll's hand in a friendly clasp.

"Did you want to see me privately?" asked the Inspector.

"Oh, no; not at all. My business is of little importance and not at all private. I am, as you doubtless may know, an old family friend of the Paiges. I want to express by interest in this unfortunate tragedy and to offer such help as I am able to Randolph. I see by the story in the morning papers that the boy seems to have gotten himself into trouble—I am sorry—very, very sorry."

"It's mighty kind of you to come," responded Anderson quickly. "Mr. Paige has made a big mistake in not telling us the truth earlier. The police always find out these things sooner or later and then it makes us inclined to doubt everything that he later tells us. But infidelity is not murder by any means. If you want me to speak frankly——"

"Oh, please do," said Mr. Cleveland. "I beg of you to tell me exactly how matters stand! You can trust my discretion!"

"Frankly," began Anderson, "I'll have to admit that things do look bad for Paige—that is, the circumstances are most unfortunate—but really the worst thing I hold against him, and the most suspicious thing, is the hiring of this quack detective Kirk Judson!"

Judson Faces Arrest

Cleveland caught his breath sharply. "Kirk Judson!" he repeated. "Oh, Ranny couldn't have engaged that fellow. What in the world do you mean?"

"That's just the way it strikes me," said Anderson. "I feel compelled to believe that Mr. Paige has something to conceal or he would have employed a reputable lawyer to defend him and a reputable firm of detectives to investigate the circumstances surrounding his wife's death. He picked Judson for exactly one purpose—because he has something to hide and he wants Judson to help him do it. And surely you, Mr. Cleveland, in your position with the Attorney-General's office know that even better than I do."

Cleveland nodded his assent. "You're right, Inspector," he answered. "As a matter of fact, our office is just about ready to ask the Grand Jury to indict Judson. We know positively that he was the 'tip-off' man in the Clarke case and we want to talk to him, too, about a little matter of obtaining $20,000 under false pretences. But that's not ready for publication," he added sharply glancing at me. "We'll deny it if you publish it."

Anderson whistled. "Twenty thousand dollars! That much?"

"Easily. We've been on the trail for a long time and we're almost ready to move. We'll do the public a big service when we finally land that fellow behind the bars! He's as shady as they're made. I supposed you knew something of the matter?"

"Well, I do in a way. I had heard rumors, of course. In fact, Matthi mentioned the matter to me in a more or less sketchy way. I didn't realize, however, that you fellows really had the goods on him. We've had these false alarms before. But that explains why Judson was so anxious to get on this job. He's really out after a conviction this time—an honest-to-goodness one. He'll try to make good with the Department and try to trade us an arrest for his own immunity. I imagine that Paige had no option in the matter; Judson probably blackmailed him into letting him investigate. I begin to see daylight!"

Attorney Distressed

"That's right," agreed Cleveland. "I expect Judson never wanted to make good with the police as much in his life as he does at this moment. He'll dig up some clue in this murder—is probably on the trail now. He'll beat that indictment if there is any human way possible. Oh, I know the gentleman all right!"

"But, anyway, Mr. Cleveland," resumed Anderson, "it's unfortunate for Paige that he's engaged Judson. It hurts him in the eyes of the public as well as with the police. I suggest that if you are a personal friend of his that you advise him to discharge Judson and come clean with me. If he's innocent, I'll help him; if he's guilty, we'll find it out. Judson or no Judson."

"You're certainly right," agreed Cleveland with decision. "I'll talk to him at once though hitherto he has always disregarded my counsel."

And now looking at the lawyer closely I was amazed to see beads of sweat pouring down his face. He pulled out a handkerchief and wiped his hands and brows.

"This is a terrible thing to me," he explained. "It's knocked me out more than anything that's ever happened to me."

"Here, take a chair," said Anderson, resuming his own place and motioning Cleveland to a seat. For indeed the man seemed on the verge of collapse.

"Since you've been good enough to come, perhaps you will tell me something of the Paiges," began Anderson, abruptly changing the line of conversation: "How long have you known them?"

"Ranny ever since he was a baby," answered Mr. Cleveland. "His father and I were college mates. His wife, of course, only since her marriage. She was the sweetest—the loveliest——" his voice broke.

Asked About Neighbor

"I suppose you have no idea who is responsible?"

"Not the slightest."

"When did you see Mrs. Paige last?"

"Sunny?" Cleveland drew out a case of cigarets and lighted one with shaking hands. So great was his perturbation that he failed to offer any of us one—a great oversight in view of his faultless breeding. "Let me see—I saw Sunny last—oh, I can't fix the date exactly but it was at a tea here in the summer. I should judge about six weeks ago, maybe longer.

"What do you know of Mrs. Phelps?" shot Anderson.

To my surprise, Cleveland flushed a dull red.

"Mrs. Phelps?" he repeated. "Well, not a whole lot. I met her once—here at that very tea, I believe—but I've often heard Sunny speak of her as an intimate friend. I think they were very devoted to each other. But I don't know her at all, although it happens that we are neighbors. My house is located only a couple of miles from here, you know. I doubt that I should recognize her again. But surely you don't suspect her?"

"I suspect everybody and nobody," replied Anderson. "I'm merely seeking information, and surely you, of all people, must realize that general questions like these are merely a matter of form and are entirely fitting and proper under the circumstances."

Offers Advice

"Of course—of course——" murmured Cleveland, again mopping his brow. "I'm so terribly distressed by this dreadful affair!"

"That's natural," responded Anderson sympathetically. "Now, Mr. Cleveland, I can see that this conversation is upsetting you very much. Suppose we let it drop and after the funeral perhaps we can have another talk. Meantime, if you really want to help your friend, remember what I said about Kirk Judson and influence Mr. Paige to seek help elsewhere. I'm not joking or speaking lightly when I tell you that this is the worst possible move that he could have made."

"I'll do what you say," began Cleveland. "Thank you, Inspector, for talking to me and for being so frank. I'll see you soon again when I'm more myself."

He bowed abruptly and left the room. A moment later, watching him from the window, I saw him plunge out into the driving rain oblivious of the umbrella which he left behind on the hearth.

"A queer duck," I said.

"Terribly cut up over the thing," said Dickey Carroll.

But Anderson had a puzzled expression on his face as if he didn't get the combination at all.

We were interrupted by a sharp knock on the door and, scarcely waiting for a reply, an officer in plain clothes stepped in and handed the Inspector an envelope. Anderson ripped it open, gave a hasty glance at its contents, and then flung himself out of his chair with such violence that it overturned and crashed on the polished floor.

"My God!" we heard him murmur under his breath. Then to the officer——

"Get my car to the door without delay. Remember every second is precious. Come, boys, that dirty cur is double-crossing us! Grab your hats and let's be off!"

Synopsis

Sonia (Sunny) Paige, wife of socially prominent Randolph (Ranny) Paige, is found hanging by a silk dress cord from the chandelier in her boudoir. An autopsy reveals that Sunny had been suffocated first with the tassel of the cord and then hung. Mrs. Deane, the housekeeper, says the night of the tragedy was her night off and that Mrs. Phelps, a neighbor, was to spend the evening with Sunny. Inspector Anderson is furious when Ranny employs Kirk Judson, a shady private detective, to investigate the tragedy. Anderson and Judson decide to forget their antagonism and work together. Anderson questions Mrs. Phelps. A face peers in the window. Anderson thinks Mrs. Phelps tampered with Sunny's desk when the police sought the intruder. Anderson accuses Paige of substituting paste for the pearl in his wife's necklace.

After a Painting by Karl von Piloty

ANNE BOLEYN BEGGING FOR A LAWFUL TRIAL

The Reformation in England was a national movement in contrast to its local character in France and Germany. The way to reformation in England was prepared by Wycliffe (1324-1384), but the immediate cause of the break between England and Rome was the Pope's refusal to grant a divorce to King Henry VIII (1509-1547) from his first wife Catherine without a trial in Rome. Henry VIII received from the universities a statement qualifying his first marriage void and approving a second to Anne Boleyn (1533). Parliament declared the King head of the church and beneficiary of its revenues. Later Anne Boleyn was accused of monstrous offenses and beheaded (1536).

Alternating persecution of Catholics and Protestants (Anglicans) followed in England, according to the belief of the ruler.

ANOTHER EYE OR ANOTHER LIFE?

Discharging fireworks at random July 4 is by no means worthy commemoration of sacrifices of Revolutionary War heroes. Accidents in such "celebrations" cause regrettable losses yearly. Celebrate by worthy thoughts and deeds rather than by producing sound and light effects. (Character Building)

POPE PAUL III SANCTIONING SOCIETY OF JESUS

The Reformation resulted in closer union of Catholics, expressing itself in the founding of societies to counteract Protestantism. The most outstanding of these organizations was the Society of Jesus (Jesuits) founded by Ignatius de Loyola (1534). Their educational and missionary work became significant in the development of humanity.

Another counter agency was the Council of Trent, inviting Protestants to their meetings and endeavoring to bring them back to Catholicism.

Unfortunately peaceful means were not always employed to settle religious differences; there were unchristianlike dealings on both sides, creating doubt as to their sincerity.

ONE-TUBE RADIO RECEIVING SETS

Above: Antenna is coupled by transformer to oscillating circuit. "Tuning" to different wave length is done by adjusting position of secondary coil and changing capacity of variable condenser. Filament of triode valve (vacuum tube) is heated by 6-volt "A" battery regulated by rheostat (adjustable resistance). Grid is connected to secondary coil through condenser; plate to 22½-volt "B" battery through condenser. Fluctuations in grid-potential result in pulsating current in plate circuit producing sound in telephone receivers.

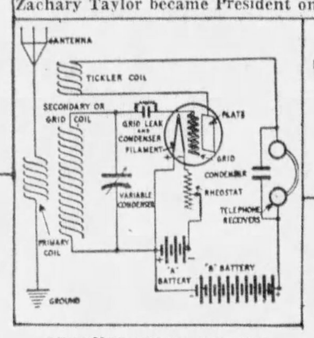
Right: Regenerative circuit, the plate current is led through a tickler coil, in the field of the secondary coil, boosting the current in the grid circuit which in turn magnifies the plate circuit. Result: stronger sound in telephone receivers. (Communication)

WHO GIVETH THIS MAN TO BE MARRIED TO THIS WOMAN?
I HEBBER HAB BERRY GOOD FINION OF AT GEMMAN BUT IF HE AX PARDON FOR ALL HE HAB DONE AND SAID AGIN US I WILL SHAKE HANDS WITH THE GEMMAN.
GO AHAN AND KISS THE BRIDE. THAT IS AN INDISTENSABLE PART OF THE CEREMONY.
COME HERE MY FLOWER YOU IS A GREAT STRANGER AND I WANT TO GET ACQUAINTED WITH YOU.

Contemporary Cartoon. Courtesy of the Yale University Press. (Pageant of America.

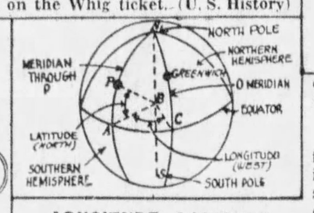
FREE SOILERS, LIBERTY PARTY FUSED ON SLAVERY

President James K. Polk's administration (1845-1849) is memorable for the Mexican War, Oregon settlement, re-enacted independent Treasury, lowering of tariff, admission of Iowa and Wisconsin as states, rejection of the Wilmot proviso (against slavery in annexed territory) by Senate, formation of Free Soil party (against increase of slavery) as result of evasive policy of the administration. They joined the Liberty party forming a third strong party, instrumental in the defeat of the Democrats at the 1848 election. Gen. Zachary Taylor became President on the Whig ticket. (U. S. History)



REGENERATIVE CIRCUIT

From "Everyday Electricity." Courtesy of Joseph R. Lunt and The MacMillan Co. (Lynde: Everyday Physics)



LONGITUDE, LATITUDE

Meridians are imaginary circles on earth through North and South Poles. The meridian through Greenwich (England) was chosen as 0. Longitude of a point P on earth is the angle ABC between the plane of its meridian with that of the 0 meridian (east or west). Latitude (astronomic) is angle ABP between plumb line at P and equatorial plane (north, south).

SPECTRUM ANALYSIS—KEY TO ATOMIC STRUCTURE

Light rays of different wave lengths are refracted under different angles by a transparent prism. The spectroscope, consisting of collimator (tube with slit, lens), prism (one or more) and telescope (tube with objective lens and eyepiece), produces an image of the slit by the dispersed light-beam, called spectrum, examined through the eyepiece (1). The angle with which the telescope is turned to center on each line of spectrum is measure of respective wave length.

Photographic plate inserted at focal plane of objective (apparatus called spectograph) takes picture of spectrum (2). View of spectroscope (3). Kirchhoff's laws: Incandescent solids, liquids, luminous gases under pressure produce continuous spectra. Luminous gas or vapor under low pressure gives spectrum of bright lines, characteristic for each chemical element present. Light traveling through a cooling gas loses energy of that wave length of radiation which the cooling gas would emit if radiating alone (absorption spectrum). By spectrum analysis, new chemical elements were discovered and composing elements of stars determined. (Chemistry)

Location of the Next War

Got talking to Cap Hawks the other day. The Cap has been in the air so long he has to sleep on a roost in a henhouse.

He told us about the plane of the future. They will go so fast that comets and meteors will be suburban locals.

He figures planes will toddle about 500 miles an hour with a pay load. We don't know what that means because nobody's pay has been a load for a long time.

Guess that the Cap is right. Everything points to aviation. They say the next war will be fought in the air. That may be so. But don't forget the referee will be on the ground.

You can battle all you want around the fringes of the clouds. You can drop bombs on hospitals, orphan asylums and day nurseries. And when you have tossed over the expanding eggs you still need the doughboys to come in and take the works.

The footsloggers will have to scramm forth and capture and consolidate the position. Even the fiercest aerial plastering is no more than an artillery preparation.

So wars will continue to be fought as per schedule. Knocking

over a brewery chimney may have been a tragedy in 1928. But we can spare a few now.

We see no difference between a shellacking from the air and one from a fleet of gunboats. Admiral Dewey didn't capture Manila until the boys went ashore. So we still require the four-minute orators to shill the youth into hayfooting for civilization, home and a postponed bonus.

Airplanes don't hamburger the lads in the bombproof cellars. When the planes fly away the enemy come out and resume their croquet games at the point of interruption. And that will be a fine point in future protocols and treaties. At what point is a croquet game interrupted?

All this gummicking and gabbister doesn't mean that The Bug is a military expert. But give us a war map and a lot of colored pins and we will turn out a pretty neat dress pattern. When it comes to guessing about the next war we can all take our blindfolded turn at tacking the tail on the paper donkey.

The truth about the whole thing is that the aviators want to scrap in the air, the Navy wants to do its work on water and the Army desires to fight 'em on the ground. And if you talk to a cavalryman he will convince you that the only munitions we require are a big, rusty saber and a bale of hay.

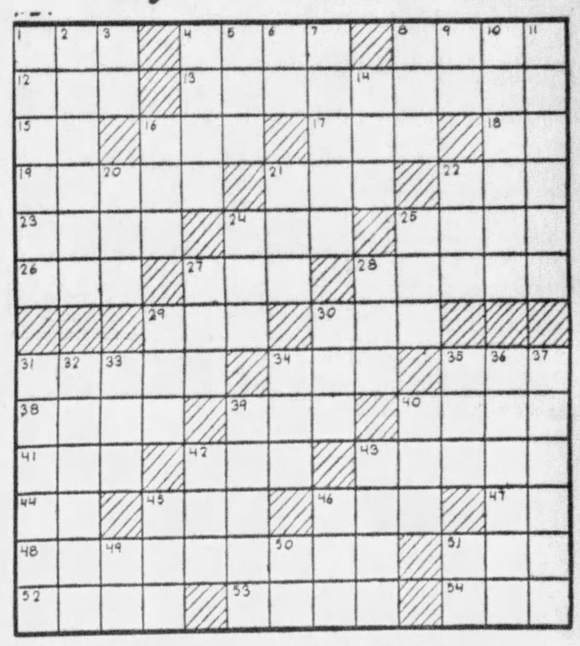
Today's Crossword Puzzle



HORIZONTAL

1—crowd
4—cut by striking repeatedly
8—stake in poker
12—Australian bird
13—impassioned speeches
15—plural pronoun
16—edible root of a tropical plant
17—sheltered side
18—like
19—church dignitary
21—moist
22—mineral spring
23—reclines
24—dance step
25—sustain
26—observed
27—grass cut for fodder
28—kicks a football before it touches the ground
29—place
30—popular craze
31—antitoxin
34—dressed pelt
35—cushion
38—dash
39—chess piece
40—firn
41—old horse
42—beam
43—strength
44—pronoun
45—cake
46—rowing implement
47—Egyptian sun god
48—not severely
51—Greek letter
52—Greek god of love
53—helps
54—elongated fish

VERTICAL

1—precious stones
2—feminine name
3—Greek letter
4—burn partially
5—prepared thigh of a hog
6—correlative of ether
7—becomes wan
8—grow old
9—Greek letter
10—vessel for serving tea
11—attempts
14—gain as clear profit
16—affirmative
20—moisture appearing on plants
21—method
22—source of light
24—strike lightly
25—undeveloped shoot
27—sing without words
28—established value
29—play on words
30—diversion
31—pertaining to old age
32—click beetle
33—waste piece of cloth
34—fairy
35—seat in church
36—reluctant
37—cause to run off the rails
39—Divinely supplied food
40—correlative of neither
42—regret
43—compensates
45—twice; in music
46—ancient
49—negative
50—note of the scale
51—Hebrew letter

Herewith is the solution to yesterday's puzzle:

The New Taxi Proposal

Competing Service Should Not Be Authorized Until After Careful Investigation

The Zone Cab Corporation of Cleveland proposes, if granted permission, to put taxicabs in operation in Pittsburgh in competition with the Parmelee System, which has a monopoly of taxi service here.

The Cleveland concern promises lower taxi rates than Pittsburghers now pay. Nevertheless the proposal should not be accepted until assurance has been obtained that it will not "sell out" at an early date.

Taxicab rates in Pittsburgh are higher than in most cities. The excuse given is that Pittsburgh is unusually hilly and that our residential districts are so far away from the downtown business district that cabs have a great deal of "dead mileage." But that is not the case in Philadelphia, which also has unusually high cab rates; consequently there is ground for suspicion that the complaisant attitude of the Public Service Commission is responsible for our high rates.

The Public Service Commission has favored the taxicab monopoly in Philadelphia as well as in Pittsburgh. Again and again it has refused the applications of companies desiring to establish competing service. The most recent action of this kind was on February 2, 1932; on that date the commission ruled as follows on the applications of the Peoples Blue Taxicab Company and the Hiland Taxicab Company:

"At the present time, when receipts of all taxicab companies are below normal, with no corresponding reduction in operating expenses, it would be contrary to the interests of the public for the commission to approve the beginning of a competitive service in the City of Pittsburgh, which would result in loss to and possibly destruction of the present taxicab companies, with no assurance that applicants would be able to operate profitably and continue to serve the public. From the evidence in this case, the commission is convinced that the approval of the present applications would result in the total destruction of organized taxicab service in the City of Pittsburgh."

Changes in the personnel of the Public Service Commission since that decision was handed down have altered its complexion considerably; it is believed not to be so partial to the established public utilities interests as it was at that time. The Cleveland concern's application may consequently receive a favorable reception.

Desirable as lower taxi rates would be, there are other considerations that must not be ignored. The Parmelee cabs, apparently finding business none too easy to get otherwise, spend much of their time cruising, in violation of a city ordinance.

When a taxi driver is paid a commission, or must drum up business himself, as he would have to under the Cleveland plan, he is under strong temptation to cruise, and that not in the outlying residential districts, but in the congested downtown business section, where cruising is most objectionable.

Before welcoming the Cleveland organization we should be given guarantees that these various evils will not be inflicted on us.

Deaths of Two Jurists

Useful Citizens Are Lost in the Passing of Judge Evans and Judge Snee

Pennsylvania lost two useful citizens yesterday in the deaths of Judge John A. Evans and Judge Sylvester J. Snee, of the Common Pleas Court.

Judge Evans was 81 and had been in ill health for some time; nevertheless it came as a shock to learn that the venerable jurist had died. He retired several years ago, but had been consulted since then and in September, 1932, took the place of Judge Joseph M. Swearingen, who was ill, at the opening of the fall term of court.

The esteem in which the people of Allegheny County held Judge Evans is indicated by the fact that they kept him on the bench for more than 30 years.

The sudden death of Judge Snee was an even greater shock, for he was only 57 years old and had appeared to be in good health. It is a remarkable fact that he should have died on the same day as the jurist to whose place he succeeded on the Common Pleas bench.

Judge Snee's judicial career, though comparatively short, was of a character to win him the respect of the people.

The passing of the two jurists is cause for mourning.

The Last Log School

With Its Passing the State Should Also Get Rid of Antiquated Forms of School Government.

The State Department of Public Instruction reports that the last remaining log schoolhouse in Pennsylvania has been destroyed by fire. It was the Swartz School in Juniata County, was built 75 years ago, and is being replaced with a building of modern type by CWA workers.

We would like to take the passing of this antiquated structure as an omen, portending the passing of the antiquated forms of government that went with log houses, oxcarts and other old-fashioned things.

The independent country school districts, of which we have more than a hundred in Allegheny County, each with its board of directors, solicitor, auditor and tax collector, should be consolidated. They were useful when log schoolhouses were built, but are now not only unnecessary but are inefficient and unduly expensive to the taxpayers.

Speeding Up Justice

It Is Encouraging to Find Lawyers Co-operating in Expediting the Business of the Courts.

There are about 5,000 cases on the calendar of Common Pleas Court. That means that if the business of the court were to proceed at its customary tempo a suit would not come to trial until two years or more after it had been filed. But the judges have decided to expedite the business of the court, in an effort to bring new cases to trial within six months. They deserve praise for this creditable undertaking.

It is encouraging to find attorneys co-operating with the bench in the effort to speed up justice. This increases the prospects of success.

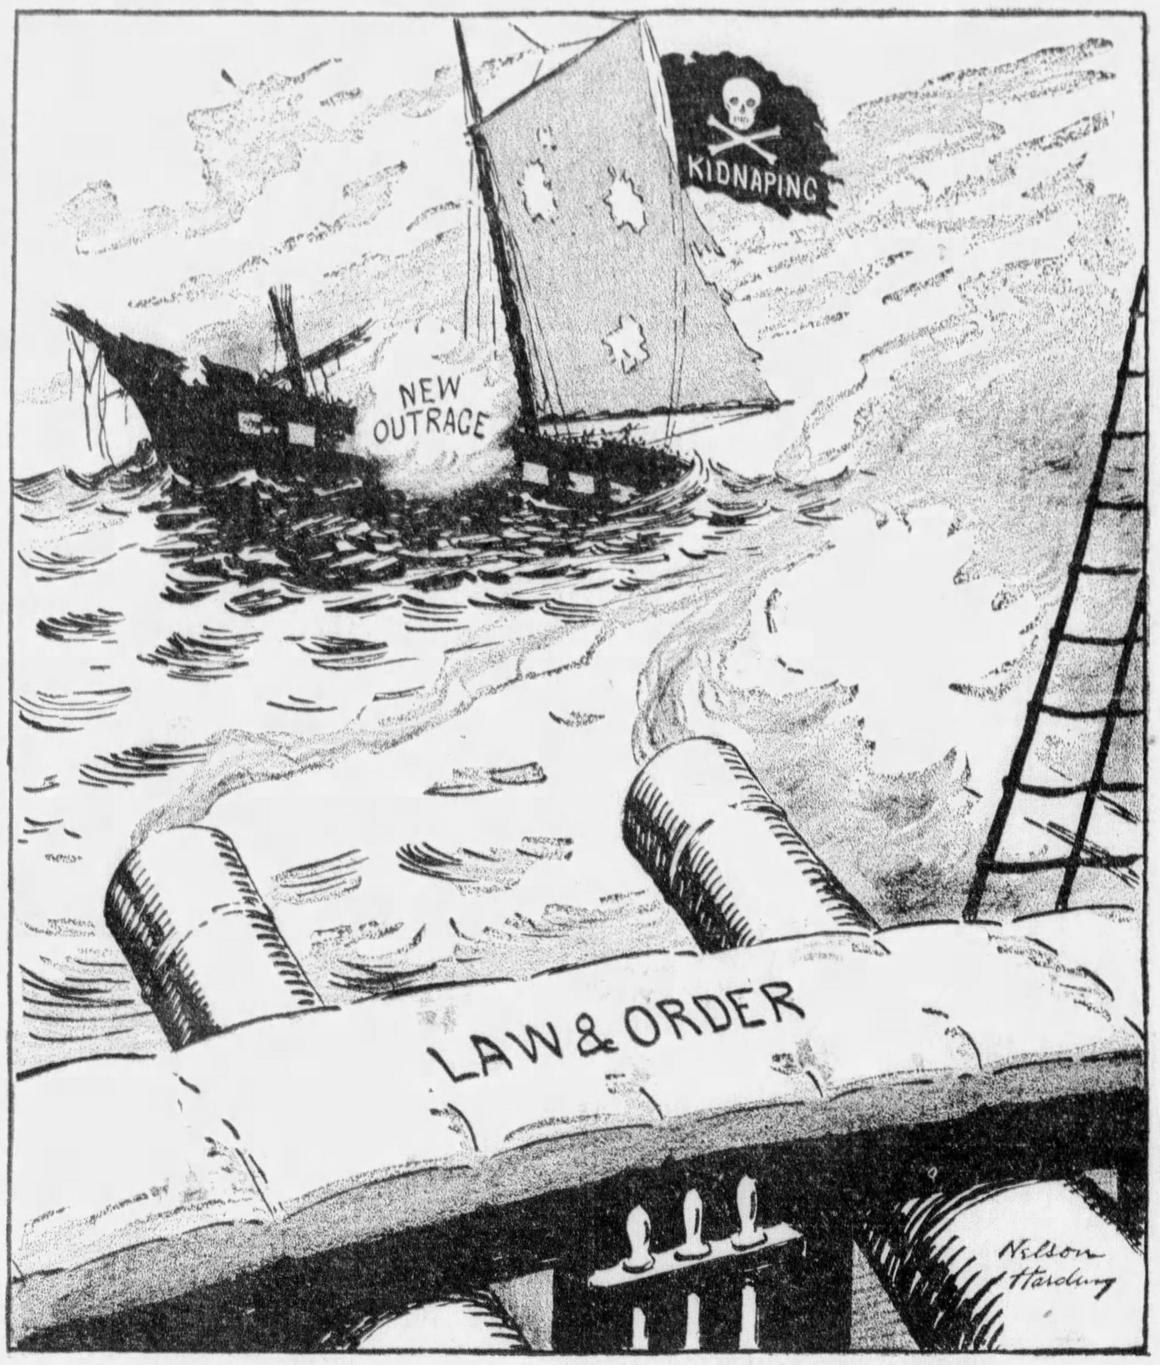
The judges intend to work longer. The full court probably will be in session 40 weeks a year, instead of 30. The help of visiting judges will be enlisted, also.

The lawyers can do much to aid in this commendable movement. They can save the time of the court, for example, by agreeing in advance of the trial on the facts concerning which there is no dispute.

Let bench and bar continue to work together for this praiseworthy aim with the zeal and earnestness with which they have started, and the reproach of "the law's delay" will lose its force.

Crippled, But Not Sunk!

By Nelson Harding



Though battered by the warship's guns
The pirate, still defying
The fighting power of the Law,
Keeps skull and crossbones flying.

Let every gun be brought to bear,
And let the broadsides thunder
Until that black and evil flag
And craft and crew go under!

NEW YORK DAY BY DAY

By O. O. McIntyre

NEW YORK, Jan. 24.—New York's most tireless party attender is doubtless Maury H. B. Paul, whose nom de fantasie over society columns is Cholly Knickerbocker. A bounding, cherubic bachelor, he might be Stephen Leacock's horseman who vaulted his mount and rode off in all directions.

He is among the new society editors to grace the Social Register, and although his pen upon occasions is tipped with vitriol, he rarely offends his silky audience. It is likely many years since he has been out after dark without high hat and other complements of full evening dress.

In his incessant giddyap he may attend a flock of cocktail parties in an afternoon, drop in at a dozen dinner parties that same night and be at the finish of several after-theater triumphs of civilization. These intrusions do not prevent him from turning out several columns daily and a few pages Sunday.

Paul lives with his mother in the Sutton place section and journeys to the Riviera and Palm Beach with seasons. Instead of becoming wan, he grows ruddier, appearing always in a well-barbered glow of good health. And few writing men get so much fun out of their chore.

* * *

Edward Hope Coffey, who deserted columning to become a working expatriate along the Cote d'Azur, returned to town to find his novel "She Loves Me Not" dramatized into Broadway's most successful comedy. Coffey is one of the bright young men out of Bruce Barton's advertising agency who turned to columning under the pseudonym Edward Hope, then tackled the magazines and, like George Ade, at 38 finds himself in position to retire if he chooses.

* * *

He is one of those seceders from responsibilities—the astonishing sort who luxuriates without apparent source of income. There are no sinister whispers about his career, he does not gamble, drink or have elderly feminine attachment that suggests the gigolo. He may be seen at Lindy's one night and the Colony the next. Always courteous and in respectable company. New York has dozens of his kind to add piquant mystery to metropolitan life and manners.

* * *

The grassy plot around St. Patrick's Cathedral is one of the restful spots in the mid-town hurrah. Now and then a strolling priest in a shovel hat. Gold shafts of light through the vesperal dusk of the church and around the eaves pigeons wheeling in flight. Cathedral pigeons know their friends who call in the evening, swooping down to meet them. One especial old lady in black is quickly covered with lavender-throated cooers when she arrives with her paper sack.

* * *

The nimble Fred Astaire, after a taste of "moom pitchers," liked its tang. When he completes his London theatrical engagement with Claire Luce he is nipping back to Hollywood for a more important role. Someone tells me Astaire, when no one is looking, keeps in physical trim by wandering around his apartment leaping over chairs, tables and divans. And chinning himself on a shower-bath bar.

* * *

In his juggling days, W. C. Fields—who was doing dumb stuff when Harpo Marx was in unmentionables—was in almost constant rehearsal. I remember in my old Midnight Frolic press agentries how every morning at 9, Fields arrived to rehearse what appeared a casual comic cliche. A rubber billiard ball he cued would hit the cushion and rebound into his hip pocket. The stance and timing had to be of eyelash closeness. He performed it with such nonchalance it appeared his easiest trick. Yet it was practiced for nearly a year before the public saw it.

* * *

And I wonder what the theater's collapse has done to Shorty, Fields' gnome-like and putty-nosed stooge, always a part of his act? He was Fields' dresser, masseur, handy-man and personal jester. So fervent was his enthusiasm for his employer he would dress quickly and join the stage door gapers just to see Fields walk out to his car.

* * *

McCormack Brothers Silver Plate Circus incubated in our town and every boy was circus conscious. Mastering trick bicycle riding and the tight wire in a fashion, I turned to Indian clubs, and at one time could keep four in the air. One day in the back yard something happened and all four cracked my conk with a resounding succession of plinks. I came to with grandma fanning me. "Anyway," she sighed, "This may keep you from going up in balloons!"

LISTEN, WORLD!

By Elsie Robinson

What Are You Building?

Got up blue. Was wondering what the heck. Began looking through some old trade journals. Ran across this story, and it yanked me out of a tail-spin! Maybe it will do the same for you.

"A poet once strolling near the outskirts of a large city came upon a stone quarry. For a time he watched the operations in the big hole—the blasting, the removal of stone out of the pit, and finally the actual cutting of the stone. After a time, the poet engaged the workmen in conversation. He asked three men the same question, 'What are you doing?' The first said 'Earning $5.00 a day.' The second replied, 'Cutting stone.' However, the third paused before he answered, and then, with a sparkle in his eye, proudly stated that he was building a cathedral".

"WHAT AM I BUILDING? WHAT'S IT ALL ABOUT? WHERE IS ALL THIS WORK AND WORRY GETTING ME?"

Each day you ask these questions with increasing bewilderment; sometimes with sick anger and despair. And you're not alone. Everywhere other people are wondering the same thing about their lives.

Walk down the street. Look into the eyes you pass. Deep in those eyes, under the laughter or the excitement, back of the curiosity or sadness, lies the shadow of that bewilderment.

Life's too short! A few years and then we're over. And we want, so desperately, to make our mark before it is too late. Each one of us wanting to make his or her mark. But what chance? Life's so crowded, so hurried! How much can any one man or woman, or the work of any one man or woman, matter?

"WHAT AM I BUILDING? AM I BUILDING ANYTHING? DO I AMOUNT TO ANYTHING? IS ANYTHING WORTH WHILE?"

Standing over your dishpan—bending over your filing cabinet—plodding down through the mud and mist, to the south pasture—fighting your way through the subway crowd to your shabby niche in some office building, those questions pick and pester like malicious ghosts.

And where's the answer? You look for it in vain in sink or card file, hay rack or ledger. Yet there, in those monotonous chores, lies the record of your life.

"That's all I amount to!" you say drearily to yourself. "After all my fine dreams, this is where I've landed. Wasting my life over jobs that don't mean a thing to me or anyone else."

That's what you're saying and thinking, isn't it? And each time you say it you feel a little duller, a little more discouraged, and something in you cries out more bitterly at the humiliation and futility of it all. Just as something in those stone-cutters cried out against the senselessness of spending precious life hacking at stone.

But one man saw the truth. His back ached, as theirs ached. He, too, was blinded by grime and sweat. He, too, must have longed to throw down his tiresome tools and be off to those great, free adventures he had dreamed of as a boy. Yet, in spite of all that, he saw—beyond the dreariness, drudgery and discouragement; above the darkness of a quarry pit—through to the towering glory HIS work was making possible.

HE WAS NOT JUST CUTTING STONE. HE WAS BUILDING A CATHEDRAL! HE WAS NOT MERELY HEWING ROCK OUT OF A MOUNTAIN SIDE. HE WAS RELEASING BEAUTY AND WONDER AND ECSTACY IN THE HEARTS OF MEN! HE WAS CLEARING A WAY FOR GOD!

And because he saw that truth, "the Truth had set him free"—as it always does. It had set him free from resentment and bewilderment, drudgery and discouragement, and had filled him with pride and contentment and a growing sense of power.

His job was as monotonous as the job of the other workers—

BUT LIFE HAD MEANING, BECAUSE HE HAD HAD THE COURAGE TO STAND UP AND LOOK, THROUGH ALL THE MURK, FOR THAT MEANING.

You, too, can either "cut stone," or "build a cathedral." You, too, can waste your life in resentment and humiliation over dishpans, shovels, ledgers, filing cabinets.

OR YOU CAN BE A 1934 PIONEER, TAKING YOUR PLACE IN THE NEW ARGONAUTS' TRAIL, HELPING TO BUILD AMERICA — CLEARING THE WAY FOR GOD!

(Copyright, 1934, King Features Synd., Inc.)

MARRY-GO-ROUND

By Helen Rowland

One Drink at a Time

"It's funny!", remarked the Ex-tippler, "A lot of cool-blooded gentlemen, who never were tempted to touch a drink in their lives, seem to have been selected to formulate the 'liquor control' laws in different states.

"That reminds me of most of these eminent psychologists who write books on love, marriage and sex. One look at their photographs, and you know that it's all THEORY with them. They simply COULDN'T have had any experience!

* * *

"Now MY idea," continued the Ex-tippler, "would be for these cool-blooded, irreproachable gentlemen to call in a lot of Old Soaks for consultation and let the hard drinkers tell them just where the pitfalls and temptations lie and how liquor should be 'controlled.' The rummies could discuss the question with authority and enthusiasm.

* * *

"There are thousands and thousands of hard drinkers in this country today, who were only soft-drinkers before the Noble Experiment. And THEY know how they GOT that way!

* * *

"I can remember away back, just before the Eighteenth Amendment went into effect—how the Little Wife decided to 'lay in stock' against the Big Drouth. She'd have a good wine-cellar, with enough sherry and claret and good whisky for all medicinal and social purposes for years.

* * *

"Woman didn't like the taste of liquor then; and the Wife said it burned her tongue. So I was appointed official taster. That was my finish. I worked so conscientiously at the testing job, that the Wife had to replenish the family 'stock' three times before prohibition became effective.

* * *

"It was the BOTTLE IN THE HOUSE that did the trick!

"NO non-drinker can make safe and sane laws for drinkers. That's why I say, call in the Old Soaks and let them give these theorists the real low-down. Get the bottle OUT OF THE HOME!

* * *

"Let a man buy ONE DRINK AT A TIME!"

Human Side of the News

The "Sea Serpent" of Loch Ness—The "Curse" For Tampering With King Tut's Tomb

By Edwin C. Hill

NEWS PICTURE cameramen, hastily sent to Scotland by the old Thunderer of Fleet Street, the London Times, prowl for days along the shores of Loch Ness, one of the series of lakes which connect the North Sea with the Atlantic coast. Their assignment is a strange one, even for newspaper cameramen, for they are under orders to find and photograph a creature which should have been extinct millions of years ago, one of the family of dragons which once were lords of the earth.

Day after day they lug their heavy camera equipment along the 22 miles of Loch Ness' length, peering over its steely waters, and with no result. And then, just as they are about to abandon the curious adventure, they detect, far out in the lake, something dark and moving, something enormous, something they cannot put a name to. Shaking with excitement, they rig up the camera and train it on the creature which is disturbing the waters, breaking the surface in long swells, something with a weirdly small, snake-like head and a long, swan-like neck and a vast, sinuous body.

And they get a picture, at long range, of some sort of creature which is listed in the natural history books, and belongs in the domain of legend. They get a picture of the famous sea serpent of Loch Ness.

* * *

Little Doubt Of Its Existence

SO INTO the news he comes again, this survival of the old dragons. That he exists, whatever he is, there can no longer be much doubt. The chief constable of Aberdeenshire has issued orders that no man may shoot or otherwise molest this monstrous amphibian which has been seen churning the lake, and whose footprints have been marked on the strand of the lake.

His huge bulk is taken for granted, and gentlemen arise in the sedate House of Commons and question the ministry about him.

Hundreds unite in testimony that they have seen him—ministers, naval officials, fishermen, farmers, sportsmen, newspapermen. Tourists from all over the British Isles are flocking to Aberdeenshire and to Loch Ness, eager to get a glimpse of this marine monster which is no longer legendary—fifty feet long—stupendous, appalling.

This extraordinary incident might suggest that even sincere scientists are often too hasty in assuming the impossible on this old earth, or in the seas which lave it.

The great dinosaurs have passed. Tyrannosaurus Rex, the king tyrant lizard, the most destructive life engine ever evolved, is imbedded in the strata of millions of years ago. Gone also is brontosaurus, the thunder lizard, which was a hundred feet in length, weighed forty tons, and was the largest beast that ever walked the earth. But the sea serpent of Loch Ness is of their blood and kin, and one imagines that doors are locked tight and prayers are said very prayerfully along the shores of that link of the lovely Scottish lakes.

* * *

The Violation Of Tut's Tomb

TWELVE YEARS ago, in the Valley of the Kings in old Egypt, Arab workmen, toiling under the watchful eye of English overseers, broke into the hitherto unviolated tomb of a king who reigned in Egypt more than 3,000 years ago. They came, finally, through a series of gorgeous chambers, to the last resting place where the king, Tut-Ankh-Amen, and his queen lay wrapped in gold, and all about them such lovely objects of gold and precious stones as men hadn't laid eyes on for long centuries. A treasure trove of the ages.

Thrilled and dazzled by the marvel of their find, the white men who directed the expedition which had found and opened the tomb of Tut-Ankh-Amen observed with only passing interest the legend written on the wall of the chamber where lay the king of ancient days:

"Death shall come on swift wings to him who toucheth the tomb of Pharaoh."

A little later the British nobleman, George Edward Stanshope Molyneux Herbert, Earl of Carnarvon, who organized and financed the expedition, died suddenly at Cairo from an insect bite, so the world was told. And presently Howard Carter, noted Egyptologist, Lord Carnarvon's aide in the expedition, was stricken with some mysterious malady, the victim of some unnamed poison. He recovered after a long illness.

And then began a series of inexplicable fatalities. The Hon. Reginald L. Wendell, secretary of Lord Carnarvon and his wife's own brother, died suddenly. The death list grew and grew, until just the other day, the twentieth man of those who had part in breaking open the tomb which was sealed by a warning and a curse passed from life at the age of 53—Arthur Edward Weigall, distinguished author of "Cleopatra," "Marc Antony," "Sappho of Lesbos" and "Alexander the Great."

According to English newspapers, there was something mysterious about the illness which killed him. The cause of it could not be traced.

Although Howard Carter, one of the three surviving members of the expedition, derides any suggestion that King Tut-Ankh-Amen or his priests could have invested the tomb with a curse which could kill after 3,000 years, or that there was any possibility of death-dealing germs having been placed in the tomb when it was sealed 30 centuries ago, the uneasy feeling remains that there is something about the opening of the tomb, its violation, stripping it of its treasures, which is just beyond the horizon of human reason, just outside the drawn circle of the rational.

Aeronautics Bureau Victim Of Political Control

By James T. Williams, Jr.

ONE of the mysteries of the Roosevelt administration is the tragic fate which has befallen the aeronautics branch of the Department of Commerce.

Its creation was authorized by Congress in the air commerce act of 1926. Congress by that act gave to the Secretary of Commerce tremendous power and imposed upon him tremendous responsibility.

His was the power to establish, organize and administer the aeronautics branch, through which he was charged with the responsibility of promoting and regulating air commerce.

Because of the immense importance of the task, Congress created the office of Assistant Secretary of Commerce for aeronautics that the secretary might have an assistant especially qualified and selected for the sole purpose of aiding him in administering the details connected with his new duties.

Soon after the enactment of this legislation the aeronautics branch was organized under President Coolidge. He took the greatest interest in its growth and development. He watched with pride the care with which its highly technical staff was drafted.

* * *

Standards Bureau Served as Model

THERE was a model to go by in the Bureau of Standards, which is also under the Department of Commerce. This bureau was created by Congress in 1901 to develop, construct, conserve and maintain reference and working standards in science, engineering, industry and commerce. Under the air commerce act it was given the further duty of advising the aeronautics branch in carrying forward research and development work, to include air navigation facilities.

What President Coolidge achieved in the setting up of the aeronautics branch on a non-political basis and with a trained and experienced personnel, selected in disregard of every partisan political or private interest and with a view solely to the protection of the public interest, President Roosevelt has achieved in the establishment of the Tennessee Valley Authority.

Yet while the Tennessee Valley Authority is going bravely forward to new triumphs, under the protection of the President, the aeronautics branch is steadily succumbing to political control and personal favoritism. Its fine morale has been shattered. Its veteran experts are being "let out."

To evaluate the gravity of this administrative catastrophe, the jeopardy it threatens to the safety of all who travel by air, its crippling the national defense and lowering the prestige of one of the most progressive administrations which the White House has ever sheltered, is not easy for the public to comprehend. There are two reasons why it is not easy.

* * *

Aeronautics Work Highly Technical

THE first of these reasons is because the work of the aeronautics branch is as highly technical as is that of the Army Air Corps, the Naval Bureau of Aeronautics, the Bureau of Lighthouses or the Bureau of Standards.

The second of these reasons is because the aeronautics branch is by many years the youngest of these agencies, and the fruits of its early years are just beginning to be shared by all the millions who live up and down the federal airways and who use them for travel or communication.

As Clarence M. Young, the able Assistant Secretary of Commerce for aeronautics, said in his final report in 1932:

"It was but six or seven years ago that there was any real organized and comprehensive effort to develop civil aeronautics; five years ago that scheduled operation with transportation of mail was undertaken by private enterprise; and only about three years ago since a similar effort was devoted to the transportation of passengers. In the period of time the United States has moved up to world leadership in civil and commercial aeronautics. Also in the last six-year period, or during the existence of the aeronautics branch, the Department of Commerce has built an airways system in the United States the like of which exists in no other country or group of countries in the world."

Whether this seventh wonder of the world is to be completely sacrificed to the lust of pork-barrel politicians, to the greed of publicity seekers and to the rapacity of the janissaries of special privilege is the question raised by the series of so-called "reorganizations" staggered over the last six months, to which the aeronautics branch has been subjected.
